Investigators Reflecting the surge in interest into the investigative field **Trust Me** Gordon G. Leek, 2010-08-30 Con men swindlers snake oil salesmen carpetbaggers and plain everyday liars and cheats these names and the scoundrels behind them have been around for hundreds of years though their dodges and deceptions have been refined with the passage of time The worldwide growth of criminal fraud has mushroomed to such a degree that traditional law enforcement techniques have been unable to cope effectively with the fallout Criminal fraud is a billion dollar industry and has become a staple of organized crime rivalling drugs and prostitution as major sources of income In North America the courts and governments fail to treat these crimes with the seriousness they deserve often placing the blame on victims or at the very least making them culpable Former Calgary police detective and fraud expert Gordon Leek illustrates how a variety of frauds work and how to protect yourself from them including simple cheque scams elaborate telemarketing schemes Internet swindles and identity theft

**The Critical Thinking Book** Gary James Jason, 2022-01-05 The Critical Thinking Book covers not only standard topics such as definitions fallacies and argument identification but also other pertinent themes such as consumer choice in a market economy and political choice in a representative democracy Interesting historical asides are included throughout as are images diagrams and reflective questions A wealth of exercises is provided both within the text and on a supplemental website for instructors

**Transnational Financial Crime** Nikos Passas, 2017-07-05 Financial crime affects virtually all areas of public policy and is increasingly transnational The essays in this volume address both the theoretical and policy issues arising from financial crime and feature a wide variety of case studies and cover topics such as state revenue collection criminal enterprises money laundering the use of new technologies and methods in financial crime corruption terrorism proliferation of WMD sanctions third world debt procurement telecommunications cyberspace the defense industry and intellectual property Taken together these essays form a must read collection for scholars and students in law finance and criminology Truth, Knowledge, Or Just Plain Bull Bernard M. Patten, 2009-12-02 Want to sort out the claims of

experts pseudo experts scam artists and liars alike Want to protect yourself from the dangers of the ubiquitous nonsense and outright frauds that assault you from every side Want to become acquainted with the pleasurable activity of discovering truth while enhancing your sophistication as a thinker In this erudite yet entertaining handbook on critical thinking Dr Bernard M Patten uses neuroscience psychology and psychiatry to teach you to do all this and more He shows you that clear thinking is not just fun but also keeps you out of trouble makes you more efficient helps you develop and maintain prosperity and generally gives you an edge in both your personal and business life A Board Certified neurologist and a lecturer in formal informal and symbolic logic at Rice University Dr Patten has the scientific background as well as the philosophical training to give readers the most reliable and current information on how the brain thinks learns and remembers By means of multiple and sometimes startling contemporary examples and insights the author exercises your mind as an exercise machine might exercise your muscles Each exercise is specifically formulated with the neuropsychology of learning in mind repetition tied association visual images distribution of tasks in time modularity etc so the reader acquires valuable knowledge quickly and painlessly Emphasizing practical usefulness in real life situations and evidence based analysis Dr Patten examines investment frauds and other scams groupthink the psychology of belief content analysis hidden meanings negotiation strategies He also gives careful attention to the rules of clear thinking discusses the reality principle explains inductive and deductive logic exposes traditional fallacies and elucidates truth tables syllogisms and symbolic logic Fast fact filled and fun this superb self help guide to better thinking teaches you to take control of your own destiny by accurately determining the truth value of statements and behaviors in many contexts *The Publishers Weekly*, 1995 [The Logic of Alice M. Patten](#), Bernard, 2010-09-09 Many commentaries have been devoted to Lewis Carroll s masterpiece Alice s Adventures in Wonderland The interpretations range from Freudian analysis to speculations about the real life people who may have inspired the animal characters In this unique approach to interpreting Alice the fruit of ten years of research Dr Bernard M Patten shows that Charles Lutwidge Dodgson aka Lewis Carroll fused his passion for logic mathematics and games with his love of words and nonsense stories to produce a multifaceted intricately structured work of literature Patten provides a chapter by chapter skeleton key to Alice which meticulously demonstrates how its various episodes reveal Dodgson s profound knowledge of the rules of clear thinking informal and formal logic symbolic logic and human nature As Patten makes clear Alice s Adventures in Wonderland far from being just an entertaining children s book is more complex and deeply reflective of Dodgson s character than it may seem By making an effort to understand its deeper layers both children and adults may profit from this masterful tale by learning to think better and along the way having fun [Purchasing Scams and How to Avoid Them](#) Trevor Kitching, 2017-11-01 This title was first published in 2001 Purchasing scams are not a high profile topic in the boardroom or indeed in the purchasing department victims don t like to talk about their experience They don t want to admit that they were gullible enough to be fooled by a fake invoice or a plausible appeal for a bogus charity And yet scams cost companies

thousands of pounds every year Purchasing Scams and How to Avoid Them provides a comprehensive and practical guide to avoiding scams in the first place any initiative in relation to scams must focus on prevention rather than cure It contains descriptions of all of the most common scams including bogus directories over priced office consumables and business consultants who are too good to be true It also describes how the infamous and ubiquitous Nigeria scam works Advice is given on how to avoid each and most importantly how to establish a purchasing function that will provide effective defences against the perpetrators of such operations      **Getting Older, Getting Fleeced** Pamela Camille,1996      **Criminal**
