La historia política del Nunca Más Emilio Crenzel, 2024-01-25 En la noche del 20 de septiembre de 1984 a menos de un a o del retorno de la democracia en la Argentina la Comisi n Nacional sobre la Desaparici n de Personas Conadep entreg al presidente Alfons n el informe de su investigaci n Su t tulo era Nunca M s En la Plaza de Mayo setenta mil personas participaban del acto Este libro reconstruye la historia del emblem tico informe y muestra las luchas libradas en torno a la memoria de un pasado conflictivo y las pugnas entre distintos actores por establecer una interpretaci n En un relato claro y apasionante Emilio Crenzel cuenta

cómo fue la elaboración del informe su circulación y sus usos en la esfera pública y explica por qué la frase Nunca Más sintetiza en el presente un sentido sobre este pasado pero a la vez sobre el futuro Basándose en entrevistas a los integrantes de la Conadep dirigentes políticos miembros de los organismos de derechos humanos e intelectuales muestra cómo la investigación logró constituir un nuevo conocimiento y una nueva verdad pública sobre las desapariciones y sus responsables Examina además la utilización del texto en el Juicio a las Juntas Militares y en numerosas producciones culturales sobre el tema A cuarenta años del Nunca Más cuando vemos crecer las voces que niegan justifican y o reivindican la persecución política organizada por la dictadura esta nueva edición actualizada del libro de Emilio Crenzel se vuelve fundamental para repensar la memoria del pasado reciente que no es lineal sino materia de disputa y controversia *Aves de paso* Birgit Mertz-Baumgartner, 2022-10-04 El presente volumen toma prestado el título *Aves de paso* de un relato de Reina Roff y reúne quince estudios académicos como tres contribuciones literarias presentados en el XIV Congreso de la Asociación Alemana de Hispanistas en 2003 Los artículos se dedican al estudio de obras literarias de autores latinoamericanos desde los años 70 hasta hoy que se enfrentan a experiencias de la migración el exilio y los procesos de transculturación Basándose en las teorías postcoloniales investigan las imágenes y metáforas que traducen la situación del migrante así como los diferentes enfoques de los textos sea en el desarraigo y la pérdida de pertenencia cultural y lingüística sea en el desafío que reside en nuevas identidades fronterizas y transculturales Las tres autoras Esther Andradi Alicia Kozameh y Reina Roff presentan sus visiones y transposiciones literarias de la migración **Pensar los 30.000** Emilio Crenzel, 2025-03-01 Los setenta siguen siendo un terreno minado en la Argentina Nada deja esto tan en evidencia como la discusión sobre las responsabilidades por el ciclo de violencia política y sobre el número de desaparecidos un tema que vuelve una y otra vez y divide de un lado a quienes sostienen posiciones abiertamente negacionistas y del otro a quienes enarbolan el símbolo de los 30.000 Cómo salir del laberinto por arriba sin alimentar tabúes que suelen retornar de la peor manera si no es a partir de un trabajo serio sostenido en datos Con un interrogante central como ¿qué sabía la sociedad sobre la represión clandestina en los años posteriores al golpe de Estado y basándose en la revisión de archivos testimonios y documentos Emilio Crenzel reconstruye cómo los familiares de desaparecidos los organismos de derechos humanos los exiliados y las organizaciones armadas elaboraron de manera paulatina un saber sobre el sistema de desaparición Y analiza las miradas muchas veces en tensión entre sí sobre los responsables el paradero de las víctimas las estrategias para contabilizarlas y su destino final Así muestra que incluso en el universo de los denunciantes había interpretaciones divergentes en parte porque la magnitud del horror dificultaba asumir lo que estaba pasando Con un enfoque riguroso y a la vez con gran sensibilidad este libro imprescindible apuesta a decirnos que pensar los 30.000 implica volver a contarlos en más de un sentido para explicar de dónde sale la cifra pero sobre todo para afrontar con fundamentos certeros las preguntas más incómodas Y para reconocer lo que todavía ignoramos sobre los propios desaparecidos los sobrevivientes y los perpetradores **Revista de psicología de El Salvador**, 1988 *The*

Discursive Remembering Lucas M. Bietti,2014-10-14 This book aims at building a bridge between the social and political aspects of remembering and the cognitive and discourse processes driving such activities By analyzing these cognitive and discursive processes Bietti explores practices of individual and collective remembering in institutional and private settings in relation to periods of political violence in Argentina This books begins to fill the conceptual gap between cognitive oriented approaches to remembering that draw conclusions about how memory functions in the mind without a detailed discourse analysis of the communicative interaction in which this process unfolds and the discourse and pragmatic oriented approaches that are mainly interested in analyzing the rhetorical features of conversational remembering in some cases disregarding that there are underlying cognitive mechanisms that drive the construction of discourses about past experiences The empirical analysis shows that individual and collective remembering in relation to periods of political violence in Argentina vary in pragmatic ways due to the fact that these accounts of the past were constructed with reference to the communicative situation Thus this book also aims at shedding new light on the current practices of commemoration and remembrance related to periods of political violence in Argentina in public and private settings

State Terrorism and the Politics of Memory in Latin America Gabriela Fried Amilivia,2016-01-28 This book examines the intergenerational transmission of traumatic memories of the dictatorship in the aftermath of the two first decades since the Uruguayan dictatorship of 1973 1984 in the broader context of public policies of denial and institutionalized impunity Transitional justice studies have tended to focus on

countries like Argentina or Chile in the Southern Cone of Latin America. However, not much research has been conducted on the silent cases of transitions as a result of negotiated pacts. The literature on memory, trauma, and impunity has much to offer to studies of transition and post-authoritarianism. This book situates the human and cultural experience of state terrorism from the perspective of the experiences of Uruguayan families through an in-depth ethnographic, cultural, psycho-social, and political interdisciplinary study. It will be a valuable resource to students, scholars, and practitioners who are interested in substantive questions of memory, democratization, and transitional justice set in Uruguay's scenario, as well as to human rights policy makers, advocates, and educators, and social and political scientists, cultural analysts, politicians, social psychologists, psychotherapists, and activists. It will also appeal to the general public who are interested in the problem of how to transmit the stories and meaning of traumatic experiences as a result of gross human rights violations, the cultural and generational effects of state terror, and the politics of impunity. This book is essential for collections in Latin American studies, political science, and sociology.
