The Development of the French Economy, 1750-1914 Colin Heywood,1992-06-18 Examines the way economic historians have approached two sets of problems Should the French economy in 18th and 19th centuries be considered retarded or an early European development success and should economic performance be explained by material conditions or in social terms

The Japan-British Exhibition of 1910 A. Hotta-Lister,2013-10-23 The rapid development of Japan at the turn of the last century including the defeat of Russia in 1904 5 intrigued the western Imperial powers but also aroused reactions of contempt and suspicion Britain was the most important of the powers upon which Japan earnestly wished to impress herself to mitigate the rising tide of anti Japanese sentiment An exhibition in London therefore was seen as a timely event by the Meiji Government to advance Japanese agendas in political economic and educational terms This is the first major study of this remarkable venture fully reviewed and documented and concerned principally with the Japanese side of the story

Typology of Industrialization Processes in the Nineteenth Century A. Joseph Pollard,2020-02-13 The industrial revolution in Great Britain was the first example of the transition to a modern industrial economy Certain features of this transition were later copied and modified by other countries undergoing the same process This book considers the main similarities and differences in the process of industrialization grouping the main countries

An East Asian Route of Industrialization? The Case of Japan, 1868-1937 Peer Vries,2022-08-01 In this book Peer Vries is the first scholar to provide an extensive test of the claim that industrialization in East Asia in particular in Japan between the Meiji Restoration and World War Two would have been much more labour intensive than industrialization in the West He does this by systematically comparing the role and importance of labour and capital in Japan and in a number of Western countries at a similar stage of their industrial development He uses macro economic data as well as specific observations by people at the time It turns out that there is no reason to distinguish a specific labour intensive Japanese route of industrialization His comparative analysis provides us with a better understanding of the logic of industrialization in both West and East

Area Bibliography of Japan Ria Koopmans-de Bruijn,1998 Provides a general overview of literature relating to Japan and covers a broad range of subject matter from art feminism and linguistics to corporate culture history and medicine Includes books published since 1980 that are related to the

geographical area of Japan and to Japanese culture within that area Britain and Japan Kenneth D. Brown,1998-03-15 A Familiar Compound Ghost explores the relationship between allusion and the uncanny in literature An unexpected echo or quotation in a new text can be compared to the sudden appearance of a ghost or mysterious double the reanimation of a corpse or the discovery of an ancient ruin hidden in a modern city In this scholarly and suggestive study Brown identifies moments where this affinity between allusion and the uncanny is used by writers to generate a particular textual charge where uncanny elements are used to flag patterns of allusion and to point to the haunting presence of an earlier work A Familiar Compound Ghost traces the subtle patterns of connection between texts centuries even millennia apart from Greek tragedy and Latin epic through the plays of Shakespeare and the Victorian novel to contemporary film fiction and poetry Each chapter takes a different uncanny motif as its focus doubles ruins reanimation ghosts and journeys to the underworld

Behind East Asian Growth Henry S. Rowen,2002-11-01 East Asian countries have adopted remarkably good policies to ensure sustained economic growth but how did they come to adopt such policies in the first place This book produces a more thorough explanation than has previously been advanced drawing on several disciplines including contributions from anthropologists economists political scientists technologists demographers historians and psychologists Several contributors have held high positions in Asian governments Four broad themes are identified effective governance achieving and learning societies growth with equity external influences This is the most comprehensive account of the foundations of East Asia s rise Its distinctiveness lies in the range of comparisons across the countries of East and South East Asia and in the wide array of contributing disciplines Economic History Richard S. Tedlow,2001 This volume is a comprehensive collection of critical essays on *The Taming of the Shrew* and includes extensive discussions of the play s various printed versions and its theatrical productions Aspinall has included only those essays that offer the most influential and controversial arguments surrounding the play The issues discussed include gender authority female autonomy and unruliness courtship and marriage language and speech and performance and theatricality *Japan since 1945* Dennis Smith,1995-08-07 Few historians have attempted an account of Japan since 1945 yet the country s emergence as the second largest economy in the world has been one of the most dramatic and significant developments since the Second World War Dennis Smith s work takes a deliberately historical approach in the belief that it is impossible to assess the nature of post war Japan s achievement without first considering the significance of the pre war and wartime legacy It blends politics and economics aware that in Japan the close links between the worlds of politics government and of business deny rigid divisions **Hatta Shuzo and Pure Anarchism in Interwar Japan** John Crump,1993-12-13 *The Long Wave in the World Economy* Andrew Tylecote,2013-09-13 Long waves are cycles of some fifty years duration in which a period of rapid expansion is followed by one of slow growth or stagnation This book provides a critical examination of long wave theory and an original explanation of long fluctuations which is highly relevant to the current crisis in the world economy
