The Southeastern Reporter, 1918 *Independent Publisher*, 1998 **Join The Future** Matt Aniss, 2023-02-10 Matt Aniss's critically acclaimed alternative history of UK dance music in the acid house era returns in updated and expanded form. Named by Rolling Stone UK as one of the best books on British music culture, *Join The Future* puts forward a persuasive new argument about the origins of UK club culture's long running love affair with bass. Since the dawn of the 1990s Britain's dancefloors have moved to a string of styles built around skeletal rhythms and heavy sub bass including breakbeat hardcore, jungle, drum bass, dubstep, UK garage, grime, and bassline. Yet another previously overlooked sound predated them all: bleep and bass or bleep techno, the first distinctly British form of electronic dance music. A mixture of social, cultural, musical, and oral history based on five years of research and hundreds of interviews, *Join The Future* tells the previously hidden history of bleep for the first time. It brings forth the untold stories of bleep's pioneers and those that came in their wake, moving from mid-80s electro, all dayers, and reggae soundsystem clashes in the North and Midlands to the birth of breakbeat hardcore and jungle in London and the South East in the early 90s. Along the way, you'll find first-hand accounts of key clubs and raves, biographies of forgotten and overlooked production pioneers, stories of bleep outposts in Canada and the United States, and the inside story of the early years of one of electronic music's most iconic labels, Warp Records. Now expanded to include more interviews, analysis, and a brand new afterword chapter, *Join The Future* is one of the most revealing and significant books on dance music in years.

A Tale of Forty Years Springfield Fire and Marine Insurance Company, 1916 **Happily Ever After: A Tale of a Wedding Planner** Chloe Behrens, 2012 Sometimes life is all about timing. From the moment we meet Banner Mancuso, she comes across as strong, independent, and no nonsense. She is all of those things, but somewhere along the way, it's closed her off from allowing her heart to feel. Banner loves her job as an Event Coordinator at the prestigious Brenhoff Hotel in downtown Dallas. She's the best around at what she does with a salary that affords her the things she wants, and she's met her closest friends from working there. She takes great pride in overseeing the most important days in couples' lives, and she lives for her work. Christian Brenhoff is the manager of the hotel and heir to his father's hotel chain. He's charming, dedicated to his work, and famous about town for his fondness of women. He's unabashedly proclaimed his crush on Banner since the day she was hired at the hotel, but Banner couldn't see past viewing him as just a womanizer. Years of clashing while working too closely together continue to work against him in his quest to wear Banner down. This journey follows a very guarded Banner through a rebound that lasted much too painfully long and sees her, through events, friends, and clients alike, that help open up her heart.

John Banim, Michael Banim, 1838 **Lob Lie-by-the-fire and Other Tales** Juliana Horatia Ewing, 1896 Social Policy Reform in Hong Kong and Shanghai: A Tale of Two Cities Linda Wong, Lynn T. White, III, Gui Shixun, 2016-07-22

As the richest cities in the world's most populous nation Hong Kong and Shanghai have recently experienced dynamic growth spurred by more and better managed capital. These cities also have social problems whose solutions will cost money. Their urban populations are aging. Health finance at the level these First World cities demand threatens to consume a large portion of the municipal budgets. Eldercare and social security are now less well covered by traditional Chinese families. Education has become more complex and public tuition where it occurs brings with it official plans for schools. Immigrants have flocked to Shanghai from inland China and Hong Kong's border has become a protector of the former colony's high productivity jobs. Housing problems also have deeply affected both cities albeit in somewhat different ways. This book provides a comprehensive overview of the similarities and differences between social policies in the two cities. Each chapter covers a different issue: health finance, housing, education, labor, poverty, and social security, eldercare, and migration and competitiveness. The contributors explore pertinent developments in each city and analyze the similarities and differences between the two cities' approaches to social policies. They focus on policy reform and the interface between social policy and its environment. One main theme throughout the book is the extent to which spending for capital accumulation is in conflict with spending for social policies.
