Brown, 2022-09-04 Praise for 44 Days What if Alexis de Tocqueville were fluent in Mandarin and traveling through China by backpack and bullet train He would record every encounter and analyze China's national character with remarkable lucidity He would produce a book full of telling insights that functioned like a five dimensional chess game It would be a guide book travel companion memoir political history and plain old pleasure for someone who likes their prose with pith in it Oklahoma's latter day Tocqueville Jeff J Brown is one hell of a good story teller and traveling with him deep into China is an adventure not to be missed Thomas Bass Author of *The Spy Who Loved Us* *Vietnam* *Camping with the Prince* *Reinventing the Future* and *The Eudaemonic Pie* 44 Days is a delightful romp through a changing China and Jeff Brown is an excellent guide John Pomfret author of *Chinese Lessons* *Five Classmates* and *The Story of the New China* 44 Days is a fascinating exploration of the people of China and the land in which they live Brown is very knowledgeable of China's government and the country's millennia old history He obviously enjoys not just his travels but the people he meets While he journeys we journey with him Jeff Brown is an intelligent articulate and entertaining writer and 44 Days is absolutely enthralling I highly recommend it Mick Winter author of *Cuba for the Misinformed* Facts from the *Forbidden Island* Much more than just a travelogue 44 Days is an intimate dialogue with China's peoples their histories regions economies cultures work foods and future Unabashedly iconoclastic and a contrarian's delight Jeff brings down many a golden calf as he writes as few travelers do putting China's relations and rapid arc of development in perspective with the United States and Europe making 44 Days a fascinating and unique approach to today's critically important world affairs

Traveling over 12 000km by train and bus walking hundreds more while climbing a few of those in vertical ascent join Jeff as he reports from the ground up on the greatest socioeconomic transformation ever seen 21st century China our planet s soon to be greatest superpower How will Baba Beijing China s central government behave while honoring its 2 200 year old Heavenly Mandate for 20% of the human race After 500 years of being masters of the world what will the great historical Industrial Age powers do in response adapt or lash out All of our standards of living and lifestyles even our species survival depend on these soon to be events Funny enlightening with an eye for the right details 44 Days provides unique perspectives to these new century issues It will keep you amused and thinking as Jeff takes you traveling in across and over five wild and wooly Western China provinces face to face with the local people Includes 125 photos maps and charts Read less *The Castro Complex* Mel Arrighi,1971 THE STORY Smitten by fantasies of Fidel Castro Betsy finds that she cannot respond to the advances of her fiance Hadley unless he assumes the guise of the Cuban leader beard army cap cigar and all Hadley has reached the point of suggesting p **The Works of Henry Vaughan** Henry Vaughan,1914 [The New America](#) Brighten Cambridge,2007-11 This book is an inquiry with God regarding some tough questions we humans have been reluctant to ask It comes out of a background in which the author has had his job threatened and his integrity as a Christian doubted because of questions he has asked regarding what both religion and society have told him is true The author believes that we still live in the dark ages of relationships because we have been afraid to ask those questions that had we asked and found answers to them could have delivered us from the kind of suspicion distrust and hatred that permeates life around the world The author calls into question the very purpose of some religions because they have often placed shackles on the best resource God has given us which is none other than our magnificent brains Some religious leaders claim to know everything humans will ever need to know and therefore require their followers to accept without question what they tell them to believe This claim is nothing other than an attempt to play God for it is only God who knows all there is to know By limiting ourselves to knowledge given in the past we have no chance to discover truth that continues to evolve in many different areas of life The intention of this book is to help us realize that it is okay to ask God some tough questions and that it is through asking about things we do not yet understand that life will become more meaningful not only for us but for those with whom we live
