criticism He stands for a scholarly ethos which is at risk of disappearing His distinctive academic career which was entirely devoted to research led teaching invites us to think about the relationships between literary studies and pedagogy It also invites us to ask what role a unique pedagogical style plays in the evolution of a discipline How does intergenerational transmission between teacher and student play out both within and beyond disciplinary boundaries This collection explores these questions while also documenting Gardiner's methods of scholarly as much as professional resistance to the neo liberalisation and neo conservatism of contemporary academic culture Contributors draw from inspiring encounters with him to reflect upon the rhetoric and motifs of pedagogy within literary works They put Gardiner's mode of reading into practice by offering new interpretations of pedagogical mechanisms employed within important literary works from the seventeenth century to the present and of cultural phenomena like colonial interpretations of the Australian lyrebird's song The volume also offers pieces inspired by Gardiner such as poetry art translation and creative non fiction as well as three unpublished lectures by Gardiner himself Techniques and methodologies of literary education are traditionally believed to offer students the keys with which to unlock the secrets of texts and foster their appreciation Literature and Pedagogy offers a new perspective showing teachers and students of both education and literature how literary works present their own methods for reflecting critically upon how and why we learn read and teach Letter Writing Among Poets Jonathan Ellis, 2015-01-13 No detailed description available for Letter Writing Among Poets Victorian Comedy and Laughter Louise Lee, 2020-08-06 This innovative collection of essays is the first to situate comedy and laughter as central rather than peripheral to nineteenth century life Victorian Comedy and Laughter Conviviality Jokes and Dissent offers new readings of the works of Charles Dickens Edward Lear George Eliot George Gissing Barry Pain and Oscar Wilde alongside discussions of much loved Victorian comics like Little Tich Jenny Hill Bessie Bellwood and Thomas Lawrence Tracing three consecutive and interlocking moods in the period all of the contributors engage with the crucial critical guestion of how laughter and comedy shaped Victorian subjectivity and aesthetic form Malcolm Andrews Jonathan Buckmaster and Peter Swaab explore the dream of print culture togetherness that is conviviality while Bob Nicholson Louise Lee Ann Featherstone Louise Wingrove and Oliver Double discuss the rise on rise of the Victorian joke both on the page and the stage while Peter Jones Jonathan Wild and Matthew Kaiser consider the impassioned debates concerning old and new forms of laughter that took place at the end of the century

Inventing Edward Lear Sara Lodge,2018-11-30 Inventing Edward Lear is an exceptional valuable original study presenting new materials on aspects of Lear s life and work Jenny Uglow author of Mr Lear and The Lunar Men Edward Lear wrote some of the best loved poems in English including The Owl and the Pussycat but the father of nonsense was far more than a poet He was a naturalist a brilliant landscape painter an experimental travel writer and an accomplished composer Sara Lodge presents the fullest account yet of Lear s passionate engagement in the intellectual social and cultural life of his times Lear had a difficult start in life He was epileptic asthmatic and depressive but even as a child a consummate performer

who projected himself into others affections He became by John James Audubon's estimate one of the greatest ornithological artists of the age Queen Victoria an admirer chose him to be her painting teacher He popularized the limerick set Tennyson s verse to music and opened fresh doors for children and adults to share fantasies of magical escape Lodge draws on diaries letters and new archival sources to paint a vivid picture of Lear that explores his musical influences his religious nonconformity his relationship with the Pre Raphaelite movement and the connections between his scientific and artistic work He invented himself as a character awkward but funny absurdly sympathetic In Lodge's hands Lear emerges as a dynamic and irreverent polymath whose conversation continues to draw us in Inventing Edward Lear is an original and moving account of one of the most intriguing and creative of all Victorians William and Lucy Angela Thirlwell, 2003-01-01 The marriage of William Michael Rossetti 1829 1919 and Lucy Madox Brown 1843 1894 united two of the most resonant Pre Raphaelite family names Their passionate and ultimately tragic relationship described here for the first time provides a fresh perspective on nineteenth century marriage and on the private lives of eminent Victorians Sibling of Dante Gabriel and Christina Rossetti William was one of the original Pre Raphaelite Brothers a Bohemian radical author poet critic artist connoisseur biographer historian and taxman Lucy the intense intellectual daughter of Ford Madox Brown was an ambitious artist and biographer of Mary Shelley in spite of struggling with tuberculosis for nearly a decade Drawing on hundreds of previously unpublished sources and a wealth of new visual material including art by William Lucy and others of their circle and striking contemporary photographs the book follows William and Lucy through their separate professional careers marriage continental travels and Lucy s illness and death At the crossover between art history literary criticism social history and biography the book rewrites Pre Raphaelite history and brings to life two fascinating people who were both of their time The Villa Dei Papiri at Herculaneum Carol C. Mattusch, Henry Lie, 2005 The Villa dei Papiri at and ahead of it. Herculaneum buried during the eruption of Mt Vesuvius in A D 79 then rediscovered in 1750 contained a large collection of bronze and marble statuary and busts Before they were published or exhibited the sculptures were restored so as to appear whole it is thus that they helped to shape early modern tastes in classical sculpture The book describes the nature of the ancient sculptures and their impact on the modern public Their chance discovery affected the interpretation of the statues their styles and subjects over the course of the next 250 years The ancient sculptures were copied extensively in reproductions of various sizes and patinas The author traces the popularity of these copies in Europe and America Also presented in the book is a technical study of the production techniques and materials of the sculptures as well as of their modern restoration history Scientific analyses and detailed photographs reveal both how the pieces were cast and pieced together in antiquity and how they were restored in the eighteenth century Even though this collection has been known for two and a half centuries this book covers for the first time the eclectic nature of the sculptures their acutual condition and their quality pointing in some cases to mass production Lives of Houses Kate Kennedy, Hermione Lee, 2022-04-12 Notable
