Light as Experience and Imagination from Medieval to Modern Times David S. Herrstrom, 2022-11-21 In *Light as Experience and Imagination from Medieval to Modern Times* David S Herrstrom synthesizes and interprets the experience of light as revealed in a wide range of art and literature from medieval to modern times The true subject of the book is making sense of the individual's relationship with light rather than the investigation of light's essential nature while telling the story of light seducing individuals from the Middle Ages to our modern times Consequently it is not concerned with the progress of scientific inquiries into the physical properties and behavior of light optical science but rather with subjective reactions as reflected in art architecture and literature Instead of its evolution this book celebrates the complexity of our relation to light's character No individual experience of light being truer than any other

Edward Hopper Edward Hopper, 1945 *Art and the Crisis of Marriage* Vivien Green Fryd, 2003 Between the two world wars middle class America experienced a marriage crisis that filled the pages of the popular press Divorce rates were rising birthrates falling and women were entering the increasingly

industrialized and urbanized workforce in larger numbers than ever before while Victorian morals and manners began to break down in the wake of the first sexual revolution Vivien Green Fryd argues that this crisis played a crucial role in the lives and works of two of America's most familiar and beloved artists Georgia O'Keeffe 1887-1986 and Edward Hopper 1882-1967 Combining biographical study of their marriages with formal and iconographical analysis of their works Fryd shows how both artists expressed the pleasures and perils of their relationships in their paintings Hopper's many representations of Victorian homes in sunny tranquil landscapes for instance take on new meanings when viewed in the context of the artist's own tumultuous marriage with Jo and the widespread middle class fears that the new urban multidwelling homes would contribute to the breakdown of the family Fryd also persuasively interprets the many paintings of skulls and crosses that O'Keeffe produced in New Mexico as embodying themes of death and rebirth in response to her husband Alfred Stieglitz's long term affair with Dorothy Norman *Art and the Crisis of Marriage* provides both a penetrating reappraisal of the interconnections between Georgia O'Keeffe's and Edward Hopper's lives and works as well as a vivid portrait of how new understandings of family gender and sexuality transformed American society between the wars in ways that continue to shape it today

[Rembrandt Is in the Wind](#) Russ Ramsey, 2022-03-22 How do art and faith intersect How does art help us see our own lives more clearly What can we understand about God and humanity by looking at the lives of artists Striving for beauty art also reveals what is broken It presents us with the tremendous struggles and longings common to the human experience And it says a lot about our Creator too Great works of art can speak to the soul in a unique way Rembrandt Is in the Wind is an invitation to discover some of the world's most celebrated artists and works and how each of them illuminates something about God people and the purpose of life Part art history part biblical study part philosophy and part analysis of the human experience this book is nonetheless all story From Michelangelo to Vincent van Gogh to Edward Hopper the lives of the artists in this book illustrate the struggle of living in this world and point to the beauty of the redemption available to us in Christ Each story is different Some conclude with resounding triumph while others end in struggle But all of them raise

important questions about humanity's hunger and capacity for glory and all of them teach us to love and see beauty. The artists featured in these pages, artists who devoted their lives and work to what is good, true, and beautiful, remind us that we can and should do the same. Karen Swallow Prior, author of *On Reading Well*. [George Bellows Revisited](#) Nannette Maciejunes, 2017-01-06. This essay collection by scholars from both the United States and Europe carefully examines the artwork of one of the most important 20th-century American painters and printmakers, George Bellows. It builds on the Columbus Museum of Art's 2013 exhibition *George Bellows and the American Experience* and the National Gallery of Art's 2012 exhibition *George Bellows*. The volume offers innovative research that explores his oeuvre from multiple viewpoints. The essays challenge widely held perceptions of Bellows, such as his Americanness, hyper-masculinity, patronage, response to the World War I, and his relationship to fellow artist Edward Hopper. This is an essential collection for any serious study on Bellows' work. [The Oxford Encyclopedia of American Cultural and Intellectual History](#), 2013.
