Logic of Science in Psychoanalysis Benjamin B. Wolman,1984 **Schizoid Phenomena, Object Relations and the Self** Harry Guntrip,2018-05-08 Based on a series of clinical studies of schizoid problems this book is a sequel to Harry Guntrip s theoretical study of the emergence of the schizoid problem *Personality Structure and Human Interaction* 1961 It includes revised versions of earlier papers and also much original material **Freud, Psychoanalysis, Social Theory** Fred Weinstein,2001-01-01 Discusses the reasons for the decline of the cultural influence of psychoanalysis **The Corsini Encyclopedia of Psychology and Behavioral Science, Volume 1** W. Platt,1973 *Freud's Foes* Kurt Jacobsen,2009-08-16 Freud s Foes the latest title in the Polemics series addresses Freud s fiercest contemporary critics Kurt Jacobsen defends psychoanalysis while accepting that it has inherent flaws He argues that although today s foes pose as daring savants they are only the latest wave of critics that psychoanalysis has encountered since its controversial birth and he easily debunks their arguments **Object-relations Theory and Clinical Psychoanalysis** Otto F. Kernberg,1995 Object Relations Theory and Clinical Psychoanalysis is a collection of Kernberg s papers published or presented during the period from 1966 to 1975 with some new material included as well **Subject Guide to Books in Print** ,1971 **Modern Politics** C.L.R. James,2013-11-01 Marxists envisage a total change in the basic structure of human relations With that change our problems will not be solved overnight but we will be able to tackle them with confidence Such are the difficulties contradictions and antagonisms and in the solution of them society moves forward and men and women feel they have a role in the development of their social surroundings It is in this movement that we have the possibility of a good life C L R James from *Modern Politics* This volume provides a brilliant and accessible summation of the ideas of left Marxist giant C L R James Originally delivered in 1960 as a series of lectures in his native Trinidad these writings powerfully display his wide ranging erudition and enduring relevance From his analysis of revolutionary history from the Athenian City States through the English Revolution Russian Revolution and the Hungarian Revolution of 1956 to the role of literature art and culture in society from Charlie Chaplin to Pablo Picasso via Camus and Eisenstein to an interrogation of the ideas and philosophy of such thinkers as Rousseau Lenin and Trotsky this is a magnificent tour de force from a critically engaged thinker at the height of his powers An essential introduction to a body of work as necessary and illuminating for this century as it proved for the last [The Encyclopedia Britannica](#) James Louis Garvin,Franklin Henry Hooper,Warren E. The Spiritual Quest Robert M. Torrance,2023-09-01 Robert Torrance s wide ranging innovative study argues that the spiritual quest is rooted in our biological psychological linguistic and social nature The quest is not as most have believed a rare mystical experience but a frequent expression of our most basic human impulses Shaman and scientist medium and poet prophet and philosopher all venture forth in quest of visionary truths to transform and renew the world Yet Torrance is not trying to reduce the quest to an archetype or monomyth Instead he presents the full diversity of the quest in the myths and religious practices of tribal peoples throughout the world from Oceania to India Africa Siberia and especially the Americas In theorizing about the quest Torrance draws on thinkers as diverse as Bergson and Piaget van Gennepe and Turner Pierce and Popper Freud Darwin and Chomsky This is a book that will expand our knowledge and awareness of a fundamental human activity in all its fascinating complexity Robert Torrance s wide ranging innovative study argues that the spiritual quest is rooted in our biological psychological linguistic and social nature The quest is not as most have believed a rare mystical experience but a frequent expression of o

Depth Psychology, Interpretation, and the Bible Brayton Polka,2001-02-12 Polka also raises the larger issue of the relationship between modernity hermeneutics and biblical ontology He argues that the origins and structure of modern values can be understood only through a theory of hermeneutics whose ontology overcomes the dualism between the secular and the religious between philosophy and religion Polka shows this to be possible when biblical ontology is understood to be at once rational and faithful secular and religious He uses the work of Spinoza Kant Hegel and Kierkegaard to articulate the ontological framework that makes clear how typically modern Freud is in being unable to account for the relationship of his thought to biblical religion Polka argues that Freudian metapsychology precisely because it cannot account for its own principles of explanation contradicts the insights of depth psychology Paradoxically religion returns in Freud as the repressed as it does in so much of modern thought Polka shows that what is therefore required is a hermeneutical theory whose ontological articulation of biblical religion is critically self conscious
