**Teaching** Lawrence O. Richards, Gary J. Bredfeldt, 2020-08-04 Bring the Bible to Your Students like Never Before Communicating the Scriptures is much like building a bridge However instead of ravines or rivers the teacher must span both cultural boundaries and great gulfs of time between the present and the pasts of Moses David Jesus and Paul Though God's Word is always relevant the teacher must help students see Scripture's vast treasures The effective engaging Bible teacher must therefore become creative Together Lawrence Richards and Gary Bredfeldt have created the ultimate guide to building bridges for those seeking to learn about God's Word Creative Bible Teaching offers a five step process by which Christian educators can construct a bridge across time geography and culture to help students of all ages connect with God's Word This newly revised edition makes learning about God's Word more accessible for both teachers and students today Simple clear and memorable the method laid out in Creative Bible Teaching provides a sure fire way of communicating God's Word in a way that sticks

**Bible Teaching for Wisdom** Danny R. Bowen, 2018-02-20 Why another book on teaching Frankly because despite all the valuable resources available to teachers much teaching in the church remains anemic Many of those considered the best of the best still teach Bible facts rather than the Bible Even many of those who teach straight from the biblical text fail to show their learners how the Bible applies to daily life At the other extreme some who do teach application jump right to personal application without regard for the truth of the passage written as it were to an audience far removed from us in time language geography and culture The simple approach in this book will help you see profound change in those you teach Rather than teaching fun facts you can learn to teach transforming truth from the Bible Written for teachers in the church the method presented can be learned quickly and then mastered over a lifetime of teaching The author Danny R Bowen is a veteran Bible teacher who returned to school to learn to teach more effectively and to equip other teachers in the church for effective ministry His passion for solid teaching is evident throughout this short

book The content is gleaned from studies and research for a Master of Divinity and a Ph D The approach is based on theory and practice But understanding and applying the method taught requires only a heart for being used by God to equip the church for ministry Ephesians 4 11 16 The layout of the book follows the method which is based on helping learners answer the effective four questions     **Understanding Teaching** Gregory C.
