Economic Development Inequality And War Humanitarian Emergencies In Developing Countries:

Economic Development, Inequality and War E. Nafziger, J. Auvinen, 2003-09-15 Economic Development Inequality and War shows how economic decline income inequality pervasive rent seeking by ruling elites political authoritarianism military centrality and competition for mineral exports contribute to war and humanitarian emergencies Economic regress and political decay bring about relative deprivation perception by social groups of injustice arising from a growing discrepancy between what they expect and get Nafziger and Auvinen indicate that both economic greed and social grievances drive contemporary civil wars Finally the authors also identify policies for preventing humanitarian emergencies

The Prevention and Intervention of Genocide Samuel Totten, 2017-09-08 Over the last twenty years the world has witnessed four major genocides There was the genocide in Iraq 1988 in Rwanda 1994 in Srebrenica 1995 and in Darfur 2003 and continuing Most observers agree there is an urgent need to assess the international community's efforts to prevent genocide and to intervene once a genocide is under way in an effective and timely manner This volume the latest in a widely respected series on the subject of genocide provides an overview of a host of issues germane to this task The book begins with a cogent discussion of the issues of prevention and intervention during the Cold War years The second chapter discusses the abject failures and moderate though in some cases highly controversial successes at prevention and intervention carried out in the 1990s and early 2000s Further chapters examine latest efforts to develop an effective genocide early warning system and examine the complexity of and barriers to prevention The pros and cons of sanctions and the problems of enforcement and evaluation their effectiveness

are then discussed Conflicts between state sovereignty and the protection of threatened populations are examined both in historical context and by incorporating the latest thinking Later chapters treat the issue of intervention why and how it has met with only limited success Concentrating on Rwanda and Srebrenica chapter 8 discusses various peace operations that were abject failures and those that were moderately successful The concept of an anti genocide regime is examined in terms of progress in developing such a regime as well as what the international community must do in order to implement it Chapters discuss key issues related to post genocidal periods those that need to be addressed in order to establish stability in a wounded land and populace as well as to prevent future genocides The final chapter asks whether bringing perpetrators to justice has any impact in breaking impunity ensuring deterrence and bringing about reconciliation The contributors to the volume are all noted scholars some of whom specialize in the study of genocide and others who specialize in such areas as early warning peacekeeping and sanctions

Aid, Peacebuilding and the Resurgence of War S. Holt, 2011-02-08 As one of South Asia's oldest democracies Sri Lanka is a critical case to examine the limits of a liberal peace peacebuilding and external engagement in the settlement of civil wars Based on nine years of research and more than 100 interviews with those affected by the war NGOs and local and international elites engaged in the peace process

Principles of Conflict Economics Charles H. Anderton, John R. Carter, 2009-03-23 Drawing on a half century of scholarship this book presents a primer on the key themes and principles of conflict economics Although much work in the field is abstract the book is made accessible to a broad audience of scholars students and policymakers by relying on historical data relatively simple graphs and intuitive narratives

Encyclopedia of Global Justice Deen K. Chatterjee, 2012-01-23 This two volume Encyclopedia of Global Justice published by Springer along with Springer's book series Studies in Global Justice is a major publication venture toward a comprehensive coverage of this timely topic The Encyclopedia is an international interdisciplinary and collaborative project spanning all the relevant areas of scholarship related to issues of global justice and edited and advised by leading scholars from around the world The wide ranging entries present the latest ideas on this complex subject by authors who are at the cutting edge of inquiry The Encyclopedia sets the tone and direction of this increasingly important area of scholarship for years to come The entries number around 500 and consist of essays of 300 to 5000 words The inclusion and length of entries are based on their significance to the topic of global justice regardless of their importance in other areas

Advancing Development G. Mavrotas,A. Shorrocks,2007-01-05 This book reflects on current thinking in development

economics and on what may happen over the next two decades As well as studying development economics in retrospect the volume explores the current debates and challenges and looks forward at the problems that affect the global capacity to achieve the Millennium Development Goals Inequality and Violence Anna Cornelia Beyer,2016-05-23 With Theory of International Politics Kenneth Waltz established Neo realism as a major school of thought in IR which still remains a dominant approach within the discipline in the Anglo American world and beyond Man the State and War his first contribution to the debate in IR and the predecessor to Theory of International Politics received praise for its presentation of a discussion on the causes of international warfare as well as the possibilities of its prevention on three different levels of analysis the individual the state and the international system This book reflects on the arguments presented in Man the State and War from a contemporary perspective Do Waltz s ideas still hold firm ground in the discipline The book alerts to the perceived necessity of combining conceptions of governance and authority with considerations on the reduction of inequality at the individual state and international level Inequality in particular has received increased attention as a cause for violence at all three levels since Waltz published Man the State and War The book also addresses Waltz s rejection of supranationalism as the remedy for war a view that has been challenged since he wrote the book One theme stands out from today s perspective the establishment and maintenance of good global governance can be considered the most important aspect for the prevention of war **The SAGE Encyclopedia of War: Social Science Perspectives** Paul

Joseph,2016-06-15 Traditional explorations of war look through the lens of history and military science focusing on big events big battles and big generals By contrast The SAGE Encyclopedia of War Social Science Perspective views war through the

lens of the social sciences looking at the causes processes and effects of war and drawing from a vast group of fields such as communication and mass media economics political science and law psychology and sociology Key features include More than 650 entries organized in an A to Z format authored and signed by key academics in the field Entries conclude with cross references and further readings aiding the researcher further in their research journeys An alternative Reader s Guide table of contents groups articles by disciplinary areas and by broad themes A helpful Resource Guide directing researchers to classic books journals and electronic resources for more in depth study This important and distinctive work will be a key reference for all researchers in the fields of political science international relations and sociology **Economic**

Development E. Wayne Nafziger,2012-03-26 E Wayne Nafziger analyzes the economic development of Asia Africa Latin America and East Central Europe The book is suitable for those with a background in economics principles Nafziger explains the reasons for the recent fast growth of India Poland Brazil China and other Pacific Rim countries and the slow yet essential growth for a turnaround of sub Saharan Africa The fifth edition of the text written by a scholar of developing countries is replete with real world examples and up to date information Nafziger discusses poverty income inequality hunger unemployment the environment and carbon dioxide emissions and the widening gap between rich including middle income and poor countries Other new components include the rise and fall of models based on Russia Japan China Taiwan Korea and North America randomized experiments to assess aid an exploration of whether information technology and mobile phones can provide poor countries with a shortcut to prosperity and a discussion of how worldwide financial crises debt and trade and capital markets affect developing countries **The Routledge Handbook to Global Political Economy** Ernesto

Vivares,2020-04-16 The Routledge Handbook to Global Political Economy provides a comprehensive guide to how Global Political Economy GPE is conceptualized and researched around the world Including contributions that range from traditional International Political Economy IPE to GPE approaches the Handbook gathers the investigations varying perspectives and innovative research of more than sixty scholars from all over the world Providing undergraduates postgraduates teachers and researchers with a complete set of traditional contending and regional perspectives the book explores current issues conceptual tools key research debates and different methodological approaches taken Structured in five parts methodologically correlated the book presents GPE as a field of global regional and national research historical waves and diverse ontological axes major theoretical perspectives beyond traditional perspectives regional inquiries research arenas Carefully selected contributions from both established and upcoming scholars ensure that this is an eclectic pluralist and multidisciplinary work and an essential resource for all those with an interest in this complex and rapidly evolving field of study **Whose Peace? Critical Perspectives on the Political Economy of Peacebuilding** M. Pugh,N. Cooper,M.

Turner,2016-01-04 The book provides critical perspectives that reach beyond the technical approaches of international financial institutions and proponents of the liberal peace formula It investigates political economies characterized by the

legacies of disruption to production and exchange by population displacement poverty and by criminality *The Hydropolitics of Africa* Raj Bardouille, Mechthild Nagel, Muna Ndulo, 2008-12-11 Water is both an essential resource and a source of disease and conflict in contemporary Africa And we begin to learn that far distant processes of consumption and pollution can have their impact on the water systems of Africa global warming produced by the material culture of the first world threatens the weather systems and very survival of developing countries In this context this volume the product of an expert meeting at Cornell University s Institute for African Development traces and tracks the dynamics of the contemporary hydropolitics of Africa The volume contains a variety of approaches to the study of the organisation of water within Africa ranging from technical essays on water borne diseases through institutional analyses of the legal and political arrangements around the distribution of water to social policy analyses of the unmet demand for water amongst Africa s poor Taken as a whole the volume provides the reader with a useful reference work on the contemporary hydropolitics of Africa whilst simultaneously providing a lively introduction to a critical and much neglected area of African development policy

Electoral Violence in the Western Balkans Michal Mochtak, 2017-07-20 Since the end of the Cold War there have been a number of cases where the democratization process has been turbulent or even violent Addressing electoral violence its evolution and impact in the Western Balkans this book explores the conflict logic of election and tries to understand its basic patterns Two decades of electoral competition in the region are analysed to identify an interesting evolution of electoral violence in terms of forms actors motivations and dynamics By identifying the potential drivers of electoral violence and explaining the escalation and stimulus of violence related events the author combines a theoretical approach with original data to emphasise the variability of the phenomenon and its evolution in the region The book will appeal to students and scholars of post communist Europe and democratisation processes and the Western Balkans in particular It should also be of interest to political advisors and those involved in developing or implementing democratisation programmes The

Prevention of Humanitarian Emergencies E. Wayne Nafziger, Raimo Väyrynen, 2016-01-23 Since the end of the cold war civil wars and state violence have escalated resulting in thousands of deaths This book provides a toolbox for donors international agencies and developing countries to prevent humanitarian emergencies The emphasis is on long term rather than mediation or reconstruction after the conflict ensues *Africa's Pulse, No. 19, April 2019* Cesar Calderon, Gerard Kambou, Vijdan

Korman, Megumi Kubota, Catalina Cantu Canales, 2019-04-08 Economic growth in Sub Saharan Africa is estimated to have decelerated from 2.5 percent in 2017 to 2.3 percent in 2018 below the rate of growth of population for a fourth consecutive year Regional growth in 2018 is below the pace projected in 2018 October issue of Africa s Pulse 0.4 percentage points lower This slowdown was more pronounced in the first half of 2018 and it reflected weaker exports among the region s large oil exporters Nigeria and Angola due to dwindling oil production amid higher but volatile international prices for crude petroleum A deeper contraction in Sudanese economic activity and a broad based growth slowdown among non resource

intensive countries also played a role Sub Saharan African countries with fragile context have made considerable efforts to find a way out of fragility Regional and sub regional economic organizations are promoting economic cooperation and addressing security and peace challenges that go beyond national borders The special topic of this issue of Africa s Pulse argues that the digital economy can unlock new pathways for inclusive growth innovation job creation service delivery and poverty reduction in Africa The continent has made great strides in mobile connectivity however it still lags the rest of the world in access to broadband Only 27 percent of the population in the continent have access to internet few citizens have digital IDs businesses are slowly adopting digital technologies and only few governments are investing strategically in developing digital infrastructure services skills and entrepreneurship

Overcoming the Persistence of Inequality and Poverty Valpy FitzGerald, Judith Heyer, 2011-03-24 International experts evaluate new policy directions in economic development and poverty reduction building on the ideas of a pioneer in the new discipline of Development Studies Frances Stewart Combining ideas and evidence on technological change human development and conflict prevention to address the issue of the persistence of inequality
