Egypt In Africa:

Ancient Egypt in Africa David O'Connor, Andrew Reid, 2016-06-16 Geographically Egypt is clearly on the African continent yet Ancient Egypt is routinely regarded as a non African cultural form The significance of Ancient Egypt for the rest of Africa is a hotly debated issue with complex ramifications This book considers how Ancient Egypt was dislocated from Africa drawing on a wide range of sources It examines key issues such as the evidence for actual contacts between Egypt and other early African cultures and how influential or not Egypt was on them Some scholars argue that to its north Egypt's influence on Mediterranean civilization was downplayed by western scholarship Further afield on the African continent perceptions of Ancient Egypt were colored by biblical sources emphasizing the persecution of the Israelites An extensive selection of fresh insights are provided several focusing on cultural interactions between Egypt and Nubia from 1000 BCE to 500 CE developing a nuanced picture of these interactions and describing the limitations of an Egyptological approach to them

Ancient Egypt in Africa David O'Connor, Lecturer in the History of Art David O'Connor, Andrew Reid, 2003-08-13 The discipline of Egyptology has been criticised for being too insular with little awareness of the development of archaeologies elsewhere It has remained theoretically underdeveloped For example the role of Ancient Egypt within Africa has rarely been considered jointly by Egyptologists and Africanists Egypt's own view of itself has been neglected views of it in the ancient past in more recent times and today have remained underexposed Encounters with Ancient Egypt is a series of eight books which addresses these issues The books interrelate inform and illuminate one another and will appeal to a wide market including academics students and the general public interested in Archaeology Egyptology Anthropology Architecture Design and History Geographically Egypt is clearly on the African continent yet Ancient Egypt is routinely regarded as a non African cultural form The significance of Ancient Egypt for the rest of Africa is a hotly debated issue with complex ramifications This book considers how Ancient Egypt was dislocated from Africa drawing on a wide range of sources It examines key issues such as the evidence for actual contacts between Egypt and other early African cultures and how influential or not Egypt was on them Some scholars argue that to its north Egypt's influence on Mediterranean civilization was downplayed by western scholarship Further afield on the African continent perceptions of Ancient Egypt were coloured by biblical sources emphasizing the persecution of the Israelites An extensive selection of fresh insights are provided several focusing on cultural interactions between Egypt and Nubia from 1000 BCE to 500 CE developing a nuanced picture of these interactions and describing the limitations of an Egyptological approach to them **Egypt in Africa** Theodore Celenko, 1996 *Ancient Egypt in its African Context* Andrea Manzo, 2022-04-07 This Element is aimed at discussing the relations between Egypt and its African neighbours In the first section the history of studies the different kind of sources available on the issue and a short outline of the environmental setting is provided In the second section the relations between Egypt and its African neighbours from the late Prehistory to Late Antique times are summarized In the third section the different kinds of interactions are

described as well as their effects on the lives of individuals and groups and the related cultural dynamics such as selection adoption entanglement and identity building Finally the possible future perspective of research on the issue is outlined both in terms of methods strategies themes and specific topics and of regions and sites whose exploration promises to provide a crucial contribution to the study of the relations between Egypt and Africa

Egypt's Africa Empire Dr Alice Moore-Harell,2010-03-05 The annexation of Equatoria emerged from the Khedive viceroy Ismail s aspiration for an African empire that would control the source of the White Nile at Lake Victoria This title presents a study of the creation of the province of Equatoria located in present day Southern Sudan
