## **Economic Change And Political Liberalization In Sub Saharan Africa:**

**Economic Change and Political Liberalization in Sub-Saharan Africa** Jennifer A. Widner,1994 Aims to establish the nature of the relationship between the economic challenges of the 1980s and the steps toward greater political openness taken by governments at the end of that decade Democratic Experiments in Africa Michael Bratton,Nicolas Van de Walle,1997-08-13 Appendix The Data Set Political Opposition and Democracy in Sub-Saharan Africa Elliott Green,Johanna Söderström,Emil Uddhammar,2016-04-08 This book takes a closer look at the role and meaning of political opposition for the development of democracy across sub Saharan Africa Why is room for political opposition in most cases so severely limited Under what circumstances has the political opposition been able to establish itself in a legitimate role in African politics To answer these questions this edited volume focuses on the institutional settings the nature and dynamics within and between political parties and the relationship between the citizens and political parties It is found that regional devolution and federalist structures enable political opposition to organize and gain local power as a supplement to influence at the central level Generally however opposition parties are lacking in organization and institutionalization as well as in their ability to find support in civil society and promote the issues that voters find most important Overall strong executive powers unchecked by democratic institutions in combination with deferential values and fear of conflict undermine legitimate opposition activity This book was originally published as a special issue of Democratization **The Fate of Africa's Democratic Experiments** Leonardo A. Villalón,Peter VonDoepp,2005-09 Does democracy have a future in Africa

**Economic Liberalization and Authoritarianism** Christian Neugebauer,2021-11-29 Contrary to other world regions political regimes in the Middle East and North Africa MENA remain largely authoritarian While the search for explanations is still ongoing Christian Neugebauer draws attention to a hitherto underresearched factor economic liberalization Being part of a global shift from state led development towards structural adjustment in the economy these policies also deeply affected the countries of the MENA region This makes the resilience of authoritarianism in the region all the more puzzling as a large part of the scientific community expected economic liberalization to undermine authoritarian regimes Neugebauer strives to solve the puzzle with a comparative case study that covers four countries Egypt Tunisia Jordan and Morocco and their political regimes from independence in the 1950s to the Arab Spring in 2011 He shows that two specific policies of economic liberalization might in fact have been relevant for regime stability consumer price liberalization and privatization African Economies and the Politics of Permanent Crisis, 1979-1999 Nicolas Van de Walle,2001-09-24 This 2001 book explains why African countries have remained mired in a disastrous economic crisis since the late 1970s It shows that dynamics internal to African state structures largely explain this failure to overcome economic difficulties rather than external pressures on these same structures as is often argued Far from being prevented from undertaking reforms by societal interest and pressure groups clientelism within the state elite ideological factors and low state capacity have resulted in some limited reform but

much prevarication and manipulation of the reform process by governments which do not really believe that reform will be effective which often oppose reforms because they would undercut the patronage and rent seeking practices which undergird political authority and which lack the administrative and technical capacity to implement much reform Over time state decay has increased *Aid and Reform in Africa* Shantayanan Devarajan, David Dollar, Torgny Holmgren, 2001-01-01 Finally when the country enters the second generation of reforms such as public sector institutional reform short term conditionality based aid can once again be harmful by reducing ownership participation and sustainability of the reform process BOOK JACKET

Economic Change and Political Liberalization in Sub-Saharan Africa, 1994 *International Handbook of Rural Demography* László J. Kulcsár, Katherine J. Curtis, 2011-12-15 This is the third in an essential series of Springer handbooks that explore key aspects of the nexus between demography and social science With an inclusive international perspective and founded on the principles of social demography this handbook shows how the rural population which recently dropped below 50 per cent of the world total remains a vital segment of society living in proximity to much needed developmental and amenity resources The rich diversity of rural areas shapes the capacity of resident communities to address far reaching social environmental and economic challenges Some will survive become sustainable and even thrive while others will suffer rapid depopulation This handbook demonstrates how these future development trajectories will vary according to local characteristics including but not limited to population composition The growing complexity of rural society is in part a product of significant international variations in population trends making this comparative and comprehensive study of rural demography all the more relevant Collating the latest research on international rural demography the handbook will be an invaluable aid to policy makers as they try to understand how demographic dynamics depend on the economic social and environmental characteristics of rural areas It will also aid researchers assessing the unique factors at play in the rural context and endeavoring to produce meaningful results that will advance policy and scholarship Finally the handbook is an ideal text for graduate students in a spread of disciplines from sociology to international development *Political Science Abstracts*, 2012-12-06 Political Science Abstracts is an annual supplement to the Political Science Government and Public Policy Series of The Universal Reference System which was first published in 1967 All back issues are still available

Corruption and the Global Economy Kimberly Ann Elliott, 1997 The recently adopted OECD convention outlawing bribery of foreign public officials is welcome evidence of how much progress has been made in the battle against corruption The financial crisis in East Asia is an indication of how much remains to be done Corruption is by no means a new issue but it has only recently emerged as a global issue With the end of the Cold War the pace and breadth of the trends toward democratization and international economic integration accelerated and expanded globally Yet corruption could slow or even reverse these trends potentially threatening economic development and political stability in some countries As the global implications of corruption have grown so has the impetus for international action to combat it In addition to efforts in the

OECD the Organization of American States the World Trade Organization and the United Nations General Assembly the World Bank and the International Monetary Fund have both begun to emphasize corruption as an impediment to economic development This book includes a chapter by the Chairman of the OECD Working Group on Bribery discussing the evolution of the OECD convention and what is needed to make it effective Other chapters address the causes and consequences of corruption including the impact on investment and growth and the role of multinational corporations in discouraging bribery The final chapter summarizes and also discusses some of the other anticorruption initiatives that either have been or should be adopted by governments multilateral development banks and other international organizations

**Structural Adjustment** Ed Brown, Bob Milward, Giles Mohan, Alfred B. Zack-Williams, 2013-04-15 *Structural Adjustment Theory Practice and Impacts* examines the problems associated with Structural Adjustment Programmes SAPs and reveals the damaging impacts they can have The book looks at how the debt crisis of the 1970s forced developing countries to seek external help and then reviews what constitutes as a standard adjustment programme detailing the political economic social and environmental impacts of SAPs The final section draws together theories and political responses and presents a case for alternatives to the programmes

**Turning Points in African Democracy** Abdul Raufu Mustapha, Lindsay Whitfield, 2009 A team of scholars examine the radical political changes that have taken place since 1990 in eleven key countries in Africa Radical changes have taken place in Africa since 1990 What are the realities of these changes What significant differences have emerged between African countries What is the future for democracy in the continent The editors have chosen eleven key countries to provide enlightening comparisons and contrasts to stimulate discussion among students They have brought together a team of scholars who are actively working in the changing Africa of today Each chapter is structured around a framing event which defines the experience of democratisation The editors have provided an overview of the turning points in African politics They engage with debates on how to study and evaluate democracy in Africa such as the limits of elections They identify four major themes with which to examine similarities and divergences as well as to explain change and continuity in what happened in the past Abdul Raufu Mustapha is University Lecturer in African Politics at Queen Elizabeth House and Kirk Greene Fellow at St Antony's College University of Oxford Lindsay Whitfield is a Research Fellow at the Danish Institute of International Studies Copenhagen

*Development and Diffusionism* J. Dibua, 2015-12-04 This book deconstructs the neopatrimonial paradigm that has dominated analysis of Nigerian and African development It shows that by denying agency to Nigerian societies and devaluing indigenous culture and local realities Eurocentric diffusionism played a significant role in the failure of development planning

Silent Violence Vinay R. Kamat, 2013-12-05 Silent Violence engages the harsh reality of malaria and its effects on marginalized communities in Tanzania Vinay R Kamat presents an ethnographic analysis of the shifting global discourses and practices surrounding malaria control and their impact on the people of Tanzania especially mothers of children sickened by malaria Malaria control according to Kamat has become increasingly medicalized a trend that overemphasizes biomedical and pharmaceutical interventions while neglecting the social political and economic conditions he maintains are central to Africa's malaria problem Kamat offers recent findings on global health governance neoliberal economic and health policies and their impact on local communities Seeking to link wider social economic and political forces to local experiences of sickness and suffering Kamat analyzes the lived experiences and practices of people most seriously affected by malaria infants and children The persistence of childhood malaria is a form of structural violence he contends and the resultant social suffering in poor communities is closely tied to social inequalities Silent Violence illustrates the evolving nature of local responses to the global discourse on malaria control It advocates for the close study of disease treatment in poor communities as an integral component of global health funding This ethnography combines a decade of fieldwork with critical review and a rare anthropological perspective on the limitations of the bureaucratic technological institutional medical and political practices that currently determine malaria interventions in Africa **IBSS: Economics: 1995**

Compiled by the British Library of Political and Economic Science at the London School of Economics, 1996 The IBSS is the essential tool for librarians university departments research institutions and any public or private institutions whose work requires access to up to date and comprehensive knowledge of the social sciences **Routledge Handbook of**

**Democratization** Jeffrey Haynes, 2012-03-15 This exciting new handbook provides a global overview of the process of democratization offering chapter by chapter discussion at both the country and regional levels and examining the interaction between the domestic and external factors that affect the progression of countries from authoritarian to democratic rule Bringing together 29 key experts in the field the work is designed to contrast the processes and outcomes of democratic reform in a wide range of different societies evaluating the influence of factors such as religion economic development and financial resources It is structured thematically into four broad sections Section I provides a regional tour d horizon of the current state of democratisation and democracy in eight regions around the world Section II examines key structures processes and outcomes of democratisation and democracy Section III focuses on the relationship between democratisation and international relations through examination of a range of issues and actors including the third and fourth waves of democracy political conditionality the United Nations the European Union the African Union and the Organisation of African States Section IV Examines the interaction between democratisation and development with a focus on poverty and inequality security human rights gender war and conflict resolution A comprehensive survey of democratization across the world this work will be essential reading for scholars and policy makers alike **Oil Wealth and the Poverty of Politics** Miriam R.

Lowi, 2009-11-12 How can we make sense of Algeria's post colonial experience the tragedy of unfulfilled expectations the descent into violence the resurgence of the state Oil Wealth and the Poverty of Politics explains why Algeria's domestic political economy unravelled from the mid 1980s and how the regime eventually managed to regain power and hegemony Miriam Lowi argues the importance of leadership decisions for political outcomes and extends the argument to explain the variation in stability in oil exporting states following economic shocks Comparing Algeria with Iran Iraq Indonesia and Saudi Arabia she asks why some states break down and undergo regime change while others remain stable or manage to re stabilise after a period of instability In contrast with exclusively structuralist accounts of the rentier state this book demonstrates in a fascinating and accessible study that political stability is a function of the way in which structure and agency combine

**Political Reform In Francophone Africa** John F Clark, 2018-02-07 Most African states experienced only a few fleeting years of democratic rule after independence before succumbing to authoritarianism During the 1970s and 1980s Africans and Westerners alike came to view dictatorship to be as much a part of the region's social landscape as its grinding poverty Yet the end of the Cold War and the sharpening of the economic crisis at the end of the 1980s have breathed new life into campaigns for democracy in Africa shaking the foundations of many long standing autocracies In some cases dramatic transitions took place though the fate of the new democracies is far from certain This volume explores the origins and evolution of political reform movements in several states of francophone Africa The authors first make the case for the distinctiveness of francophone Africa based on the influences of colonial history language and France's contemporary role in Africa then survey the challenges of reform including the problems of transition from authoritarianism and consolidation of democratic regimes Case studies of thirteen former French and Belgian colonies follow organized by level of reform achieved peaceful regime change incremental reforms repressed reform efforts and reform in the midst of war
