you are buying the company you think you are Are you sure it is as good as the seller says How can you be certain  
unexpected costs and obligations will not suddenly appear once you are the owner and responsible for them How best can  
you arm yourself for the negotiations Have you worked out precisely what you are going to do with it once it is yours How do  
you set the priorities for change to recoup the premium you have paid for it The answer to all these questions and many more  
lies with effective due diligence Due diligence is one of the most important but least well understood aspects of the  
acquisition process It is not as many believe a chore to be left to the accountants and lawyers To get the best from it due  
diligence has to be properly planned and professionally managed This book is a comprehensive manual on getting due  
diligence right It is a uniquely comprehensive guide covering all aspects of the process from financial legal and commercial  
due diligence right through to environmental and intellectual property due diligence There are also useful chapters on  
working with advisers and managing due diligence projects It also includes a number of checklists to help ensure that the  
right questions are asked      **E-commerce Law and Practice in Europe** Ian Walden, Julia Hörnle, 2001-04-27 With the  
massive explosion of e commerce and especially the use of the Internet as a transnational and instant medium for business  
transactions has come a whole range of new laws and regulations and inevitably a minefield of accompanying uncertainties

and potential pitfalls So what exactly are the legal issues companies need to address and what are their implications in real terms for the business world Find the answers in this groundbreaking study undertaken for the European Commission within the framework of the ECLIP project With a brief to provide practical help for businesses and e commerce initiatives this series of cutting edge reviews examines and evaluates the special rules designed to regulate the Internet both at a European and at national level in the Member States It also explains the relevant technological developments and evaluates them against the legal background This is an essential guide for legal and corporate practitioners alike as well as software developers and the consultancy community internationally A publication of the ECLIP network **CYBER LAWS AND IT**
