Jensen, Theodore Shabad, Arthur W. Wright, 1983-08 Russia is a huge storehouse of natural resources including oil gas and other energy sources which she can trade with the rest of the world for advanced technology and wheat In this book leading experts evaluate the Soviet potential in major energy and industrial raw materials giving special attention to implications for the world economy to the end of the twentieth century The authors examine the mineral and forest resources that the Soviet Union has developed and may yet develop to provide exports during the 1980s They discuss the regional dimension of these resources especially in Siberia and the Soviet Far East individual mineral raw materials such as petroleum natural gas timber iron ore manganese and gold and finally the role of raw materials in Soviet foreign trade The authors representing the United States Canada and Great Britain are primarily geographers but they include economists political scientists and a geologist Their work is based on primary sources for most of these reports current information is no longer being released to researchers and on interviews with Soviet officials      **The ^AOxford Handbook of the Russian Economy** Michael Alexeev, Shlomo Weber, 2013-06-04 This Handbook is the most comprehensive up to date study of the Russian economy available Russian and western authors analyze the current economic situation trace the impact of Soviet legacies and of post Soviet transition policies examine the main social challenges and propose directions for reforms      Integration and Clustering for Sustainable Economic Growth Elena G. Popkova, Valentina E. Sukhova, Aleksey F. Rogachev, Yulia G. Tyurina, Olga A. Boris, Valentina N. Parakhina, 2017-02-28 This book describes the importance of integration and clustering in creating sustainable economic growth Modern economic conditions demonstrate the need for governmental stimulation of cluster initiatives in entrepreneurship and make it necessary to study the experience of developed countries in the sphere of

stimulation of cluster initiatives in entrepreneurship and to offer recommendations for improving the system of state stimulation of these initiatives The authors conclude that at present innovational economy is an economic system that functions on the basis of business networks as this model offers innovational cooperation between specialists from various scientific and technical spheres between organizations of various sizes large medium and small and between groups of various types of companies Cluster strategy in modern global practice is one of the most important tools of public policy for increasing the competitiveness of national economies This means that the most competitive spheres develop on the basis of the cluster principle and support for cluster building increases a country s economic competitiveness

*Economics And Politics In The USSR* Hans-Hermann Hohmann, 2019-03-05 Soviet scholars have apparently stayed clear of meaningful analysis of such touchy subjects as interdependence and conflict in the relationship between economics and politics Very little has been published on this issue no surprise in a system that controls centrally both politics and the economy with an emphasis on rapid economic development The absence of meaningful Soviet research led the Federal Institute for East European and International Studies in Cologne to sponsor an international interdisciplinary

conference on the subject Contributions to the resulting book cover three main areas The first includes the impact of traditional Russian political culture on contemporary Soviet economic thinking and behavior the rank of economic aims in the priority system of Soviet politics and the function of economic institutions in the implementation of political aims The second concerns the role of political lobbies in the economy and repercussions of economic change for Soviet politics Foreign economic relations and the USSR s foreign policy make up the third area The concluding discussion reviews the state of international research and identifies areas for future study
