Planet Medicine: Origins, Revised Edition Richard Grossinger, 2013-03-26 Planet Medicine is a major work by an anthropologist who looks at medicine in a broad context In this edition additions to this classic text include a section on Reiki a comparison of types of palpation used in healing updates on craniosacral therapy and a means of understanding how different alternative medicines actually work Illustrated throughout this is the standard on the history philosophy and anthropology of this subject

**Homeopathy as Energy Medicine** Richard Grossinger, 2024-06-25 Comprehensively examines what homeopathy is and places the practice within the larger framework of energy medicine and microdose effects Lays out the principles and origins of homeopathy explaining its discovery and development by Samuel Hahnemann Explores the rise and fall and current rise in popularity of homeopathy over the years and its resonance during the COVID 19 pandemic Helping first time patients as well as longtime devotees gain a deeper understanding of just what homeopathy is Richard Grossinger presents a comprehensive overview of the healing art explaining its essential philosophy and methodology and showing how it relates to the broader concepts of energy medicine and nanodose treatments He introduces homeopathy's basic framework and explores its three central principles the Law of Similars microdose transmission of energetic information and potentization Addressing the many critiques of homeopathy he looks at the power of the placebo effect and offers a comparison of homeopathy to other alternative and mainstream healing modalities Placing

homeopathy in a historical context he explores doctor Samuel Hahnemann's discovery of homeopathy in the late 18th century and looks at medical and pharmaceutical systems that preceded homeopathy such as alchemy Paracelsan herbalism and Greek and Roman medicine He examines homeopathy's rise and fall in popularity over the years including its renaissance in early 19th century North America and its revival in the counterculture of the 1970s He looks at modern evolutions of homeopathy including Dr Rajan Sankaran's sensations theory homeopathy's resonance during the COVID 19 pandemic the concept of the pill less pharmacy the microdose basis of astrological charts and psychic homeopathy Presenting a contemporary understanding of homeopathy as energy medicine this book offers everything needed to begin self healing with the power of the nanodose     Islamic Civilisation and The Modern World Osman Bakar,2015-01-21 This book presents a thematic treatment of Islamic civilisation Each of the fourteen chapters comprising this book treats at least one of the major themes that are characteristic of this youngest religiously based civilisation of the world The author's thematic approach is primarily meant to promote a better appreciation of the living nature of Islamic civilisation The book's content provides ample evidence that Islamic civilisation is not merely a passing historical phenomenon The various themes it discusses clearly demonstrate the continuing relevance of Islamic civilisation to the present and future humanity     **Out of the Shadow** Rinda West,2007 In western culture the separation of humans from nature has contributed to a schism between the conscious reason and the unconscious dreaming psyche or internal human nature Our increasing lack of intimacy with the land has led to a decreased capacity to access parts of the psyche not normally valued in a capitalist culture In Out of the Shadow Ecopsychology Story and Encounters with the Land Rinda West uses Jung's idea of the shadow to explore how this divorce results in alienation projection and often breakdown Bringing together ideas from analytical psychology environmental thought and literary studies West explores a variety of literary texts including several by contemporary American Indian writers to show through a sort of geography of the psyche how alienation from nature reflects a parallel separation from the nature that constitutes the unconscious Through her analysis of narratives that offer images of people confronting shadow reconnecting with nature and growing psychologically and ethically West reveals that when characters enter into relationship with the natural world they are better able to confront and reclaim shadow By writing from the shadows West argues that contemporary writers are exploring ways of being human that have the potential for creating more just and honorable relationships with nature and more sustainable communities For ecocritics conservation activists scholars and students of environmental studies and American Indian studies and ecopsychologists Out of the Shadow offers hope for humans wishing to reconcile with themselves with nature and with community     Planet Medicine: Modalities, Revised Edition Richard Grossinger,2000 Planet Medicine is a major work by an anthropologist who looks at medicine in a broad context In this edition additions to this classic text include a section on Reiki a comparison of types of palpation used in healing updates on craniosacral therapy and a means of understanding how different alternative medicines actually work

Illustrated throughout this is the standard on the history philosophy and anthropology of this subject      **Environmental Education and Advocacy** Edward A. Johnson, Michael J. Mappin, 2005-03-03 Environmental education has often blurred the distinction between ecological science and environmental advocacy Growing public awareness of environmental problems and desire for action may be contributing to this blurring There is a need to clarify the distinction between the role of ecological science and the role of social and political values for the environment within environmental education This book addresses this need by examining the changing perspectives of ecology in education and the changing perspectives of education in environmental education Guidelines are provided for assessing the science and education perspectives within environmental education along with suggested frameworks for development of programs and resources that integrate current science education and action This book will be of interest to environmental educators ecologists interested in environmental education and curriculum and resource developers      **Planet Medicine** Richard Grossinger, 2001-01-31 Planet Medicine is a major work by an anthropologist who looks at medicine in a broad context In this edition additions to this classic text include a section on Reiki a comparison of types of palpation used in healing updates on craniosacral therapy and a means of understanding how different alternative medicines actually work Illustrated throughout this is the standard on the history philosophy and anthropology of this subject      **Bottoming Out the Universe** Richard Grossinger, 2020-04-07 An exploration into consciousness the universe and the nature of reality Draws on transdimensional physics and biology reincarnation and past life memories animal consciousness multiple identities thoughtforms soul pictures and paranormal phenomena like crop circles and poltergeists Explores the riddle of personal identity and how it differs from consciousness Reveals that consciousness is more than encompassing all that exists it also speaks to what has yet to manifest Scientific orthodoxy views the universe as conceived of matter protons neutrons electrons down to the smallest particle quarks But when you keep digging what is beneath quarks The scientific worldview does not take into account consciousness or life itself How did consciousness become part of the material universe Is it a by product of brain chemistry or a constituent of reality Or to dig deeper which is more fundamental the existence of an objective physical universe or our subjective experience of it In this investigation into consciousness the universe and the nature of reality Richard Grossinger offers a wide ranging foundation for reimagining the universe as based in consciousness rather than matter He presents in depth analysis of the standard scientific description of the universe revealing the holes in its theories Exploring the interpenetration of matter and all reality by consciousness the author looks at reincarnation and past life memories examining famous and lesser known but verifiable accounts He then explores the nature and origin of consciousness with accompanying explorations of animal consciousness the brain as a computer multiple identities thoughtforms soul pictures and paranormal phenomena like UFOs faeries and poltergeists He also examines concepts from physics that combine elements of both consciousness and matter such as collapsing waveforms and the uncertainty principle of quantum mechanics Examining nonlocal and transpersonal

modes of consciousness Grossinger looks at the difference between consciousness and personal identity He expands this discussion with reflections on Sethian cosmology using Seth s own words and Jane Roberts s and John Friedlander s interpretations He reveals that consciousness also encompasses what has yet to manifest and explains why the universe exists at all why there is something rather than nothing Skewering the materialist paradigm and placing consciousness alongside mass gravity and heat as an essential component of the universe Grossinger proposes that reality is a thoughtform where sentient beings collaborate to bring about a concrete realm vibrating at their own frequency **2013** Richard Grossinger,2011-05-31 For the Earth to move to the next vibration says Richard Grossinger consciousness must change in profound ways and these involve core elements of humanity evil grief bliss and compassion 2013 locates these elements in often unlikely places and seeks their nature and capacity for change With playfulness and precision 2013 tackles the questions of creation and existence in their twenty first century incarnation In these intellectual field notes the author s absorbing style combines memoir with scientific deconstruction metaphysical ontology and experimental prose that recalls the Black Mountain school to draw transcendental insight from the ephemeral space time we call daily life Moving with equal ease between matters cosmic and earthly Grossinger details existence as an exhilarating adventure always pushing us toward a higher state in this wide ranging humorous and heartfelt book Including an informal course in psychic development 2013 sheds light on the ephemera of planets and iPods politics and Zen Buddy Holly and road trips in its study of the elements of psychic development that could transform humankind and the Earth Introduction to Ecological Aesthetics Fanren Zeng,2019-08-26 This book explores in detail the issues of ecological civilization development ecological philosophy ecological criticism environmental aesthetics and the ecological wisdom of traditional Chinese culture related to ecological aesthetics Drawing on Western philosophy and aesthetics it proposes and demonstrates a unique aesthetic view of ecological ontology in the field of aesthetics under the direct influence of Marxism which is based on the modern economic social cultural development and the modern values of traditional Chinese culture This book embodies the innovative interpretation of Chinese traditional culture in the Chinese academic community The author discusses the philosophical and cultural resources that can be used for reference in Chinese and Western cultural tradition focusing on traditional Chinese Confucianism Taoism Buddhism and painting art Western modern ecological philosophy Heidegger s ontology ecological aesthetics and British and American environmental aesthetics In short the book comprehensively discusses the author s concept of ecological ontology aesthetics as an integration and unification of ontology aesthetics and ecological aesthetics This generalized ecological aesthetics explores the relationship between humans and nature society and itself guided by the brand new ecological worldview in the post modern context It also changes the non beauty state of human existence and establishes an aesthetic existence state that conforms to ecological laws *ENVIRONMENTAL MANAGEMENT, Third Edition* KRISHNAMOORTHY, BALA ,2017-09-01 This concise and compact text continues to provide updates on
