Yeats* Stephen Maxfield Parrish, 2019-06-30 Now it is possible for the first time to trace in a systematic way the language patterns of one of the greatest poets who have written in English W B Yeats Like *A Concordance to the Poems of Matthew Arnold* the first of the Cornell Concordances that are under the general editorship of Professor Parrish this volume was produced on an IBM 704 electronic data processing machine Computer technique has so advanced that the Yeats concordance includes punctuation and gives cross references for the

second parts of hyphenated words The frequency of every word in Yeats s poems is given and an appendix lists all indexed words in order of frequency The body of this book consists of an index of all significant words in Yeats each word listed in the line or lines in which it occurs The concordance is based on the variorum text of Yeats edited by Alspach and Allt and includes all variants that occur in printed versions of Yeats s poems Gardens Robert Pogue Harrison,2010-10 Humans have long turned to gardens both real and imaginary for sanctuary from the frenzy and tumult that surrounds them Those gardens may be as far away from everyday reality as Gilgamesh s garden of the gods or as near as our own backyard but in their very conception and the marks they bear of human care and cultivation gardens stand as restorative nourishing necessary havens With Gardens Robert Pogue Harrison graces readers with a thoughtful wide ranging examination of the many ways gardens evoke the human condition Moving from the gardens of ancient philosophers to the gardens of homeless people in contemporary New York he shows how again and again the garden has served as a check against the destruction and losses of history The ancients explains Harrison viewed gardens as both a model and a location for the laborious self cultivation and self improvement that are essential to serenity and enlightenment an association that has continued throughout the ages The Bible and Qur an Plato s Academy and Epicurus s Garden School Zen rock and Islamic carpet gardens Boccaccio Rihaku Capek Cao Xueqin Italo Calvino Ariosto Michel Tournier and Hannah Arendt all come into play as this work explores the ways in which the concept and reality of the garden has informed human thinking about mortality order and power Alive with the echoes and arguments of Western thought Gardens is a fitting continuation of the intellectual journeys of Harrison s earlier classics Forests and The Dominion of the Dead Voltaire famously urged us to cultivate our gardens with this compelling volume Robert Pogue Harrison reminds us of the nature of that responsibility and its enduring importance to humanity **A Concordance to the Poems of Emily Dickinson** S. P. Rosenbaum,2019-06-30 A

Concordance to the Poems of Emily Dickinson is the third volume in the distinguished series Cornell Concordances Like the others it was programmed on an IBM 704 electronic computer and provides an alphabetical list of all significant words each word given in context In order to provide variants it was based on Thomas H Johnson s three volume edition of all the known texts of Emily Dickinson s poems Included are an analytical preface by the editor and an index of words in the order of frequency Toward a History of Jewish Thought Zachary Alan Starr,2020-03-09 The work is a history of Jewish beliefs

regarding the concept of the soul the idea of resurrection and the nature of the afterlife The work describes these beliefs accounts for the origin of these beliefs discusses the ways in which these beliefs have evolved and explains why the many changes in belief have occurred Views about the soul resurrection and the afterlife are related to other Jewish views and to broad movements in Jewish thought and Jewish intellectual history is placed within the context of the history of Western thought in general That history begins with the biblical period and extends to the present time Dramatic Works William Shakespeare,Samuel Ayscough,1790 *Shakspeare's Dramatic Works* William Shakespeare,1790 **Tantrism: Sex**

Shakespeare,1790 **Emily Dickinson and Hymn Culture** Victoria N. Morgan,2016-12-05 Extending the critical discussion which has focused on the hymns of Isaac Watts as an influence on Emily Dickinson s poetry this study brings to bear the hymnody of Dickinson s female forbears and contemporaries and considers Isaac Watts s position as a Dissenter for a fuller understanding of Dickinson s engagement with hymn culture Victoria N Morgan argues that the emphasis on autonomy in Watts a quality connected to his position as a Dissenter and the work of women hymnists who sought to redefine God in ways more compatible with their own experience posing a challenge to the hierarchical I Thou form of address found in traditional hymns inspired Dickinson s adoption of hymnic forms As she traces the powerful intersection of tradition and experience in Dickinson s poetry Morgan shows Dickinson using the modes and motifs of hymn culture to manipulate the space between concept and experience a space in which Dickinson challenges old ways of thinking and expresses her own innovative ideas on spirituality Focusing on Dickinson s use of bee imagery and on her notions of religious design Morgan situates the radical re visioning of the divine found in Dickinson s alternative hymns in the context of the poet s engagement with a community of hymn writers In her use of the fluid imagery of flight and community as metaphors for the divine Dickinson anticipates the ideas of feminist theologians who privilege community over hierarchy **Colour Oxford English**
