**Agricultural Economics Literature** United States. Bureau of Agricultural Economics. Library,      **Agricultural Economics (Classic Reprint)** Henry Charles Taylor, 2018-03-15 Excerpt from Agricultural Economics This book is intended for the student and the farmer interested in the study of those economic principles which underlie the effective organization of the farm and for the statesman interested in establishing laws and institutions for the development of agriculture The subjects treated correspond to those studies grouped under the head of Farm Management in some colleges and under the head of Agricultural Economics in others From the author's point of view these two terms as used at the present time cover essentially the same subject matter so far as they relate to the economics of production on the individual farm but he believes that the latter term is much the broader including also the problems of marketing land economics farm finance and farm life The matter here presented is the result of a gradual development of twenty years of study in this field Its publication marks the close of seventeen years of teaching of agricultural economics by the author in the University of Wisconsin where he first gave a course to the short course students in the winter of 1902 1903 at which time a Syllabus of Lectures on Agricultural Economics was printed for the use of his class In 1905 An Introduction to the Study of Agricultural Economics containing thirteen chapters was published the main points of which have been included in the present volume

For many years parts of the present volume have been mimeographed and used in the classroom About the Publisher
