

Flat Racing and British Society 1790–1914

A Social and Economic History

MIKE HUGGINS

Flat Racing And British Society 1790 1914

Patrick Chaplin

Flat Racing And British Society 1790 1914:

Flat Racing and British Society, 1790-1914 Mike Huggins, 2000 An exploration the value of racing to the working classes the gentry and aristocracy tracing the sport s development in an age of great scientific advances alongside the rise of the popular press *Horseracing and the British, 1919-39* Mike Huggins, 2013-07-19 This electronic version has been made available under a Creative Commons BY NC ND open access license This book provides a detailed consideration of the history of racing in British culture and society and explores the cultural world of racing during the interwar years The book shows how racing gave pleasure even to the supposedly respectable middle classes and gave some working class groups hope and consolation during economically difficult times Regular attendance and increased spending on betting were found across class and generation and women too were keen participants Enjoyed by the royal family and controlled by the Jockey Club and National Hunt Committee racing s visible emphasis on rank and status helped defend hierarchy and gentlemanly amateurism and provided support for more conservative British attitudes The mass media provided a cumulative cultural validation of racing helping define national and regional identity and encouraging the affluent consumption of sporting experience and a frank enjoyment of betting The broader cultural approach of the first half of the book is followed by an exploration if the internal culture of racing itself **Gambling in Britain in the Long Eighteenth Century** Bob

Harris, 2022-03-17 This new account of gambling in Britain in the long eighteenth century investigates who gambled on what and why International Sport: A Bibliography, 2000 Richard William Cox, 2013-10-23 There has been an explosion in the quantity of sports history literature published in recent years making it increasingly difficult to keep abreast of developments The annual number of publications has increased from around 250 to 1 000 a year over the last decade This is due in part to the fact that during the late 1980s and 90s many clubs leagues and governing bodies of sport have celebrated their centenaries and produced histories to mark this occasion and commemorate their achievements It is also the result of the growing popularity and realisation of the importance of sport history research within academe This international bibliography of books articles conference proceedings and essays in the English language is a one stop for the sports historian to know what is new Vice and the Victorians Mike Huggins, 2015-12-17 Vice and the Victorians explores the ways the Victorian world gave meanings to the word vice and the role this complex notion played in shaping society Mike Huggins provides a richer and more nuanced understanding of a term that despite its vital importance to the Victorians has thus far lacked a clear definition Each chapter explores a different facet of vice Firstly the book seeks to define exactly what vice meant to the Victorians exploring how the language of vice was used as a tool to beat down opposition and dissent It considers the cultural geography and spatial dimensions of vice in the public and private spheres before moving on to look at specific vices the unholy trinity of drink sex and gambling Finally it shifts from vice to virtue and the efforts of moral reformers and reassesses the relationship between vice and respectability in Victorian life In his lively and engaging

discussion Mike Huggins draws on a range of theory and exploits a wide variety of texts and representations from the periodical press parliamentary reports and Acts novels obscene publications paintings and posters newspapers sermons pamphlets and investigative works This will be an illuminating text for undergraduates studying Victorian Britain as well as anyone wishing to gain a more nuanced understanding of Victorian society **Routledge Handbook of Leisure Studies**

Tony Blackshaw,2020-07-26 This landmark publication brings together some of the most perceptive commentators of the present moment to explore core ideas and cutting edge developments in the field of Leisure Studies It offers important new insights into the dynamics of the transformation of leisure in contemporary societies tracing the emergent issues at stake in the discipline and examining Leisure Studies fundamental connections with cognate disciplines such as Sociology Cultural Studies History Sport Studies and Tourism This book contains original work from key scholars across the globe including those working outside the Leisure Studies mainstream It showcases the state of the art of contemporary Leisure Studies covering key topics and key thinkers from the psychology of leisure to leisure policy from Bourdieu to Baudrillard and suggests that leisure in the 21st century should be understood as centring on a new Big Seven holidays drink drugs sex gambling TV and shopping No other book has gone as far in redefining the identity of the discipline of Leisure Studies or in suggesting how the substantive ideas of Leisure Studies need to be rethought The Routledge Handbook of Leisure Studies should therefore be the intellectual guide of first choice for all scholars academics researchers and students working in this subject area *Disreputable Pleasures* Mike Huggins,J. A. Mangan,2004 Challenging the respectable image of Victorian society this irreverent revisionist collection explores the sinful side of middle class Victorian leisure highlighting the problematic relationship between public respectability and private pleasure The Cambridge Companion to Horseracing

Rebecca Cassidy,2013-03-28 This text will provoke a discussion about the future of horseracing and is written in an accessible and scholarly style **Numbers and Narratives** Wray Vamplew,2018-11-08 This volume argues for a more quantitative economic and theoretical approach to sports history The author notes that sport can have peculiar economics as in no other industry do rival businesses have to cooperate to produce a sellable output He also demonstrates via a case study of early gate money football in Scotland that sports producers were not always seeking profits and often put winning games and trophies ahead of making money Another analysis examines how industrialisation affected sport how sport became an industry in its own right and how the workplace became a major provider of sports facilities A look at third sector economics highlights how the popularity of football provided an ideal vehicle for charity fundraising The book observes that most sports participants are amateurs but at the elite level the paid player has a key role and this is assessed through case studies of the jockey and the golf professional Finally the author discusses and evaluates various theories relating to the historical development of the sports club This book was originally published as a special issue of Sport in Society Cultures Commerce Media Politics Routledge Companion to Sports History S. W. Pope,John Nauright,2009-12-17 The field of sports history is

no longer a fledgling area of study There is a great vitality in the field and it has matured dramatically over the past decade Reflecting changes to traditional approaches sport historians need now to engage with contemporary debates about history to be encouraged to position themselves and their methodologies in relation to current epistemological issues and to promote the importance of reflecting on the literary or poetic dimensions of producing history These contemporary developments along with a wealth of international research from a range of theoretical perspectives provide the backdrop to the new Routledge Companion to Sports History This book provides a comprehensive guide to the international field of sports history as it has developed as an academic area of study Readers are guided through the development of the field across a range of thematic and geographical contexts and are introduced to the latest cutting edge approaches within the field Including contributions from many of the world's leading sports historians the Routledge Companion to Sports History is the most important single volume for researchers and students in and entering the sports history field It is an essential guide to contemporary research themes to new ways of doing sports history and to the theoretical and methodological foundations of this most fascinating of subjects

Vicious Games Rebecca Cassidy, 2020-02-20 Gambling is everywhere on our TVs and phones on billboards on our streets and emblazoned across the chests of idolised sports stars Why has gambling suddenly expanded How was it transformed from a criminal activity to a respectable business run by multinational corporations listed on international stock markets And who are the winners and losers created by this transformation *Vicious Games* is based on field research with the people who produce shape and consume gambling Rebecca Cassidy explores the gambling industry's affinity with capitalism and the free market and how the UK has led the way in exporting light touch regulation and responsible gambling around the world She reveals how the industry extracts wealth from some of our poorest communities and examines the adverse health effects on those battling gambling addiction The gambling industry has become increasingly profitable and influential emboldened by thirty years of supportive government policies and boosted by unnatural profits Through an anthropological excavation *Vicious Games* opens up this process with the intention of creating alternative more equitable futures

Statistics and the Public Sphere Tom Crook, Glen O'Hara, 2012-03-15 *Statistics and the Public Sphere* is the first scholarly volume to address directly the place and function of numbers in modern British political culture from roughly 1800 through to the present

Mr. Darley's Arabian Christopher McGrath, 2017-03-07 In 1704 a bankrupt English merchant sent home the colt he had bought from Bedouin tribesmen near the ruins of Palmyra Thomas Darley hoped this horse might be the ticket to a new life back in Yorkshire But he turned out to be far more than that and although Mr Darley's Arabian never ran a race 95% of all thoroughbreds in the world today are descended from him In this book for the first time award winning racing writer Christopher McGrath traces this extraordinary bloodline through twenty five generations to our greatest modern racehorse Frankel The story of racing is about man's relationship with horses and Mr Darley's Arabian also celebrates the men and women who owned trained and traded the stallions that extended the dynasty McGrath expertly

guides us through three centuries of scandals adventures and fortunes won and lost our sporting life offers a fascinating view into our history With a canvas that extends from the diamond mines of South Africa to the trenches of the Great War and a cast ranging from Smithfield meat salesmen to the inspiration for Mr Toad and from legendary jockeys to not one but two disreputable Princes of Wales and a very unamused Queen Victoria Mr Darley s Arabian shows us the many faces of the sport of kings

An English Tradition? Jonathan Duke-Evans,2023 The history of fair play in Britain from earliest times to the present asking whether it is in fact a British or alternatively an English characteristic at all and if so whether fair play still matters today

Horses in Society Margaret Elsinor Derry,2006-01-01 Before crude oil and the combustion engine the industrialized world relied on a different kind of power the power of the horse Horses in Society is the story of horse production in the United States Britain and Canada at the height of the species usefulness the late nineteenth and early twentieth century Margaret E Derry shows how horse breeding practices used during this period to heighten the value of the animals in the marketplace incorporated a intriguing cross section of influences including Mendelism eugenics and Darwinism Derry elucidates the increasingly complex horse world by looking at the international trade in army horses the regulations put in place by different countries to enforce better horse breeding and general aspects of the dynamics of the horse market Because it is a story of how certain groups attempted to control the market for horses by protecting their breeding activities or patenting their work Horses in Society provides valuable background information to the rapidly developing present day problem of biological ownership Derry s fascinating study is also a story of the evolution of animal medicine and humanitarian movements and of international relations particularly between Canada and the United States

Horse People Rebecca Louise Cassidy,2007-12-01 The world of Thoroughbred racing is glamorous secretive dangerous and seductive the sport of kings and the poor man s obsession While the spectacle of racing stirs the imagination it belies the ruthless business that lies beneath This engaging original study demystifies this complex world by comparing centers of excellence in Britain and North America Drawing from intensive field work in Suffolk s Newmarket and Kentucky s Lexington Rebecca Cassidy gives us the inside track on all players in the industry from the elite breeders and owners to the stable boys racetrack workers and veterinarians She leads us through horse farms breeding barns and yearling sales explains rigorous training regimens and brings us trackside on race day But the history of Thoroughbred racing culture is more than a collection of fascinating characters and exciting events Cassidy s investigation reveals the factors ethical cultural political and economic that have shaped the racing tradition

Bred for Perfection Margaret E. Derry,2003-11-11 How did animal breeding emerge as a movement Who took part and for what reasons How do the pedigree and market systems work What light might the movement shed on the assumptions behind human eugenics In Bred for Perfection Margaret Derry provides the most comprehensive and accessible book yet published on the human quest to improve and develop livestock Derry herself a breeder and trained historian of science explores the triangle of genetics eugenics and practical breeding focusing

on Shorthorn cattle show dogs and working dogs and one type of purebred horse the Arabian By examining specific breeders and the animals they produced she illuminates the role of technology genetics culture and economics in the system of purebred breeding Bred for Perfection also provides the historical context in which this system arose adding to our understanding of how domestication works and how our welfare since the dawn of time has been intertwined with the lives of animals

Darts in England, 1900-39 Patrick Chaplin, 2018-09-30 Drawing on an eclectic range of primary and secondary sources Chaplin examines the development of darts in the context of English society in the early twentieth century He reveals how darts was transformed during the interwar years to become one of the most popular recreations in England not just amongst working class men and to a lesser extent working class women but even to some extent among the middle and upper classes This book assesses the social economic and cultural forces behind this transformation This work also considers the growth of the darts manufacturing industry and assesses the overall effect the growing popularity of darts had on interwar society and popular culture with particular reference to the changing culture and form of the English public house This original study will be of interest to sports historians social historians business historians sociologists and sports scientists

Sport, Literature, Society Alexis Tadié, J.A. Mangan, Supriya Chaudhuri, 2016-04-08 Sport studies and sports history have witnessed a recent substantial increase in publications However the relationship between literature and sport has been little explored Sport Literature Society looks at a wide variety of case studies ranging from Japan to England from India to Australia and covers sports as diverse as cycling football wrestling and boxing It concentrates on historical perspectives The contributors are all academics of international reputation and include historians of sport and literary scholars Literature may shape our perceptions and reactions to sport as much as sport may inform our reading As mimetic practice as aesthetic object as imaginative release sport is analogous to literature and the other arts at the same time it can become the subject of literary visual or musical elaborations Literature often conceptualises the place and role of sport in culture and society Indeed sport inhabits literature in ways that have not been adequately studied Sport studies have investigated the relationships between sport and society education gender nation and class To look again at these relationships through the prism of literature enables us to change our focus and to assess the centrality of sport in culture This book was published as a special issue of the International Journal of the History of Sport

Women, Sport, Society Roberta Park, Patricia Vertinsky, 2013-09-13 During the last four decades women's and gender history have become vibrant fields including studies of attitudes regarding the limited physical and other abilities of females as well as studies of the accomplishments of notable female athletes We have become increasingly aware that women have made contributions to physical education dance and sport that go far beyond being teachers athletes and coaches They have created and implemented an astonishing variety of programs intended to serve the needs of large numbers of children and youth sometimes organizing student health services as well as chairing departments of physical education They have worked as directors of sport physical education and dance

running playgrounds and recreational facilities and have created and or served as important officers of a variety of sporting organizations This book explores the contributions and achievements of women in a variety of historical and geographical contexts which not surprisingly opens opportunities for additions revisions and counter narratives to accepted histories of physical education and sport science It seeks to broaden our understandings about the backgrounds motivations and achievements of dedicated women working to improve health and bodily practices in a variety of different arenas and for often different purposes This book was previously published as a special issue of the International Journal of the History of Sport

Flat Racing And British Society 1790 1914 Book Review: Unveiling the Magic of Language
