Ein Fenster Aus Jazz:

The Genesis and Structure of the Hungarian Jazz Diaspora Ádám Havas, 2022-05-18 In Hungary jazz was at the forefront of heated debates sparked by the racialised tensions between national music traditions and newly emerging forms of popular culture that challenged the prevailing status quo within the cultural hierarchies of different historical eras Drawing on an extensive four year field research project including ethnographic observations and 29 in depth interviews this book is the first to explore the hidden diasporic narrative s of Hungarian jazz through the system of historically formed distinctions linked to the social practices of assimilated Jews and Romani musicians The chapters illustrate how different concepts of authenticity and conflicting definitions of jazz as the sound of Western modernity have resulted in a unique hierarchical setting The book s account of the fundamental opposition between US centric mainstream jazz bebop and Bart k inspired free jazz camps not only reveals the extent to which traditionalism and modernism were linked to class and race based cultural distinctions but offers critical insights about the social logic of Hungary s geocultural positioning in the twilight zone between East and West to use the words of Maria Todorova Following a historical overview that incorporates comparisons with other Central European jazz cultures the book offers a rigorous analysis of how the transition from playing caf house music to bebop became a significant element in the status claims of Hungary s significant others i e Romani musicians By combining the innovative application of Pierre Bourdieu s cultural sociology with popular music studies and postcolonial scholarship this work offers a forceful demonstration of the manifold connections of this particular jazz scene to global networks of cultural production which also continue to shape it

The Return of Jazz Andrew Wright Hurley, 2011-02 Jazz has had a peculiar and fascinating history in Germany The influential but controversial German writer broadcaster and record producer Joachim Ernst Berendt 1922 2000 author of the world s best selling jazz book labored to legitimize jazz in West Germany after its ideological renunciation during the Nazi era German musicians began in a highly productive way to question their all too eager adoption of American culture and how they sought to make valid artistic statements reflecting their identity as Europeans This book explores the significance of some of Berendt s most important writings and record productions Particular attention is given to the Jazz Meets the World encounters that he engineered with musicians from Japan Tunisia Brazil Indonesia and India This proto world music demonstrates how some West Germans went about creating a post nationalist identity after the Third Reich Berendt s powerful role as the West German Jazz Pope is explored as is the groundswell of criticism directed at him in the wake of 1968

Jazz, Rock, and Rebels Uta G. Poiger, 2000 This significant

contribution to German history pioneers a conceptually sophisticated approach to German German relations Poiger has much to say about the construction of both gender norms and masculine and feminine identities and she has valuable insights into the role that notions of race played in defining and reformulating those identities and prescriptive behaviors in the German context The book will become a must read for German historians Heide Fehrenbach author of Cinema in Democratizing Germany Poiger breaks new ground in this history of the postwar Germanies The book will serve as a model for all future studies of comparative German German history Robert G Moeller author of Protecting Motherhood Jazz Rock and Rebels exemplifies the exciting work currently emerging out of transnational analyses A well written and well argued study Priscilla Wald author of Constituting Americans

Composers of the Nazi Era Michael H. Kater, 2000 How does creativity thrive in the face of fascism How can a highly artistic individual function professionally in so threatening a climate The final book in a critically acclaimed trilogy that includes *Different Drummers* OUP 1992 and *The Twisted Muse* OUP 1997 this is a detailed study of the often interrelated careers of eight outstanding German composers who lived and worked amid the dictatorship of the Third Reich Werner Egk Paul Hindemith Kurt Weill Karl Amadeus Hartmann Carl Orff Hans Pfitzner Arnold Schoenberg and Richard Strauss Noted historian Michael H Kater weighs issues of accommodation and resistance to ask whether these artists corrupted themselves in the service of a criminal regime and if so whether this is evident in their music He also considers the degrees to which the Nazis poetically socially economically and aesthetically succeeded in their treatment of these individuals whose lives and compositions represent diverse responses to totalitarianism

KulturConfusão - On German-Brazilian Interculturalities Anke Finger, Gabi Kathöfer, Christopher Larkosh, 2015-07-31 The analyses of German and Brazilian cultures found in this book offer a much needed rethinking of the intercultural paradigm for the humanities and literary and cultural studies This collection examines cultural interactions between Germany and Brazil from the Early Modern period to the present day especially how authors artists and other intellectuals address the development of society intervene in the construction and transformation of cultural identities and observe the introduction of differing cultural elements in and beyond the limits of the nation The contributors represent various academic disciplines including German Studies Luso Afro Brazilian Studies Cultural Studies Linguistics Art History and the social sciences Their essays cover a wide range of works and media and the issues they address are relevant not only for each of the scholarly disciplines involved but also in discussions of current cultural practices in connection to all forms of media The collection thus serves as a model for further intercultural research since it calls into question the very terms through which we understand the relationships between cultures as well as their products practices and perspectives

The Instant Composers Pool and Improvisation Beyond Jazz Floris Schuiling, 2018-10-10 The Instant Composers Pool and Improvisation Beyond Jazz contributes to the expansion and diversification of our understanding of the jazz tradition by describing the history and practice of one of the most important non American jazz groups The Instant Composers Pool founded in Amsterdam in 1967

The Instant Composers Pool describes the meaning of instant composition from both a historical and ethnographic perspective. Historically it details instant composition's emergence from the encounter between various overlapping transnational avant-gardes including free jazz, serialism, experimental music, electronic music, and Fluxus. The author shows how the improvising musicians not only engaged with the cultural politics of ethnicity and race involved in the negotiation of the boundaries of jazz as a cultural practice but transformed the meaning of music in society, particularly the nature of improvisation and performance. Ethnographically, The Instant Composers Pool encourages readers to reconsider the conceptual tools we use to describe music performance, improvisation, and creativity. It takes the practice of instant composition as an opportunity to reflect on music performance as a social practice which is crucial not only for jazz studies but for general music scholarship.

New Music, New Allies Amy C. Beal, 2006-07-04. *New Music, New Allies* documents how American experimental music and its practitioners came to prominence in the West German cultural landscape between the end of the Second World War in 1945 and the reunification of East and West Germany in 1990. Beginning with the reeducation programs implemented by American military officers during the postwar occupation of West Germany and continuing through the cultural policies of the Cold War era, this broad history chronicles German views on American music, American composers' pursuit of professional opportunities abroad, and the unprecedented dissemination and support their music enjoyed through West German state-subsidized radio stations, new music festivals, and international exchange programs. Framing the biographies of prominent American composer-performers within the aesthetic and ideological contexts of the second half of the twentieth century, Amy C. Beal follows the international careers of John Cage, Henry Cowell, Earle Brown, Morton Feldman, David Tudor, Frederic Rzewski, Christian Wolff, Steve Reich, Pauline Oliveros, Conlon Nancarrow, and many others to Donaueschingen, Darmstadt, Cologne, Bremen, Berlin, and Munich.

Jazz Forum, 1989. **Modern Lusts** Detlef Siegfried, 2020-07-01. As a jazz musician, filmmaker, anthropologist, sexologist, and crime novelist, the boundlessly curious German autodidact Ernest Borneman exemplified the conflicting cultural and intellectual currents of the twentieth century. In this long-awaited English translation, acclaimed historian Detlef Siegfried chronicles Borneman's journey from a young Jewish Communist in Nazi Berlin to his emergence as a celebrated and reliably controversial transatlantic polymath. Through an innovative structure organized around the human senses, this biography memorably portrays a figure whose far-flung obsessions comprised a microcosm of postwar intellectual life.
