Effective Social Science Eight Cases In Economics Political Science And Sociology:

Ecosystem Management William Burch, 2020-09-10 This book documents some of the perceptions strategies and actions of natural resource agencies in the twenty first century as they seek to respond to the changed reality influencing their policies and practices It considers some of the responses in tools techniques and organizational change

Social Studies of Science Bernard Barber, 1990-01-01 One of the first and premier specialists in the sociology of science presents seventeen published and unpublished essays in Social Studies of Science This rich volume is introduced by a long essay The Multiple Diverse and Unexpected Origins of the Sociology of Science a sociological analysis of the fifty years of development of what has finally become the fully realized field of the sociology of science Barber s personal connection with this development makes this analytical essay a vivid contribution to the history of sociology

Social Sciences and Modern States Peter Wagner, 1991-03-28 Modern social sciences have over the past forty years been committed to the improvement of public policy More recently however doubts have arisen about the possibility and desirability of a policy oriented social science In this book leading specialists in the field analyze both the development and failings of policy oriented social science In contrast to other writings on the subject this volume presents a distinctively historical and comparative approach By looking at earlier periods the contributors demonstrate how policy orientation has been central to the emergence and evolution of the social sciences as a form of professional activity Case studies of rarely examined societies such as Poland Brazil and Japan further demonstrate the various ways in which intellectual developments have been shaped by the societal contexts in which they have emerged and how they have taken part in the shaping of these societies

Public Policy Analysis William N. Dunn, 2015-07-22 Dunn presents a problem oriented integrated multidisciplinary synthesis of concepts and methods of public policy analysis The text draws from political science public administration economics decision analysis and social and political theory

The Science of Public Policy: Evolution of policy sciences, pt. 2 Tadao Miyakawa, 1999

Constructing the Social System Bernard Barber, 1993-01-01 Barber constructs a provisional generalized substantive theory of the social system which he uses as the starting point and focus of his specialized researches In this collection of his major writings in social system theory Barber shows how he has used and developed such a framework over the last fifty years and demonstrates the application of social system theory and its contribution to these areas

The State of Public Management Donald F. Kettl, H. Brinton Milward, 1996-07-12 Public management stands at the unique intersection of theory and practice It seeks to help scholars frame questions that will improve their understanding of how policy ideas become transformed into practice and to help government managers see past the narrow issues on their desks to the broader implications of their work In The State of Public Management Donald F Kettl and H Brinton Milward bring together contributors who focus on the interdisciplinary nature of public management Scholars from the social sciences economics political science sociology and psychology examine what traditional disciplines bring to the debate Other analysts build on

this foundation to probe the theoretical bases of and practical solutions for public management *Encyclopedia of Educational Theory and Philosophy* D. C. Phillips, 2014-06-06 The two volume Encyclopedia of Educational Theory and Philosophy introduces readers to theories that have stood the test of time and those that have provided the historical foundation for the best of contemporary educational theory and practice Drawing together a team of international scholars this invaluable reference examines the global landscape of all the key theories and the theorists behind them and presents them in the context needed to understand their strengths and weaknesses *Commemorating the 50th Anniversary of Brown v. Board of Education*: Kenneth K. Wong, 2014-04-04 This special issue commemorates and reassesses the educational effects of the Brown decision The articles are grounded in theories and methods of several disciplines including law philosophy economics political science sociology and public policy The researchers examine the way the Court frames racial inequality and whether the proposed remedy is consistent with the institutional and legal context at the time of the ruling In addressing these questions the authors pay particular attention to the nature of the constitutional argument use of social evidence in shaping judicial decisions the political economy of policy development and implementation in addressing racial desegregation and the ongoing challenge of ensuring equality of schooling opportunity for the increasingly diverse student population *Sentiments and Acts* Irwin Deutscher, Fred P. Pestello, H. F. Pestello, 2021-03-22 No detailed description available for Sentiments and Acts **Thinking like an Economist** Elizabeth Popp Berman, 2022-04-05 The story of how economic reasoning came to dominate Washington between the 1960s and 1980s and why it continues to constrain progressive ambitions today For decades Democratic politicians have frustrated progressives by tinkering around the margins of policy while shying away from truly ambitious change What happened to bold political vision on the left and what shrunk the very horizons of possibility In *Thinking like an Economist* Elizabeth Popp Berman tells the story of how a distinctive way of thinking an economic style of reasoning became dominant in Washington between the 1960s and the 1980s and how it continues to dramatically narrow debates over public policy today Introduced by liberal technocrats who hoped to improve government this way of thinking was grounded in economics but also transformed law and policy At its core was an economic understanding of efficiency and its advocates often found themselves allied with Republicans and in conflict with liberal Democrats who argued for rights equality and limits on corporate power By the Carter administration economic reasoning had spread throughout government policy and laws affecting poverty healthcare antitrust transportation and the environment Fearing waste and overspending liberals reined in their ambitions for decades to come even as Reagan and his Republican successors argued for economic efficiency only when it helped their own goals A compelling account that illuminates what brought American politics to its current state *Thinking like an Economist* also offers critical lessons for the future With the political left resurgent today Democrats seem poised to break with the past but doing so will require abandoning the shibboleth of economic efficiency and successfully advocating new ways of thinking about policy **The**

assassination of Patrice Lumumba Dr Ley G. Ikpo & Miss Jackline Seka Sahlberg, Congo a former Belgian colony at the beginning of the independence of the territory a brave and dedicated leader Patrice Emery Lumumba won the election and was appointed Prime Minister As the first Prime Minister of a democratic Congo the newly elected representative of the country filled with devotion had in mind to providing Congolese with a better future He therefore fought on behalf of Congolese His methods were disliked by the former colonizers for whom he became a danger to their interests in Congo after his speech on independence day on June 30 1960 Since then various plots were arranged against him to be killed Those conspiracies never succeeded against him since they were unfortunately aborted for the most The country fell into a state of incredible disrepair due to recurrent oppositions since September 14 of that year Soon Mobutu's forces backed by the CIA arrested Lumumba on December 1 1960 and he was guarded by the UN troops Later Lumumba was sent to Elizabethville in the Katanga the territory of his rival Moise Tshombe At his arrival he was beaten by both Katanga's and Belgians forces to death On January 17 1960 Patrice Emery Lumumba the first Prime Minister of the Democratic Republic of Congo was assassinated in cold blood by various perpetrators After 61 years in Belgium the remaining teeth were sent back to the DRC for burial on June 30 2022

Effective Social Science Bernard Barber, 1988-04-26 Does social science influence social policy This is a topic of perennial concern among students of politics the economy and other social institutions In *Effective Social Science* eight prominent social researchers offer first hand descriptions of the impact of their work on government and corporate policy In their own words these noted political scientists economists and sociologists among them such influential scholars as James Coleman Joseph Pechman and Elizabeth Ginzberg tell us what it was like to become involved in the making of social policy These rich personal narratives derived from detailed interviews conducted by Bernard Barber himself a veteran of the biomedical policy arena illuminate the role of social science in diverse areas including school desegregation comprehensive income taxation military manpower utilization transportation deregulation and the protection of privacy The patterns traced in this volume indicate that social science can influence policy but only as part of a pluralistic political process effective social research requires advocacy as well as a conducive social and ideological climate For anyone curious about the relationship between social knowledge and social action this book provides striking illustration and fruitful analysis

Idea Brokers James A. Smith, 1993-11-08 From Simon Schuster *The Idea Brokers* is James A. Smith's exploration of think tanks and the rise of the new policy elite Tracing the rise of the think tank from the turn of the century to the present historian Smith provides a portrait of this policy elite and concludes that experts have preempted the public debate by helping to remove complex issues from the ken of ordinary citizens

Social Science Quarterly, 1989 Includes section Book reviews

The Untested Accusation Bruce Jesse Biddle, Lawrence J. Saha, 2002 Here is a report of a systematic study based on interviews with 120 school principals that addresses questions about the utilization of knowledge from social research It offers evidence that challenges allegations about the awful reputation of educational research and its supposed

lack of impact The Untested Accusation Describes the methods used in the investigation Provides reviews of related work with social research impact Defines major terms Provides a conceptual model for thinking about the problem Provides both quantitative evidence and verbatim quotes from principals Compares research knowledge use among public private and independent schools in two national contexts the United States and Australia Discusses various strategies that can be used to improve the impact of educational research Findings from this study details How principals are exposed to research knowledge and their attitudes concerning its use The types of research knowledge with which principals are familiar Reports of research knowledge use in various schools A summary of m their attitudes concerning its use The types of research knowledge with which principals are familiar Reports of research knowledge use in various schools A summary of major findings and a discussion of conclusions and their implications are provided This report concludes that educational research already has considerable impact and that school principals play active roles in converting that knowledge into innovative policies and practices For teachers administrators school board members and others interested in educational and social research their attitudes concerning its use The types of research knowledge with which principals are familiar Reports of research knowledge use in various schools A summary of major findings and a discussion of conclusions and their implications are provided This report concludes that educational research already has considerable impact and that school principals play active roles in converting that knowledge into innovative policies and practices For teachers administrators school board members and others interested in educational and social research

Advances in Policy Studies Since 1950 William N. Dunn, Rita Mae Kelly, This latest volume of the Policy Studies Review Annual series brings together leading policy scientists in a comprehensive review of the field s achievements since its professionalization some forty years ago If an advance is defined as an improvement in theory methodology information or practice how does the field measure up And what should its next goals be This unusual compendium of entirely new essays and articles helps to answer such questions On balance the contributors show the record is mixed Policy sciences draw on the theoretical foundations of many disciplines but have not themselves contributed theoretical advances We have more information but information in itself does not constitute an advance Despite improved interaction between academia and government it is difficult to identify new or better policies that have resulted On the other hand there have been impressive advances in methodology procedures for conducting inquiry that yield reliable and relevant policy knowledge In its candid assessment of trends controversies and unsolved problems this volume charts new directions for the policy sciences

Gaining Access Martha S. Feldman, Jeannine Bell, Michele Tracy Berger, 2004-09-01 Gaining access is a critical part of doing research not only because one must get in in order to gain information but also because the quality of access affects what information is available to the researcher Despite its importance the literature on qualitative methods has not yet provided an extensive treatment of this issue Gaining Access fills the void by offering useful prescriptive advice on how to successfully enter different field settings for interviewing and observation The detailed methodological guidelines presented by the authors are reinforced in a set of case studies by expert researchers from diverse disciplinary backgrounds on a wide variety of formal and informal settings from working with ethnic minorities in Bosnia to studying prisons sex workers welfare offices and the clergy This book will provide useful ideas to experienced qualitative researchers as well as invaluable advice to novices conducting their first study
