Excerpt from Wonder Tales of the Ancient World The tales contained in the following chapters are practically all that have survived of their kind in ancient Egyptian literature One or two stories have been omitted either because they are too fragmentary to be capable of satisfactory retelling or because as in the case of the story of Wen Amen the narrative though very valuable as history has not much interest merely as a story but those who read this volume will have a fair idea of the whole extant output of Egyptian literature in the department of fiction The version given is free in the sense that some of the crudities of life which the ancient Egyptian expressed in remarkably plain language have been either omitted or expressed in accordance with more modern ideas and that in some cases which are all indicated connecting links or conclusions have been suggested where the existing manuscripts are defective About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
