Paul Johnson,2016-03-22 Edgar Cayce widely acclaimed clairvoyant and forerunner of the holistic health movement is revealed here as a pivotal figure in the transition from the esoteric and metaphysical movements of the late nineteenth century to the New Age movement This book describes and evaluates his psychic readings more than 14 000 trance discourses that address medical theological historical and psychological concerns raised by thousands of inquirers The author evaluates evidence for and against Cayce s reliability in the subject areas emphasized by the readings Cayce s medical and psychological advice is shown to be well ahead of his time in many respects and his spiritual teachings are appraised as a reconciliation of Protestant mysticism with New Thought and Theosophy Although the medical readings provide intriguing evidence for Cayce s ESP his clairvoyant time travel illustrates the fallibility of information derived through hypnotic trance The author contends that the contents of the readings reflect the knowledge and interests of their recipients as much as Cayce s personal opinions and beliefs This is the first book to focus solely on appraising the entire body of the Cayce readings from a scholarly perspective **Edgar Cayce and the Eternal Feminine** Lynn Rogers,2004-05 Rogers explores the Eternal Feminine and Edgar Cayce From Creation Myths Twin

Souls and Goddess practices Rogers offers insight into the causes of oppression of women in search of gender justice Rogers presents the Circle of Light Ritual and interviews engaged in The Work This book is a shining star *Beneath the Pyramids* Andrew Collins,2009 Exploring Egypt's lost underworld for the first time Cover **Revised Chronology of the Bible** Anthony Lyle,2013-10 This book is a culmination of that research After trashing his work 10 times and starting over he managed to get a revised chronology that seemed to be more accurate than that being put out by the status quo universities It combines secular world history with Biblical history in a far more even and smoother match than that proposed by former historians who have attempted the same This is his version 12 which doesn't try to match different histories based on dates but rather by matching people and events and then applying revised dates to those events and people This work will call into question the conclusions of historians of the last 200 years about the ancient periods of time and provide an alternative dating for those times It is a World History in that it incorporates the ancient history of India China Japan as well as the traditional Middle Eastern and European societies of ancient times It re-evaluates the beginnings of civilization and the solar system refuting common historical and scientific beliefs of the modern world Documents that have previously been written off as Mythology have been re-evaluated as well as they give a different perspective of ancient times and what happened back then The use and creation of calendars is an important feature added to this work which is seldom taken into account by modern histories Incorporated in this work are many of the more recent archaeological finds that have yet to be incorporated in status quo works and institutions He makes no apology for the fact that this is Biblically based and the conclusions that have been reached by this work fit very well in Biblical contexts and adds some understanding to the events that took place in the Biblical narratives **Egyptomania** Ronald H. Fritze,2021-02-04 Egyptomania takes us on a historical journey to unearth the Egypt of the imagination a land of strange gods mysterious magic secret knowledge monumental pyramids enigmatic sphinxes and immense wealth Egypt has always exerted a powerful attraction on the Western mind and an array of figures have been drawn to the idea of Egypt Even the practical minded Napoleon dreamed of Egyptian glory and helped open the antique land to explorers Ronald H Fritze goes beyond art and architecture to reveal Egyptomania's impact on religion philosophy historical study literature travel science and popular culture All those who remain captivated by the ongoing phenomenon of Egyptomania will revel in the mysteries uncovered in this book **A Seer Out of Season** Harmon H.
