the Cotswolds station on 24th June 1914 shortly before the outbreak of the First World War are his best. Europe was now to be engulfed in a monumental armed struggle and many writers, poets and painters heeded the call to become part of the tide of humanity to serve their countries. Thomas enlisted in the Artists Rifles in July 1915 despite being a mature married man who could have avoided enlisting without too much difficulty. He was promoted to corporal and by November 1916 had been commissioned into the Royal Garrison Artillery as a second lieutenant. Philip Edward Thomas was killed in action soon after his arrival in France at Arras on Easter Monday 9th April 1917. To soften the blow to his widow Helen, a fiction was concocted of a bloodless death that Thomas was killed by the concussive blast wave from an exploding shell as he stood to light his pipe and that there was no mark on his body. It was only decades later that a letter from his commanding officer Franklin Lushington, written in 1936, was discovered stating that Thomas had been shot clean through the chest. W. H. Davies was devastated by the death and his commemorative poem 'Killed In Action' Edward Thomas is a moving tribute to the loss of his friend. Thomas is buried in the Commonwealth War Graves Cemetery at Agny in France, Row C, Grave 43. As a poet, Thomas's career was short but he has been grouped with the War Poets though his output of war poems is short in number, especially when set against those that feature the countryside. Aside from his poems and a novel, Thomas wrote frequent essays and a number of travel books. On Armistice Day 11th November 1985, Thomas was among the 16 Great War poets commemorated on a slate stone unveiled in Westminster Abbey's Poets' Corner.

The Heart of England Edward Thomas, 2019-12-09

In *The Heart of England*, Edward Thomas presents a profound exploration of the English countryside, blending rich imagery with introspective reflections that echo the poignant beauty of nature. Through a series of evocative essays and prose poems, Thomas captures the nuanced relationship between the land and the human experience, revealing how the environment shapes identity and emotion. Published against the backdrop of early 20th century England, Thomas's work strikes a balance between nostalgia and realism, showcasing the complex interplay between war, nature and societal change. Edward Thomas, a pivotal figure in the English literary scene, was deeply influenced by his own experiences in the lush landscapes he described. A poet and essayist who embraced the rural tradition, Thomas found inspiration in the beauty and tranquility of the English countryside, which served as both refuge and muse in a time of escalating industrialization and impending war. His personal struggles with depression and the emotions tied to his experiences during World War I significantly informed his writing, offering readers profound insights into the human condition. Readers are invited to immerse themselves in *The Heart of England*, where Thomas's lyrical prose will transport them into the essence of the British landscape.
