# Egypt the Crucible: the Unfinished Revolution in the Arab World

Hopkins, Harry

Note: This is not the actual book cover

# Egypt The Crucible The Unfinished Revolu

**James P. Jankowski**

## **Egypt The Crucible The Unfinished Revolu:**

Egypt, the crucible : the unfinished revolution of the Arab world Harry Hopkins,1969      **Egypt, the Crucible** Harry Hopkins,1969      **The History of Egypt** Glenn E. Perry,2015-12-01 Providing a valuable resource for readers seeking information on all periods of Egyptian history this book covers Egypt starting from ancient times and continuing through the medieval Islamic period to focus on the events of the last 100 years including the aborted revolution of 2011 Egypt has experienced tumultuous events in recent years especially starting with the uprisings and revolution of 2011 This second edition of The History of Egypt not only provides readers with in depth information on events of the last decade such as the Arab Spring the removal of Hosni Mubarak from office and the protests against Mohamed Morsi s presidency but also provides key background with chapters addressing previous periods of the country s history starting from pre Islamic times to pharaonic to Byzantine The volume offers an objective history of Egypt that is uniquely appropriate for a high school audience This expanded and extensively updated second edition provides new content and media photographs that help bring recent events to life for readers without previous knowledge about the topic It also includes coverage of important events in long ago Egyptian history that lends valuable perspective to events in the 21st century such the nation s transformation into a Muslim and Arab country and Egypt s post 1778 imperialism and modernization through World War I      The Quest for Hegemony in the Arab World PODEH,2022-02-22 The struggle between Egypt and Iraq over Arab hegemony constitutes the main theme of this study Focussing on the struggle over Middle Eastern defense between 1945 58 and culminating in the conflict over the Baghdad Pact 1955 58 it sheds new light on Arab politics during the period under review This research concentrates predominantly on the regional actors The underlying assumption is that policies were not necessarily formulated in Washington and London and that often enough major decisions taken in Ankara Cairo Baghdad Damascus Amman and other Arab capitals affected decision makers in Western capitals The Quest for Hegemony in the Arab World is based on newly released British American and Israeli documents as well as on all available Arab sources The study s value rests upon its discussion of the Baghdad Pact a significant event which was hitherto neglected yet marked a watershed in modern Arab history This study s approach offers an analytical framework with which the present struggle for hegemony in the Arab world may be examined      The Politics of Egypt Ninette S. Fahmy,2012-10-12 This book addresses two important matters of current concern to Middle East scholars firstly the nature of the Egyptian state and society and the interactive process between them and secondly how change which would finally lead to development can be initiated The book argues that the Egyptian case represents a weak authoritarian state which through its coercive and repressive policies towards various societal forces political parties professional associations and organisations and individuals creates a weak society Individual behaviour in urban and rural communities sometimes viewed as signs of the strength of societal forces is seen here as a symptom of a weak and fragmented society The existence of a weak society in turn impedes government objectives

and hinders the implementation of developmental policies and programmes further weakening the state This being the case change has to be initiated externally in both the political and economic spheres

**Nasser's Egypt, Arab Nationalism, and the United Arab Republic** James P. Jankowski, 2002 During the crucial decade of the 1950s in Egypt both Gamal Abdel Nasser and the idea of Arab nationalism were assuming more and more influence in Egypt and the greater Arab world Exploring this phenomenon James Jankowski also offers important insights into the political context in which Nasser maneuvered Jankowski focuses on the period from the 1952 Revolution in Egypt to the dissolution of the short lived union of Egypt and Syria in 1961 and on the outlook and actions of Nasser the dominant figure in Egypt's new revolutionary regime Concisely and convincingly he identifies the unique blend of ideological and practical considerations that led Egypt to a progressively deeper involvement in Arab nationalism He draws on newly available materials from the U S and British archives and on the memoir literature now available in Arabic to present a detailed reconstruction of this formative period in Egyptian political history Jankowski traces Egypt's and Nasser's movement from a peripheral to a central position in Arab nationalist politics

**Understanding the Volatile and Dangerous Middle East** Steven Carol, 2019-09-26 The Middle East can be bewildering which is why we need to connect the dots that pull together the political economic diplomatic military cultural and religious pieces of the puzzle Professor Steven Carol slashes through the confusion with a topical approach focusing on key issues such as the geographic features of the Middle East demographics of the region the influence of Islam political processes shifting alliances war in the region and the need for security He also takes a careful look at perpetual negotiations attempts to secure peace and the role that the media play in how we view the region His goal to clarify the confusing nature of Middle East affairs and to combat the mistaken beliefs misrepresentations and outright fabrications about the region In a bid to reclaim the truth he shares basic principles relying on factual supporting evidence to prove their validity Seventy eight maps and numerous tables make understanding complex topics easier Whether you're a student educator bureaucrat or politician you'll find insights based on facts in Understanding the Volatile and Dangerous Middle East

Historical Dictionary of Egypt Arthur Goldschmidt, Jr., 2023-07-25 Egypt is the world's oldest continuous country with a recorded past of over 6 000 years Often invaded conquered and occupied by foreign armies Egypt has never lost its identity The Egyptians of today although they have changed their language once and their religion twice descend mainly from the Egyptians who built the Giza Pyramids and the Temple of Karnak who served Alexander the Great and his heirs who submitted to Augustus Caesar and raised much of the grain that fed the Roman Empire who started Christian monasticism and the veneration of the Virgin Mary and who advanced and sustained Muslim learning in what is now the world's oldest functioning university It was and is one of the most important countries in the world Historical Dictionary of Egypt Fifth Edition contains a chronology an introduction and an extensive bibliography The dictionary section has more than 600 cross referenced entries on important personalities as well as aspects of the country's politics economy foreign relations

religion and culture This book is an excellent resource for students researchers and anyone wanting to know more about Egypt

**Envisioning the Arab Future** Nathan J. Citino, 2017-02-17 Decades before 9 11 and the Arab Spring US and Arab elites contended over the future of the Middle East Through unprecedented research in Arabic and English Envisioning the Arab Future details how Americans and Arabs nationalists Islamists and communists disputed the meaning of modernization within a shared set of Cold War era concepts Faith in linear progress the idea that society functioned as a system and a fascination with speed united officials and intellectuals who were otherwise divided by language and politics This book assesses the regional implications of US power while examining a range of topics that transcends the Arab Israeli conflict including travel communities gender oil agriculture Iraqi nationalism Nasser s Arab Socialism and hijackings in both the United States and the Middle East By uncovering a shared history of modernization between Arabs and Americans Envisioning the Arab Future challenges assumptions about a clash of civilizations and profoundly reinterprets the antecedents of today s crises

*Nasser* Anne Alexander, 2025-07-31 A nuanced portrait of one of the most complex figures of the Middle East Gamal Abd al Nasser More than fifty years after his death Gamal Abd al Nasser remains a towering figure in the Arab world As one of the young officers who overthrew British backed King Farouk in Egypt in 1952 Nasser rose to prominence as a charismatic visionary who challenged foreign dominance At just thirty six years old he became the undisputed leader of Egypt in a presidency that would run from 1956 to 1970 This insightful biography in its second edition and featuring a new introduction from the author delves into the life of Nasser charting his rise to power his nationalization of the Suez Canal and his turbulent years as president Many in the Arab World celebrate Nasser for his defiance of colonial rule and his dream of Arab unity However his legacy is not without its contradictions Critics have alluded for instance to his autocratic rule and unfulfilled promises In *Nasser* Anne Alexander explores this tension between Nasser s revolutionary ideas and the reality of his governance
