Egypt Since The Revolution:

Egypt Since the Revolution (RLE Egypt) P.J. Vatikiotis, 2013-01-03 As the leaders of a revolutionary nationalist regime the Egyptian Free Officers who came to power following the 1952 Revolution committed themselves to the attainment of goals associated with modernization namely rapid economic development based on State planning and industrialization and the political mobilization of society along State decreed lines Arising from a conference held at the Centre of Middle Eastern Studies at SOAS with contributions from scholars from the Arab world Europe and the US as well as the UK these papers raise the questions most important to students of economic and political development Egypt Since the Revolution (RLE Egypt) Panayiotis J. Vatikiotis, 2012 As the leaders of a revolutionary nationalist regime the Egyptian Free Officers who came to power following the 1952 Revolution committed themselves to the attainment of goals associated with modernization namely rapid economic development based on State planning and industrialization and the political mobilization of society along State decreed lines Arising from a conference held at the Centre of Middle Eastern Studies at SOAS with contributions from scholars from the Arab world Europe and the US as well as the UK these papers raise the questions most important to students of economic and political development Whatever Else Happened to the Egyptians? Galal A. Amin, 2004 At the time of the Egyptian Revolution in 1952 the population of Egypt was around 22 million At the end of 2002 it stood at 69 million and was growing at a rate of 1.33 million a year What happens to a society that grows so quickly when the habitable and cultivable land of the country is strictly limited After the success of Whatever Happened to the Egyptians Galal Amin now takes a further bemused look at the changes that have taken place in Egyptian society over the past half century this time considering the disruptions brought about by the surge in population Basing his arguments on both academic research and his own personal experiences and impressions and employing the same light humor and keen sense of empathy as in his earlier work the author discusses how runaway population growth has not only profound effects on many aspects of society from love and fashion to telephones the supermarket and religion but also predictable effects on the economy The Egyptians Jack Shenker, 2012-07-31 The award winning journalist and longtime Cairo resident delivers a meticulous passionate study of the ongoing battle for contemporary Egypt The Guardian On January 25 2011 a revolution began in Egypt that succeeded in ousting the country's longtime dictator Hosni Mubarak In The Egyptians journalist Jack Shenker uncovers the roots of the uprising and explores the country's current state divided between two irreconcilable political orders Challenging conventional analyses that depict a battle between Islamists and secular forces The Egyptians illuminates other equally important fault lines far flung communities waging war against transnational corporations men and women fighting to subvert long established gender norms and workers dramatically seizing control of their own factories Putting the Egyptian revolution in its proper context as an ongoing popular struggle against state authority and economic exclusion The Egyptians explains why the events since 2011 have proved so threatening to elites both inside Egypt and abroad As Egypt's

rulers seek to eliminate all forms of dissent seeded within the rebellious politics of Egypt's young generation are big ideas about democracy, sovereignty, social justice and resistance that could yet change the world. I started reading this and couldn't stop. It's a remarkable piece of work and very revealing. A stirring rendition of a people's revolution as the popular forces that Shenker vividly depicts carry forward their many and varied struggles with radical potential that extends far beyond Egypt.

Noam Chomsky Revolution as a Process Adham Hamed, 2014-06-16 As Egyptian society stands at a point of extreme polarization, this book about the Egyptian Revolution makes an important contribution to current debates about the Arab uprisings by bringing together theoretical and practitioner's perspectives. The clear aim of this edited volume of the series Contemporary Studies on the MENA Region is not to construct a singular narrative about the revolution but rather to highlight the multiplicity and complexity of perspectives and theoretical lenses. Consequently, this book brings together authors from diverse academic and cultural backgrounds from the Middle East and the Global North to raise their voices. This publication addresses scholars of the social sciences, peace and conflict research, as well as anyone interested in developing a better understanding of the political situation in Egypt. It is rather easy to say no to a dictator, a ruler or a political system, but it is exhausting to build a new society. This requires the constant effort of dedicated generations. This book embraces not a master plan for a better future but it reflects from where this splendid young generation has to start anyway: the thorny challenges that are waiting for them on their path, the uncertainty of social or political reward.

Professor Dr. Wolfgang Dietrich, Director UNESCO Chair for Peace Studies, University of Innsbruck. Adham Hamed is a Cairo-based peace and conflict researcher. In his work, he focuses on transnational peace philosophy and elicitive conflict transformation as it has been developed at the Innsbruck School of Peace Studies.

Egypt From Independence to Revolution, 1919-1952 Selma Botman, 1991-10-01 This text offers an interpretation of Egypt's so-called liberal era and an understanding of contemporary Egyptian society. It analyses both mainstream and conventional political and social forces and political activism among people from widely differing backgrounds.

Revolutionary Egypt Reem Abou-El-Fadl, 2015-06-05 In 2011, the world watched as Egyptians rose up against a dictator. Observers marveled at this sudden rupture and honed in on the heroes of Tahrir Square. Revolutionary Egypt analyzes this tumultuous period from multiple perspectives, bringing together experts on the Middle East from disciplines as diverse as political economy, comparative politics and social anthropology. Drawing on primary research conducted in Egypt and across the world, this book analyzes the foundations and future of Egypt's revolution. Considering the revolution as a process, it looks back over decades of popular resistance to state practices and predicts the waves still to come. It also confidently places Egypt's revolutionary process in its regional and international contexts, considering popular contestation of foreign policy trends as well as the reactions of external actors. It draws connections between Egyptians' struggles against domestic despotism and their reactions to regional and international processes such as economic liberalization, Euro-American interventionism and similar struggles further afield. Revolutionary Egypt is an

essential resource for scholars and students of social movements and revolution comparative politics and Middle East politics in particular Middle East foreign policy and international relations *Translating Egypt's Revolution* Samia

Mehrez,2012-05-01 This unique interdisciplinary collective project is the culmination of research and translation work conducted by American University in Cairo students of different cultural and linguistic backgrounds who continue to witness Egypt's ongoing revolution This historic event has produced an unprecedented proliferation of political and cultural documents and materials whether written oral or visual Given their range different linguistic registers and referential worlds these documents present a great challenge to any translator The contributors to this volume have selectively translated chants banners jokes poems and interviews as well as presidential speeches and military communiqués Their practical translation work is informed by the cultural turn in translation studies and the nuanced role of the translator as negotiator between texts and cultures The chapters focus on the relationship between translation and semiotics issues of fidelity and equivalence creative transformation and rewriting and the issue of target readership This mature collective project is in many ways a reenactment of the new infectious revolutionary spirit in Egypt today *Egyptian Foreign Policy From*

Mubarak to Morsi Nael Shama,2013-10-30 Egyptian Foreign Policy from Mubarak to Morsi explores an area rarely touched upon by researchers the relationship between regime security and the national interest Concentrating on Egyptian foreign policy under President Hosni Mubarak this book analyses how it was used to bolster his internal hold on power In considering Egyptian foreign policy two central case studies are examined Firstly Egypt's reluctance to re-establish diplomatic ties with Iran and secondly Egypt's response to the efforts of the Bush administration in promoting political reform in the Middle East When examining these case studies the impact of different societal factors on decision making is taken into consideration highlighting the role of business groups and the security apparatus in foreign policy decision making Concluding with a discussion of Egypt's foreign policy in the first year of Mohamed Morsi's rule and arguing that it has departed little from Mubarak's policy this book is a vital resource for anyone interested in contemporary Egyptian politics Middle East Studies and International Relations more broadly *Egypt From Monarchy To Republic* Shimon

Shamir,2021-11-28 An examination of the extent to which Nasser's 1952 coup d'état brought about significant changes in the basic social political and cultural structures of Egypt **Egypt's Incomplete Revolution** Rami Ginat,2013-04-03 The

importance of Lutfi al Khuli and the intellectual circle associated with the Nasserist regime is examined here Rami Ginat looks at al Khuli's contribution to the short lived yet formidable success of Arab socialism *The Egyptian Revolution*

Mohamed El-Bendary,2013 This book offers a chronicle of and a revealing look at the 2011 Egyptian Revolution and its aftermath The author an Egyptian American journalist living in Egypt detailed the news coverage and man in the street impressions of Mubarak's fall and Mohamed Morsi's struggle to stay in power At home in the U.S as well as in Egypt he uses his experience as a journalist to explain for Americans the confrontation between Islamists and seculars *A History of the*

Egyptian Revolution, from the Period of the Mamelukes to the Death of Mohammed Ali Andrew Archibald Paton, 1870 **A History of the Egyptian Revolution, from the Period of the Mamelukes to the Death of Mohammed Ali; from Arab and European Memoirs, Oral Tradition, and Local Research** A. A. Paton, 1870 *Revolutionary Egypt in the Eyes of the Muslim Brotherhood* Mohammed el-Nawawy, Mohamad Hamas Elmasry, 2018-10-16 The Muslim Brotherhood which was founded in Egypt in 1926 has been at the forefront of the resurgence of political Islam in the Middle East It has also endeavored to reach out beyond Egypt and the Middle East to an international audience increasing its media campaign in English This outreach is the focus of the book which delves into the media strategies and ventures of the Muslim Brotherhood by studying how it has used its official English website to frame its political ideologies and its role in the 2011 Egyptian uprising **Revolutionary Art and Politics in Egypt** Rounwah Adly Riyadh Bseiso, 2023-01-26 This book examines the role of artists in Egypt during the 2011 revolution when street art from graffiti to political murals became ubiquitous facets of revolutionary spaces Through interviews personal testimonies and accounts of the lived experience of 25 street artists the book explores the meaning of art in revolutionary political contexts specifically by focusing on artistic production during liminal moments as the events of the Egyptian revolution unfolded The author privileges the perspective of the actors themselves to examine the ways that artists reacted to events and conceived of their art as means to further the goals of the revolution Based on fieldwork conducted in the years since 2011 the book provides a narrative of Egyptian artists participation in and representations of the revolution from hopeful beginnings to the subsequent crackdown and election of al Sisi Egypt Azmi Bishara, 2022-07-14 Azmi Bishara s seminal study of the 2011 Egyptian Revolution chronicles in granular detail the lead up to the momentous uprisings and the subsequent transition and coup The book critically investigates the social and economic conditions that formed the backdrop to the revolution and the complex challenges posed by the transition from authoritarianism to democracy Part One From July Coup to January Revolution goes back to what is called the 1952 revolution or the 1952 Coup d tat and traces events until 2011 when Hosni Mubarak stepped down as the president of Egypt after weeks of protest It highlights the relationship between the presidency and the army to show that contrary to popular belief the presidency grew gradually stronger at the expense of other institutions especially the army and reached its apogee under Mubarak Part Two From Revolution to Coup d Etat covers the critical stages from when the military junta took over the governing of Egypt as the Supreme Council of the Armed Forces SCAF and the election of Morsi up until the coup to overthrow his presidency Using a democratic transition theory perspective Azmi Bishara explains the failure of the democratic transition and how it has impacted on Arab revolutions ever since Written while the revolutions were taking place this book conveys a sense of immediacy and urgency as Bishara makes wide ranging assessments with many of his forecasts corroborated in later years The book is renowned for its use of primary source material including interviews statistics and public opinion polls thus preserving the memory of the revolution and remaining one of the most

comprehensive reference books on the subject to date Egypt Mona L. Russell Ph.D.,2013-01-11 This handbook provides an overview of the society culture geography history and politics of contemporary Egypt While such historic monuments as the pyramids at Giza the Karnak Temple and the Valley of the Kings draw visitors to Egypt each year the country is today a large and varied collection of some 79 million people An important political and cultural force in the Middle East and home to one of Africa s most advanced economies Egypt is rapidly becoming a major player in the 21st century world This comprehensive text examines all facets of life in Egypt including its land history politics and culture It is written in a manner that makes the subject accessible and engaging for readers with little prior knowledge about the country but also provides a critical analysis of the latest research for students and scholars familiar with Egypt and its people Special attention is given to the historical period following the rise of Islam to enable a greater understanding of Egypt s contemporary government religious practices popular culture and current events

Egypt's Football Revolution Carl Rommel,2021-07-27 Both a symbol of the Mubarak government s power and a component in its construction of national identity football served as fertile ground for Egyptians to confront the regime s overthrow during the 2011 revolution With the help of the state appreciation for football in Egypt peaked in the late 2000s Yet after Mubarak fell fans questioned their previous support calling for a reformed football for a new postrevolutionary nation In *Egypt s Football Revolution* Carl Rommel examines the politics of football as a space for ordinary Egyptians and state forces to negotiate a masculine Egyptian chauvinism Based on several years of fieldwork with fans players journalists and coaches he investigates the increasing attention paid to football during the Mubarak era its demise with the 2011 uprisings and 2012 Port Said Massacre which left seventy two dead and its recent rehabilitation Cairo s highly organized and dedicated Ultras fans became a key revolutionary force through their antiregime activism challenging earlier styles of fandom and making visible entrenched ties between sport and politics As the appeal for football burst alternative conceptions of masculinity emotion and power came to the fore to demand or prevent revolution and reform

From the 1919 Revolution to the 2011 Arab Spring Uzi Rabi,Mira Tzoreff,2024-05-08 Focused on three Egyptian revolutions in 1919 1952 and 2011 this edited book argues that each of these revolutions is a milestone which represents a meaningful turning point in modern Egyptian history Revolutions are typically characterized by a fundamental change in political and social infrastructures as well as in the establishment of new values and norms However it should be noted that this may not be entirely applicable when examining the context of the three Egyptian revolutions the 1919 revolution failed to liberate Egypt from British colonial hegemony the 1952 revolution failed to rework the country s social and economic systems and unify the Arab world and the Arab Spring revolution of 2011 culminated in a chaotic economic and social catastrophe thus failing to solve the young generation s crisis Nevertheless by revisiting and re defining these revolutions through diverse theoretical frameworks the book proposes that each of them played a significant role in shaping Egypt s political social and cultural identity This book is specifically of interest for students historians and social scientists

with a keen interest in Egyptian history and the Middle East offering fresh perspectives and insights into these transformative moments in Egypt's history

Egypt Since The Revolution Book Review: Unveiling the Power of Words
