Thompson,2014-07-30 The Soviet Union Under Brezhnev provides an accessible post Soviet perspective on the history of the USSR from the mid 1960 s to the mid 1980 s It challenges both the evil empire image of the USSR that was widespread in the early 1980 s and the stagnation label attached to the period by Soviet reformers under Gorbachev The book makes use of a range of memoirs interviews archival documents and other sources not available before 1990 to place Brezhnev and his epoch in a broader historical context The author examines high politics foreign policy and policy making explores broader social cultural and demographic trends presents a picture of Soviet society in the crucial decades prior to the upheavals and crises of the late 1980 s While stopping well short of a full scale rehabilitation of Brezhnev Thompson rejects the prevailing image of the Soviet leader as a colourless non entity drawing attention to Brezhnev s real political skills as well as his faults and to the systemic roots of many of the problems he faced      **Vietnam, May 1974** Richard M. Lippert,2010-12-01 Despite the consensus that economic diplomacy played a crucial role in ending the Cold War very little research has been done on the economic diplomacy during the crucial decades of the 1970s and 1980s This book fills the gap by exploring the complex interweaving of East West political and economic diplomacies in the pursuit of détente The focus on German chancellor Willy Brandt's Ostpolitik reveals how its success was rooted in the usage of energy trade and high tech exchanges with the Soviet Union His policies and visions are contrasted with those of U S President Richard Nixon and the Realpolitik of Henry Kissinger The ultimate failure to coordinate these rivaling détente policies and the resulting divide on how to deal with the Soviet Union left NATO with an energy dilemma between American and European partners one that has resurfaced in the 21st century with Russia's politicization of energy trade This book is essential for anyone interested in exploring the interface of international diplomacy economic interest and alliance cohesion
