## **Ecumenical Theology Of World Religions:**

**Ecumenical Theology of World Religions** Mariasusai Dhavamony, 2003 Ecumenical theology has to do with relationships between several Churches or Christians of various denomination implying knowledge of christian unity and the desire to attain it For the one Gospel of Jesus Christ which must be preached in dialogue with the world of today presupposes the unity of the Church in faith and love which is meant to be a sign through which the world may believe In the face of the divisions between the Churches which create a problem in their encounter with world religions which all Churches are bound to try to solve there is need of a comprehensive dialogue with one another in which the problems of self understanding and the theological understanding of the religious traditions of mankind can be treated for an effective missionary task of the different Churches Theology must remain conscious of the fact that the revelation of God in Jesus Christ and its proclamation by the Church are directed to all human persons

### **Tracing The Way**

Hans Küng, 2006-08-31 Tracing the Way is the product of a lifetime of experience In researching and compiling this book

Hans Kung has traveled to every corner of the globe in search of God in his many guises Kung casts an analytical eye over the major world religions and offers a view of the present and what that means when measured against the past Kung surveys as succinctly as possible the historical stages of each world religion and analyses their major paradigms and paradigm shifts For the present can be understood only in the light of constellations from the past which have persisted side by side with each other Tracing the Way attempts to understand the religions as objectively as possible and discusses the social political and historical contexts of the many forms of belief that exist today      **Religions Today** Julio de Santa Ana,2005 Based on research this anthology examines the interplay of traditional religion with the process of modernisation and the influences that each of these forces exerts on the other It aims to contribute to an understanding of religious life throughout the world confronting modern issues raised in the context of religion      Unity as Prophetic Witness Michael Kinnamon,2018-11-01 Visser t Hooft and the Shaping of Ecumenical Theology Visser t Hooft is perhaps the most distinguished figure in the modern ecumenical movement emerging in the postwar decades as a pivotal figure Under his leadership the World Council of Churches was officially constituted in 1948 by 147 Protestant and Orthodox Catholic denominations and the organization grew to include nearly 300 denominations in the following decades Visser t Hooft played a major role in the inclusion of churches from communist countries in the World Council and he also sought to enlarge the role played by African Asian and Orthodox churches in the organization He served as editor of the Ecumenical Review from 1948 to 1966 He was also the author of numerous books on the ecumenical movement and the nature and functions of the church      Theology for the Third Millennium Hans Kung,2011-09-21 In Theology for the Third Millennium renowned theologian Hans K ng distills three decades of groundbreaking scholarship into a seminal work that reaffirms the enduring relevance of theology in our modern world As religion faces constant questioning and frequent attacks K ng s magnum opus offers a profound and intellectually rigorous defense of faith s place in contemporary discourse This monumental volume is a must read for students scholars and intellectuals grappling with the complex intersections of religion philosophy and society K ng s erudite yet accessible analysis invites readers to confront the challenges facing theology head on while illuminating its vital role in shaping our understanding of the human experience      **Ecumenical Theology in Worship, Doctrine, and Life** David S. This indispensable guide is for anyone seeking to grasp Christianity's relationship to world religions      **Ecumenism Is Deception** George Joseph K PhD, 2020-09-10 Ecumenism has obscured the truth of the bible and the church Ecumenism is against the uniqueness of Jesus Christ and his gospel Ecumenicals are against the Christian mission and evangelism Visible organizational unity of the church and also the unity of all other religions are their major objectives Hence the unification of the religious groups is falsely considered as the mission of the Church The contemporary false ecumenism is the embodiment of the degeneration of the concept of unity in spirit to organizational unity It is the solution of man not of God It is the master stroke of devil which plunged the Church deep into unbelief Emphasis is shifted from the Biblical mission of evangelism to efforts toward mobilizing a visible Church organization All energy is spent on the organizational affairs of the Church Evangelism was replaced by Church management The modern ecumenical liberal theology is influenced by the philosophies of the world Here preference is given to the views of men not of God Ecumenism takes the unfortunate and cowardly stand that since other views do not accept us we must change and adopt some of their beliefs conglomerate or syncretize so that we can move toward a peaceful coexistence This means the ecumenicals want the Christians to surrender our convictions to those who have a different set of beliefs Their marathon dialogues with other faiths ultimately end up in compromising or even denying the uniqueness of Christ and declaring moratorium on the proclamation of gospel Modern ecumenical theology is pluralistic relativistic subjectivistic inclusivistic and universalistic for destroying the objective and exclusive claims of Jesus Christ New age is in the Church under the garb of modern liberal theology Liberal theology facilitates the infiltration of the new age movement and pantheistic mysticism into the church through environmentalism Environmental protection including love and concern for animals are major issues on the agenda of the ecumenicals Modern liberal theology is the product of the new age philosophy It has deviously misdirected the mission of the church into social work environmental protection and ecumenism There is relationship between contemporary ecumenical movement one world religion antichrist and the ideology of liberal theology Ecumenism is the program for the unity of world religions for the rule of false prophet and antichrist Ecumenicals are the agents of antichrist for forming the world religion by fusing Christianity with other religions The world religious system will try its level best through all subtle ways and means to eliminate the pure gospel from the face of the earth True unity cannot be accomplished by pretending that there are no differences but only by recognizing and respecting those differences while focusing on the great truths of Christian faith Here in this book one of the biggest attacks on the Christian truth is exposed      **Modern Western Christian Theological Understandings of Muslims Since the Second Vatican Council** Mahmut Aydin, 2002      *Handbook of Theological Education in World Christianity* Dietrich Werner, David Esterline, Namsoon Kang, Joshva Raja, 2010-11-19 The Handbook of Theological Education in World Christianity is the first attempt to map and analyze developments in theological education on a global scale This volume with contributions from 98 leaders in theological education from around the world provides a comprehensive introduction to the major themes and

**Christianity and the Wider Ecumenism** Peter C. Phan, 1990 How has Christian tradition developed its understanding of the problem of salvation for non Christians How do the Christian churches appraise the spiritual values of those other religions whose members collectively make up the majority of mankind Christianity and the Wider Ecumenism explores the growing shift from efforts toward unity within Christianity to broader more far reaching attempts at greater harmony among world religions the wider ecumenism Editor Peter Phan traces the trend back to the Second Vatican Council 1962 65 but notes that in the last ten years or so the movement has become pronounced in addition to Vatican II the World Council of Churches has established a Dialogue with People of Living Faiths and ideologies Also the growing number of courses on campus in comparative religions testifies to the critical importance of interfaith studies and dialogue in our religiously plural world Despite resistance by some Christians to this new trend there is a willingness on the

part of others to support the wider ecumenism even to abandon any claim to Christ's Christianity's uniqueness definitiveness absoluteness and superiority They rightly point to the need for faith in God as Absolute Mystery to Christian praxis in favor of justice and freedom and to the enormous historical suffering and conflicts caused by the myth of Christian uniqueness They add that we live today in a world village in which dialogue with other religionists and societies as full equals is imperative perhaps for our very survival Not mere contact but active cooperation and mutual understanding is required now more than ever to deal with urgent global issues involving mass poverty and starvation religious fanaticism the threat to the environment and the omnipresent danger of nuclear destruction These problems are far too important to be left to governments The essays in this volume are the Product of fifty leading scholars from across the Christian spectrum seeking to clarify and to affirm the immense significance of interreligious dialogue for Christianity in our new planetary society
