Williams, 2008-02-05 Students and teachers of African American literature will enjoy this one of a kind volume      Records and Briefs of the United States Supreme Court, 1832      **Richard Wright** Keneth Kinnamon, 2006-03-13 African American writer Richard Wright 1908 1960 was celebrated during the early 1940s for his searing autobiography *Black Boy* and fiction *Native Son* By 1947 he felt so unwelcome in his homeland that he exiled himself and his family in Paris But his writings changed American culture forever and today they are mainstays of literature and composition classes He and his works are also the subjects of numerous critical essays and commentaries by contemporary writers This volume presents a comprehensive annotated bibliography of those essays books and articles from 1983 through 2003 Arranged alphabetically by author within years are some 8 320 entries ranging from unpublished dissertations to book length studies of African American literature and literary criticism Also included as an appendix are addenda to the author's earlier bibliography covering the years from 1934 through 1982 This is the exhaustive reference for serious students of Richard Wright and his critics      *At Home In Diaspora* Wendy W. Walters, Although he never lived in Harlem Chester Himes commented that he experienced a sort of pure homesickness while creating the Harlem set detective novels from his self imposed exile in Paris Through writing Himes constructed an imaginary home informed both by nostalgia for a community he never knew and a critique of the racism he left behind in the United States Half a century later Michelle Cliff wrote about her native Jamaica from the United States articulating a positive Caribbean feminism that at the same time acknowledged Jamaica's homophobia and color prejudice In *At Home in Diaspora* Wendy Walters investigates the work of Himes Cliff and three other twentieth century black international writers Caryl Phillips Simon Njami and Richard Wright who have lived in and written from countries they do not call home Unlike other authors in exile those of the African diaspora are doubly displaced first by the discrimination they faced at home and again by their life abroad Throughout Walters suggests that in the absence of a recoverable land of origin the idea of diaspora comes to represent a home that is not singular or exclusionary In this way writing in exile is much more than a literary performance it is a profound political act Wendy W Walters is assistant professor of literature at Emerson College      *The Crime Fiction Handbook* Peter Messent, 2012-11-28 The *Crime Fiction Handbook* presents a comprehensive introduction to the origins development and cultural significance of the crime fiction genre focusing mainly on American British and Scandinavian texts Provides an accessible and well written introduction to the genre of crime fiction Moves with ease between a general overview of the genre and useful theoretical approaches Includes a close analysis of the key texts in the crime fiction tradition Identifies what makes crime fiction of such cultural importance and illuminates the social and political anxieties at its heart Shows the similarities and differences between British American and Scandinavian crime fiction traditions      The Rebel Café Stephen R. hothouses for left wing bohemians The art and antics of rebellious figures in 1950s American nightlife from the Beat Generation to eccentric jazz musicians and comedians have long fascinated fans and scholars alike In *The Rebel Caf* Stephen R Duncan flips the frame focusing on the New York and San Francisco bars nightclubs and coffeehouses from which these cultural icons emerged Duncan shows that the sexy smoky sites of bohemian Greenwich Village and North Beach offered not just entertainment but doorways to a new sociopolitical consciousness This book is a collective biography of the places that harbored beatniks blabbermouths hipsters playboys and partisans who altered the shape of postwar liberal politics and culture Touching on literary figures from Norman Mailer and Amiri Baraka to Susan Sontag as well as performers ranging from Dave Brubeck to Maya Angelou to Lenny Bruce *The Rebel Caf* profiles hot spots such as the Village Vanguard the hungry i the Black Cat Cafe and the White Horse Tavern Ultimately the book provides a deeper view of 1950s America not simply as the black and white precursor to the Technicolor flamboyance of the sixties but as a rich period of artistic expression and identity formation that blended cultural production and politics What emerges in these pages is nothing less than a comprehensive psycho social geography of an underground counter culture of black and white jazz musicians leftists poets artists beatniks gays and lesbians and other people of the demi monde

*All About Jazz*     [Blowin' Hot and Cool](#) John Gennari, 2010-09-15 In the illustrious and richly documented history of American jazz no figure has been more controversial than the jazz critic Jazz critics can be revered or reviled often both but they should not be ignored And while the tradition of jazz has been covered from seemingly every angle nobody has ever turned the pen back on itself to chronicle the many writers who have helped define how we listen to and how we understand jazz That is of course until now In *Blowin Hot and Cool* John Gennari provides a definitive history of jazz criticism from the 1920s to the present The music itself is prominent in his account as are the musicians from Louis Armstrong and Duke Ellington to Charlie Parker John Coltrane Roscoe Mitchell and beyond But the work takes its shape from fascinating stories of the tradition s key critics Leonard Feather Martin Williams Whitney Balliett Dan Morgenstern Gary Giddins and Stanley Crouch among many others Gennari is the first to show the many ways these critics have mediated the relationship between the musicians and the audience not merely as writers but in many cases as producers broadcasters concert organizers and public intellectuals as well For Gennari the jazz tradition is not so much a collection of recordings and performances as it is a rancorous debate the dissonant noise clamoring in response to the sounds of jazz Against the backdrop of racial strife class and gender issues war and protest that has defined the past seventy five years in America *Blowin Hot and Cool* brings to the fore jazz s most vital critics and the role they have played not only in defining the history of jazz but also in shaping jazz s significance in American culture and life

**American Road Narratives** Ann Brigham, 2015-06-29 The freedom to go anywhere and become anyone has profoundly shaped our national psyche Transforming our sense of place and identity whether in terms of social and economic status or race and ethnicity or gender and sexuality American mobility is perhaps nowhere more vividly captured than in the image of the open road From pioneer trails to the latest car commercial the road looms large as a form of expansiveness and opportunity Too often it is the celebratory idea of the road as a free floating zone moving the traveler beyond the typical concerns of space and time that dominates the discussion Rather than thinking of mobility as an escape from cultural tensions however Ann Brigham proposes that we understand mobility as a mode of engagement with them She explores the genre of road narratives to show how mobility both thrives on and attempts to manage shifting conflicts about space and society in the United States From the earliest transcontinental automobile narratives from the 1910s through classics like Jack Kerouac's *On the Road* and the film *Thelma Louise* up to post 9 11 narratives Brigham traces the ways in which mobility has been imagined created and interrogated over the past century and shows how mobility promises and threatens to incorporate the outsider and to blur boundaries Bringing together textual and cultural analysis theories of spatiality and sociohistorical frameworks this book offers an invigoratingly different view of mobility and a new understanding of the road narrative's importance in American culture Choice Outstanding Academic Title from American Library Association
