

EDWARD VI

JENNIFER LOACHE

Edward I Yale English Monarchs

C. Warren Hollister

Edward I Yale English Monarchs:

Edward I Michael Prestwich, 1988-01-01 Traces the life of King Edward I describes the accomplishments of his reign and attempts to depict his complex personality *Edward I* Michael Prestwich, 2008-10-01 Edward I one of the outstanding monarchs of the English Middle Ages pioneered legal and parliamentary change in England conquered Wales and came close to conquering Scotland A major player in European diplomacy and war he acted as peacemaker during the 1280s but became involved in a bitter war with Philip IV a decade later This book is the definitive account of a remarkable king and his long and significant reign Widely praised when it was first published in 1988 it is now reissued with a new introduction and updated bibliographic guide Praise for the earlier edition A masterly achievement A work of enduring value and one certain to remain the standard life for many years Times Literary Supplement A fine book learned judicious carefully thought out and skillfully presented It is as near comprehensive as any single volume could be History Today To have died more revered than any other English monarch was an outstanding achievement and it is worthily commemorated by this outstanding addition to the corpus of royal biographies Times Education Supplement **Popular Protest in Late Medieval English Towns** Samuel Kline Cohn, Douglas Aiton, 2013 Draws new attention to popular protest in medieval English towns away from the more frequently studied theme of rural revolt Constitutional History of the United Kingdom Ann Lyon, 2003-03-13 First published in 2003 Routledge is an imprint of Taylor Francis an informa company *Henry VII* S.B Chrimes, 1999-07-11 Founder of the Tudor dynasty Henry VII was a crucial figure in English history In this acclaimed study of the king's life and reign the distinguished historian S B Chrimes explores the circumstances surrounding Henry's acquisition of the throne examines the personnel and machinery of government and surveys the king's social political and economic policies law enforcement and foreign strategy This edition of the book includes a new critical introduction and bibliographical updating by George Bernard George I Ragnhild Marie Hatton, Ragnhild Hatton, 2001-01-01 In 1714 George Ludwig the fifty eight year old elector of Brunswick Luneburg became as George I the first of the Hanoverian dynasty to rule Britain Until his death in 1727 George served as both elector of Hanover and British monarch An enigmatic figure whose real character has long been concealed by anti Hanoverian propaganda George emerges in this ground breaking biography as an impressive ruler who grasped the responsibilities the accession brought him and set out to bring culture to what he considered the unsophisticated English nation Ragnhild Hatton's biography is the only comprehensive account of George's life and reign It draws on a wide range of archival sources in several languages to illuminate the fascinating details of George's early life and dynastic crises his plans and ambitions for the British nation the impact of his rationalist ideas and his accomplishments as king The book also examines George's personal life his family relationships in both Prussia and England his private interest in music and the arts and the improvement of his British and Hanoverian properties Ragnhild Hatton was professor of international history at the University of London and the author of Charles XII of Sweden 1968 Europe in the Age of Louis

XIV 1969 and Louis XIV and his World 1972 Jeremy Black who has written a new foreword for this edition is professor of history at the University of Exeter

George III Jeremy Black, 2008-10-01 The sixty year reign of George III 1760 1820 witnessed and participated in some of the most critical events of modern world history the ending of the Seven Years War with France the American War of Independence the French Revolutionary Wars the campaign against Napoleon Bonaparte and battle of Waterloo in 1815 and Union with Ireland in 1801 Despite the pathos of the last years of the mad blind and neglected monarch it is a life full of importance and interest Jeremy Black's biography deals comprehensively with the politics the wars and the domestic issues and harnesses the richest range of unpublished sources in Britain Germany and the United States But using George III's own prolific correspondence it also interrogates the man himself his strong religious faith and his powerful sense of moral duty to his family and to his nation Black considers the king's scientific cultural and intellectual interests as no other biographer has done and explores how he was viewed by his contemporaries Identifying George as the last British ruler of the Thirteen Colonies Black reveals his strong personal engagement in the struggle for America and argues that George himself his intentions and policies were key to the conflict

Henry VIII J. J. Scarisbrick, 2011-05-31 Henry VIII's forceful personality dominated his age and continues to fascinate our own In few other reigns have there been developments of such magnitude in politics foreign relations religion and society that have so radically affected succeeding generations Above all the English Reformation and the break with Rome are still felt more than four centuries on First published in 1968 J J Scarisbrick's Henry VIII remains the standard account a thorough exploration of the documentary sources stylishly written and highly readable In an updated foreword Professor Scarisbrick takes stock of subsequent research and places his classic account within the context of recent publications It is the magisterial quality of J J Scarisbrick's work that has enabled it to hold the field for so long Steve Gunn Times Literary Supplement

Richard III Charles Ross, 2011-05-28 Richard III ruled England for a mere twenty six months yet few English monarchs remain as compulsively fascinating and none has been more persistently vilified In his absorbing and universally praised account Charles Ross assesses the king within the context of his violent age and explores the critical questions of the reign why and how Richard Plantagenet usurped the throne the belief that he ordered the murder of the Princes in the Tower the events leading to the battle of Bosworth in 1485 and the death of the Yorkist dynasty with Richard himself In a new foreword Professor Richard A Griffiths identifies the attributes that have made Ross's account the leading biography in the field and assesses the impact of the research published since the book first appeared in 1981 A fascinating study on a perennially fascinating topic the base against which will be measured any future research Times Higher Education Supplement

Richard II Nigel Saul, 2008-10-01 Richard II is one of the most enigmatic of English kings Shakespeare depicted him as a tragic figure an irresponsible cruel monarch who nevertheless rose in stature as the substance of power slipped from him By later writers he has been variously portrayed as a half crazed autocrat or a conventional ruler whose principal errors were

the mismanagement of his nobility and disregard for the political conventions of his age This book the first full length biography of Richard in more than fifty years offers a radical reinterpretation of the king Nigel Saul paints a picture of Richard as a highly assertive and determined ruler one whose key aim was to exalt and dignify the crown In Richard s view the crown was threatened by the factiousness of the nobility and the assertiveness of the common people The king met these challenges by exacting obedience encouraging lofty new forms of address and constructing an elaborate system of rule by bonds and oaths Saul traces the sources of Richard s political ideas and finds that he was influenced by a deeply felt orthodox piety and by the ideas of the civil lawyers He shows that although Richard s kingship resembled that of other rulers of the period unlike theirs his reign ended in failure because of tactical errors and contradictions in his policies For all that he promoted the image of a distant all powerful monarch Richard II s rule was in practice characterized by faction and feud The king was obsessed by the search for personal security in his subjects however he bred only insecurity and fear A revealing portrait of a complex and fascinating figure the book is essential reading for anyone with an interest in the politics and culture of the English middle ages

James II John Miller,2008-10-01 James II 1633 1701 lacked the charisma of his father Charles I but shared his tendency to dismiss the views of others when they differed from his own Failing to understand his subjects James was also misunderstood by them In this highly regarded biography John Miller reassesses James II and his reign drawing on a wide array of primary sources from France Italy and Ireland as well as England Miller argues that the king had many laudable attributes he was brave loyal honorable and hard working and he was at least as benevolent toward his people as his father had been Yet James s conversion to Catholicism fueled the distrust of his Protestant subjects who placed the worst possible construction on his actions and statements Although James came to see the securing of religious freedom for Catholics in the wider context of freedom for all religious minorities his people naturally doubted the sincerity of his commitment to toleration The book explores James s relations with the state and society focusing on the political diplomatic and religious issues that shaped his reign Miller discusses the human failings the gulf of understanding between the king and his subjects and the sheer bad luck that led to James s downfall He also considers the reasons for James s lack of interest in recovering his kingdom after his flight to France in 1688 This revised edition of the book includes a substantial new foreword assessing recent work on the reign This is a first class essay in historical biography It must displace all previous lives of James II J P Kenyon Observer

Henry VI Bertram Wolffe,2001-01-01 In this widely acclaimed biography Bertram Wolffe challenges the traditional view of Henry VI as an unworldly innocent and saintly monarch and offers instead a finely drawn but critical portrait of an ineffectual ruler Drawing on widespread contemporary evidence Wolffe describes the failures of Henry s long reign from 1422 to 1471 which included the collapse of justice the loss of the French territories and the final disintegration of his government He argues that the posthumous cult of Henry was promoted by Henry VII as a way of excusing his uncle s political failures while enhancing the image of the dynasty This edition includes a new foreword by

John Watts that discusses the book and its place in the evolving literature Reviews of the earlier edition A brilliant biography that brings us as near as we are ever likely to come to this elusive personality Sunday Times London A powerful compulsively readable portrait Observer Much learning skillfully deployed as here evokes pleasure as well as admiration R L Storey Times Literary Supplement George II Andrew C. Thompson, 2011-01-01 Despite a long and eventful reign Britain's George II is a largely forgotten monarch his achievements overlooked and his abilities misunderstood This landmark biography uncovers extensive new evidence in British and German archives making possible the most complete and accurate assessment of this thirty three year reign Andrew C Thompson paints a richly detailed portrait of the many faceted monarch in his public as well as his private life Born in Hanover in 1683 George Augustus first came to London in 1714 as the new Prince of Wales He assumed the throne in 1727 held it until his death in 1760 and has the distinction of being Britain's last foreign born king and the last king to lead an army in battle With George's story at its heart the book reconstructs his thoughts and actions through a careful reading of the letters and papers of those around him Thompson explores the previously underappreciated roles George played in the political processes of Britain especially in foreign policy and also charts the intricacies of the king's complicated relationships and reassesses the lasting impact of his frequent return trips to Hanover George II emerges from these pages as an independent and cosmopolitan figure of undeniable historical fascination **Images, Idolatry, and Iconoclasm in Late Medieval England** Jeremy Dimmick, James Simpson, Nicolette Zeeman, 2002-02-14 This book capitalizes on brilliant recent work on sixteenth century iconoclasm to extend the study of images both their making and their breaking into an earlier period and wider discursive territories Pressures towards iconoclasm are powerfully registered in fourteenth and fifteenth century writings both heterodox and orthodox just as the use of images is central to the practice of both politics and religion The governance of images turns out indeed to be central to governance itself It is also of critical concern in any moment of historical change when new cultural forms must incorporate or destroy the images of the old order The iconoclast redescribes images as pure matter objects of idolatry worthy only of the hammer Issues of historical memory no less than of social ethics are then inherent to the making love and destruction of images These issues are the consistent concern of the essays of this volume essays commissioned from a range of outstanding late medievalists in a variety of disciplines literature art history Biblical studies and intellectual history *On the Trail of Robert the Bruce* David R Ross, 2024-05-09 This book charts the story of Scotland's hero king from his boyhood through his days of indecision as Scotland suffered under the English yoke to his assumption of the crown exactly six months after the death of William Wallace Here is the astonishing blow by blow account of how against fearful odds Bruce led the Scots to win their greatest ever victory Bannockburn was not the end of the story The war against English oppression lasted another 14 years Bruce lived just long enough to see his dreams of an independent Scotland come to fruition in 1328 with the signing of the Treaty of Edinburgh 67 places to visit in Scotland and elsewhere One general map three location maps and a map of Bruce connected

sites in Ireland Bannockburn battle plan Drawings and reproductions of rarely seen illustrations The trail leads us to Bruce sites in Scotland many of the little known and forgotten battle sites in northern England and as far afield as the Bruce monuments in Andalusia and Jerusalem On the Trail of Robert the Bruce is not all blood and gore It brings out the love and laughter pain and passion of one of the great eras of Scottish history *A Hidden History of the Tower of London* John Paul Davis,2020-03-30 With these incredible and often heartbreaking stories John Paul Davis clearly demonstrates how the fortress acquired its sinister reputation History the Interesting Bits Famed as the ultimate penalty for traitors heretics and royalty alike being sent to the Tower is known to have been experienced by no less than 8 000 unfortunate souls Many of those who were imprisoned in the Tower never returned to civilization and those who did often did so without their head It is hardly surprising that the Tower has earned itself a reputation among the most infamous buildings on the planet Beginning with the early tales surrounding its creation this book investigates the private life of an English icon Concentrating on the Tower s developing role throughout the centuries not in terms of its physical expansion into a site of unique architectural majesty or many purposes but through the eyes of those who experienced its darker side it pieces together the often seldom told human story and how the fates of many of those who stayed within its walls contributed to its lasting effect on England s and later the UK s destiny From ruthless traitors to unjustly killed Jesuits vanished treasures to disappeared princes and jaded wives to star crossed lovers this book provides a raw and at times unsettling insight into its unsolved mysteries and the lot of its unfortunate victims thus explaining how this once typical castle came to be the place we will always remember as THE TOWER The building is as imposing now as it ever was and the author s complete and thorough knowledge is imparted in grand style Books Monthly *Pedro de Ribadeneyra's 'Ecclesiastical History of the Schism of the Kingdom of England'* Spencer J. Weinreich,2017-03-06 In 1588 the Spanish Jesuit Pedro de Ribadeneyra published a history of the English Reformation which he continued to revise until his death in 1611 Spencer J Weinreich s translation is the first English edition of the History one fully alive to its metamorphoses over two decades Weinreich s introduction explores the text s many dimensions propaganda for the Spanish Armada anti Protestant polemic Jesuit hagiography consolation amid tribulation and assesses Ribadeneyra as a historian The extensive annotations anchor Ribadeneyra s narrative in the historical record and reconstruct his sources methods and revisions The History long derided as mere propaganda emerges as remarkable evidence of the centrality of historiography to the intellectual theological and political battles of early modern Europe

Æthelstan Sarah Foot,2011-07-12 The powerful and innovative King Æthelstan reigned only briefly 924-939 yet his achievements during those eventful fifteen years changed the course of English history He won spectacular military victories most notably at Brunanburh forged unprecedented political connections across Europe and succeeded in creating the first unified kingdom of the English To claim for him the title of first English monarch is no exaggeration In this nuanced portrait of Æthelstan Sarah Foot offers the first full account of the king ever written She traces his life through the various spheres

in which he lived and worked beginning with the intimate context of his family then extending outward to his unusual multiethnic royal court the Church and his kingdom the wars he conducted and finally his death and legacy Foot describes a sophisticated man who was not only a great military leader but also a worthy king He governed brilliantly developed creative ways to project his image as a ruler and devised strategic marriage treaties and gift exchanges to cement alliances with the leading royal and ducal houses of Europe Aethelstan's legacy seen in the new light of this masterful biography is inextricably connected to the very forging of England and early English identity

The Impact of the Edwardian Castles in Wales Diane Williams, John R. Kenyon, 2009-12-16 The Impact of the Edwardian Castles in Wales publishes the proceedings of a conference held in 2007 a year that marked the seventh centenary of the death of King Edward I which set out to review recent scholarship on castles that he built in north Wales after two wars in 1277 and 1282-83 and a Welsh uprising in 1294-95 and to rethink the effect that their building had upon Wales in the past present and future Building upon the seminal work of Arnold Taylor whose study of the buildings and documentary evidence has been pivotal to Edwardian castle studies for more than fifty years the volume includes papers which call into question the role of Master James of St George as the architect of the king's new castles the role of Richard the Engineer the nature of royal accommodation in the thirteenth century and a detailed look at how households worked especially in the kitchen and accounting departments New approaches to castle studies are encouraging a more holistic understanding of the Edwardian castles and their context and to this end papers consider their impact on Welsh society and its princes in the thirteenth century notably Llywelyn ab Iorwerth Fawr the Great and his grandson Llywelyn ap Gruffudd prince of Wales Their symbolism and meaning through the words of Welsh poets and the mythology behind Caernarfon Castle are also examined so too is the role of Welshmen in Edward I's armies The wider context is considered with papers on the Edwardian towns in Wales the baronial castles in north Wales and Edward I in Scotland and Gascony The castles still have powerful resonance and the Minister for Heritage in the Welsh Assembly Government considers their role and presentation in Wales today and in the future Robert Liddiard concludes that the volume not only takes our knowledge of the Edwardian castles forward but also informs the study of castles in the British Isles

Henry I C. Warren Hollister, 2008-10-01 Henry I son of William the Conqueror ruled from 1100 to 1135 a time of fundamental change in the Anglo Norman world This long awaited biography written by one of the most distinguished medievalists of his generation offers a major reassessment of Henry's character and reign Challenging the dark and dated portrait of the king as brutal greedy and repressive it argues instead that Henry's rule was based on reason and order C Warren Hollister points out that Henry laid the foundations for judicial and financial institutions usually attributed to his grandson Henry II Royal government was centralized and systematized leading to firm stable and peaceful rule for his subjects in both England and Normandy By mid reign Henry I was the most powerful king in Western Europe and with astute diplomacy an intelligence network and strategic marriages of his children legitimate and illegitimate he was able to

undermine the various coalitions mounted against him Henry strove throughout his reign to solidify the Anglo Norman dynasty and his marriage linked the Normans to the Old English line Hollister vividly describes Henry s life and reign places them against the political background of the time and provides analytical studies of the king and his magnates the royal administration and relations between king and church The resulting volume is one that will be welcomed by students and general readers alike
