

Economic Warfare

Christian Drosten

Economic Warfare:

Economic Warfare R. T. Naylor, 2001 This eye opening account of the futility of forcing political change through economic pressure describes countless cases in which economic warfare repeatedly failed to achieve its stated goals and actually caused substantial harm to innocent populations The International Law of Economic Warfare Teoman M. Hagemeyer-Witzleb, 2021-07-14 Since the prohibition of the threat or use of force and the resurgence of economic nationalism economic warfare has become an increasingly important substitute for actual hostilities between states Its manifestations range from medieval sieges to modern day trade wars Despite its long history economic warfare remains an elusive term foreign to international law This book seeks to identify those portions of international law that are applicable to economic warfare What is the status quo of regulation Is there a jus ad bellum oeconomicum A jus in bello oeconomico After putting forward its own definition of economic warfare the book reviews historical case studies reflecting the three main branches of international economic law trade investment and currency to identify pertinent legal boundaries While the case studies reveal that numerous rules of international economic law regulate specific measures of economic warfare it remains to be seen whether analogously to the prohibition of the threat or use of force these selective limitations have the potential to coalesce into a general prohibition of economic warfare in the future **Economic Warfare and the Sea** David Morgan-Owen, Louis Halewood, 2020-03-03 Economic Warfare and the Sea examines the relationship between trade maritime warfare and strategic thought between the early modern period and the late twentieth century Featuring contributions from renown historians and rising scholars this volume forwards an international perspective upon the intersection of maritime history strategy and diplomacy Core themes include the role of economic warfare in maritime strategic thought prevalence of economic competition below the threshold of open conflict and the role non state actors have played in the prosecution of economic warfare Using unique material from 18 different archives across six countries this volume explores critical moments in the development of economic warfare naval technology and international law including the Anglo Dutch Wars the French Revolutionary and Napoleonic Wars the First World War and the Second World War Distinct chapters also analyse the role of economic warfare in theories of maritime strategy and what the future holds for the changing role of navies in the floating global economy of the twenty first century Economics and Modern Warfare Michael Taillard, 2018-06-13 This book demonstrates how economic tools have been used throughout history to accomplish goals of military conflict how they can be used more effectively than traditional means of warfare in the modern era and how we can derive a better understanding of economic strategy applicable not just to the military but also to market competition This new edition includes a thorough updating of chapters on advances in our understanding of economic warfare and more recent examples such as ISIS s reliance on obtaining control over oil production facilities North Korea s nuclear program and China s emphasis on scientific research and technological innovation This edition also features an entirely new chapter on the

commercialization of the conflict over the region of Kashmir

Report of United States Board of Economic Warfare
 United States. Board of Economic Warfare, 1943 *The New Economic Warfare* Antonín Basch, 2021-11-21 This book first published in 1942 examines the economic necessities defensive and offensive basic and strategic involved in waging war Written with total global war raging it analyses the unprecedented demands placed on the economic system of a nation and looks at the great shifts of productive effort and limits on consumption that were needed **Board of economic warfare, central administrative services, National war labor board, Office of economic stabilization, Office of price administration, Office of strategic services, Petroleum administrator for war, Smaller war plants corporation, War relocation authority** United States. Congress. House. Committee on Appropriations, 1943 *The Economic Weapon* Nicholas Mulder, 2022-01-11 The first international history of the emergence of economic sanctions during the interwar period and the legacy of this development A Foreign Affairs Best Book of 2022 Valuable offers many lessons for Western policy makers today Paul Kennedy Wall Street Journal The lessons are sobering The Economist Economic sanctions dominate the landscape of world politics today First developed in the early twentieth century as a way of exploiting the flows of globalization to defend liberal internationalism their appeal is that they function as an alternative to war This view however ignores the dark paradox at their core designed to prevent war economic sanctions are modeled on devastating techniques of warfare Tracing the use of economic sanctions from the blockades of World War I to the policing of colonial empires and the interwar confrontation with fascism Nicholas Mulder uses extensive archival research in a political economic legal and military history that reveals how a coercive wartime tool was adopted as an instrument of peacekeeping by the League of Nations This timely study casts an overdue light on why sanctions are widely considered a form of war and why their unintended consequences are so tremendous **The Routledge Economic History of War** Jari Eloranta, Jeremy Land, Elina Kuorelahti, Price Fishback, 2025-05-30 The Routledge Economic History of War presents a broad overview of the latest research on the long lasting changes and effects that collapsing security in international relations has had on the world's economies and societies Arranged around five key themes Fiscal and Military Capacity Military Spending Economic Effects of War War and Institutions and Business and War this handbook features contributions from an international range of scholars on varying methodological approaches theories and geographical arenas Encompassing a range of disciplinary approaches the main focus is on how economic history can provide insights into the societal impact of war addressing issues such as how war preparations and arms races affect government spending the direct economic effects of war and how societies adjust to the economic realities of rearmament and recovery This volume also explores whether wars change or alter institutions such as governments religion and democracy It also looks at what lessons we can learn from the past about military spending state capacity and the effects of war on both individual societies and global cooperation Ultimately this book provides a broad overview of the methodological geographical and multidisciplinary range of the economic history of

war and demonstrates how war economics institutions and society are inextricably linked throughout history *Hearings* United States. Congress Senate,1943 **The Encyclopedia of War, 5 Volume Set** Gordon Martel,2012-01-17 This ground breaking 5 volume reference is a comprehensive print and electronic resource covering the history of warfare from ancient times to the present day across the entire globe Arranged in A Z format the Encyclopedia provides an overview of the most important events people and terms associated with warfare from the Punic Wars to the Mongol conquest of China and the War on Terror from the Ottoman Sultan Suleiman the Magnificent to the Soviet Military Commander Georgi Konstantinovich Zhukov and from the crossbow to chemical warfare Individual entries range from 1 000 to 6 000 words with the longer essay style contributions giving a detailed analysis of key developments and ideas Drawing on an experienced and internationally diverse editorial board the Encyclopedia is the first to offer readers at all levels an extensive reference work based on the best and most recent scholarly research The online platform further provides interactive cross referencing links and powerful searching and browsing capabilities within the work and across Wiley Blackwell s comprehensive online reference collection Learn more at www.encyclopediaofwar.com Selected by Choice as a 2013 Outstanding Academic Title Recipient of a 2012 PROSE Award honorable mention **The Palgrave Encyclopedia of Global Security Studies** ,2023-02-15 This encyclopedia provides an authoritative guide intended for students of all levels of studies offering multidisciplinary insight and analysis of over 500 headwords covering the main concepts of Security and Non traditional Security and their relation to other scholarly fields and aspects of real world issues in the contemporary geopolitical world **The United States at War** United States. Bureau of the Budget,1946 **Problems of American Small Business** United States. Congress. Senate. Special Committee to Study Problems of American Small Business,1942 *Historical Reports on War Administration* United States. Bureau of the Budget,19?? **Handbook of Emergency War Agencies** United States. Office of War Information,1943 **War Mobilization** United States. Congress. Senate. Committee on Military Affairs,1943 **Economics of National Security** Joint Chiefs of Staff,1961 **The International Law of War** Florentino P. Feliciano,Myres S. McDougal,2023-07-24 This book *The International Law of War Transnational Coercion and World Public Order* by Myres S McDougal and Florentino P Feliciano explores the framework of international law as it pertains to the regulation of coercion across state boundaries It aims to clarify common interests in establishing and maintaining world order by addressing the processes of authoritative decision making The book discusses the legal regulation of international coercion focusing on minimizing unauthorized coercion and promoting the distribution of values It provides an analytical approach to differentiating between permissible and impermissible coercion emphasizing the importance of human dignity The authors propose a comprehensive view of sanctions and examine traditional doctrines of neutrality under modern perspectives advocating for shared responsibility in maintaining minimum order Intended for scholars and practitioners of international law the book offers insights into the regulation of combat situations and the application of authority in warfare **The**

Oxford Handbook of the Cold War Richard H. Immerman, Petra Goedde, 2013-01-31 The Oxford Handbook of the Cold War offers a broad reassessment of the period war based on new conceptual frameworks developed in the field of international history Nearing the 25th anniversary of its end the cold war now emerges as a distinct period in twentieth century history yet one which should be evaluated within the broader context of global political economic social and cultural developments The editors have brought together leading scholars in cold war history to offer a new assessment of the state of the field and identify fundamental questions for future research The individual chapters in this volume evaluate both the extent and the limits of the cold war s reach in world history They call into question orthodox ways of ordering the chronology of the cold war and also present new insights into the global dimension of the conflict Even though each essay offers a unique perspective together they show the interconnectedness between cold war and national and transnational developments including long standing conflicts that preceded the cold war and persisted after its end or global transformations in areas such as human rights or economic and cultural globalization Because of its broad mandate the volume is structured not along conventional chronological lines but thematically offering essays on conceptual frameworks regional perspectives cold war instruments and cold war challenges The result is a rich and diverse accounting of the ways in which the cold war should be positioned within the broader context of world history
