Flashman in the Great Game George MacDonald Fraser, 1975 **Flashman at the Charge** George MacDonald Fraser, 1983 **The Great British Dream Factory** Dominic Sandbrook, 2015-10-01 SPECTATOR BOOKS OF THE YEAR 2015 Britain's empire has gone Our manufacturing base is a shadow of its former self the Royal Navy has been reduced to a skeleton In military diplomatic and economic terms we no longer matter as we once did And yet there is still one area in which we can legitimately claim superpower status our popular culture It is extraordinary to think that one British writer J K Rowling has sold more than 400 million books that Doctor Who is watched in almost every developed country in the world that James Bond has been the central character in the longest running film series in history that The Lord of the Rings is the second best selling novel ever written behind only A Tale of Two Cities that the Beatles are still the best selling musical group of all time and that only Shakespeare and the Bible have sold more books than Agatha Christie To put it simply no country on earth relative to its size has contributed more to the modern imagination This is a book about the success and the meaning of Britain's modern popular culture from Bond and the Beatles to heavy metal and Coronation Street from the Angry Young Men to Harry Potter from Damien Hirst to The X Factor **The Historical Novel** Jerome De Groot, 2009-09-10 The historical novel is not only an immensely popular genre but also one that raises fascinating questions about the nature of key

foundational concepts such as fact and fiction history reading and writing This wide ranging guide offers an accessible introduction to both the genre and the critical debates around it Popular Postcolonialisms Nadia Atia, Kate Houlden, 2018-07-04 Drawing together the insights of postcolonial scholarship and cultural studies Popular Postcolonialisms questions the place of the popular in the postcolonial paradigm Multidisciplinary in focus this collection explores the extent to which popular forms are infused with colonial logics and whether they can be employed by those advocating for change It considers a range of fiction film and non hegemonic cultural forms engaging with topics such as environmental change language activism and cultural imperialism alongside analysis of figures like Tarzan and Frankenstein Building on the work of cultural theorists it asks whether the popular is actually where elite conceptions of the world may best be challenged It also addresses middlebrow cultural production which has tended to be seen as antithetical to radical traditions asking whether this might in fact form an unlikely realm from which to question critique or challenge colonial tropes Examining the ways in which the imprint of colonial history is in evidence interrogated mythologized or sublimated within popular cultural production this book raises a series of speculative questions exploring the interrelation of the popular and the postcolonial

British Fiction David Leon Higdon, 1984-06-18 The Rani of Jhansi Harleen Singh, 2014-06-09 Colonial texts often read the Indian woman warrior as a cultural anomaly but Indian texts find recourse in the mythological examples of the female warrior Rani Lakshmi Bai s remaking transforms the mythologically viable yet socially marginal figure of a woman in battle into bounded and meaningful feminine roles such as daughter wife mother and queen Women and the home were integral to how nationalist discourse envisioned the modern yet traditional Indian nation The Rani remains a metaphoric referent of the home and is an abiding symbol of the nation reinvented as authority power and tradition The depictions of the Rani signals what is at stake in representing the unrestricted woman in the public sphere The book extends the discussion on what constitutes the historical archive of the gendered colonial subject and the postcolonial rebel by being attentive to the vexed

figures produced within the competing ideologies of colonialism and nationalism
