Southeast Asia's Credit Revolution Aditya Goenka, David Henley, 2013-09-05 Southeast Asia's Credit Revolution describes and explains the rise of microfinance the provision of credit and other financial services for the poor in Southeast Asia over the past four decades the most consistently successful region of the developing world In recent years microfinance has come to be seen as a key weapon in the battle against global poverty generating more enthusiasm and optimism than any other development strategy Southeast Asia has a special place in the history of microfinance Historically Southeast Asian societies and economies were perceived as almost uniquely debt ridden and credit constrained In the twentieth century however the region was in the forefront of the modern microfinance revolution This book asks what factors have made it possible for formal microfinance institutions to replace moneylenders and other traditional credit providers Bringing together economists sociologists anthropologists and historians the book covers seven Southeast Asian countries The topic is explored from cultural and institutional as well as economic perspectives and policy relevant lessons are offered for the design of successful microfinance institutions Focusing on recent developments while putting them in historical context this will be an important text for scholars and students of economic history finance institutional economics and Asian Studies

Laggards and Leaders in Labour Market Reform Jenny Corbett, Anne Daly, Hisakazu Matsushige, Dehne Taylor, 2009-09-10 A flexible labour market is widely regarded as a key factor in encouraging economic growth and prosperity In recent years some economies have successfully reformed their labour markets making part time and flexible hours easier limiting the restrictive practices of trade unions encouraging training and the enhancement of the skills of those in the labour market coping with the changing age profile of the workforce and in other ways Other economies have been less successful at labour market reform and continue to struggle with outdated structures and practices This book discusses the key elements of labour market reform contrasting a country where reforms have been successfully carried through Australia with a country where reforms have been less successful Japan At the same time this book challenges the conventional view that Australia is the lucky country for all its workers given the rising hours worked for those in work and the difficulties for young people entering the labour market Both countries also face issues in terms of an ageing population and policy challenges in the design of safety nets and pension provision The book thereby demonstrates to analysts of labour market reform worldwide the key elements of successful labour market reform and the consequential effects when the reforms are carried through or not

A Basket Currency for Asia Takatoshi Ito, 2007-01-24 The contributors to this book examine the need for an exchange rate regime in Asia following the 1997 to 1998 Asian currency crisis and discuss whether a currency basket system is the answer

Technological Capabilities and Export Success in Asia

Dieter Ernst,Tom Ganiatsos,Lynn Mytelka,2003-09-02 What accounts for export success A team of international contributors show that learning and capability formation are critical to sustain competitiveness Through a series of case studies of firms in the textile and garment and electronics industries of five Asian economies Korea Taiwan Thailand Indonesia and Vietnam Technological Capabilities and Export Success in Asia demonstrates that cheap labour combined with currency devaluation is no longer sufficient for export success

China's Third Economic Transformation

Ross Garnaut,Ligang Song,2004-08-02 The Chinese economy is currently undergoing an institutional transformation as profound as the replacement of the people s communes with the household responsibility system in the early 1980s and the emergence of township and village enterprises as the main locus of economic dynamism in the second half of the 1980s This third dramatic transformation is the emergence of the private sector as the main source of the country s economic growth This book discusses the key issues in private sector development in China and includes An overview of the development of private enterprises in China Analysis of the development and emerging paths toward private enterprise Examination of the business environment in which private enterprises operate How the legal environment has changed through economic reform Managerial capabilities and state business interactions Suggestions of policy recommendations Perhaps controversially the contributors suggest that private sector development is necessary to maintain the dynamism of the Chinese economy and create greater employment opportunities China s Third Economic Transformation will appeal to scholars of Asian Economics and business who are interested in the rapid growth of the private sector in China

Japanese Economics and Economists since 1945

Aiko Ikeo,2002-09-26 In this book leading Japanese scholars present an objective study of Japanese economics since 1945 based on statistical data and analysis The first half of the book assesses the impact and influence of Japanese economics within the international academy demonstrating the increasingly important contribution of Japanese approaches to theoretical and mathematical economics Part Two investigates the impact of Japanese economics on policy making dissecting the formulation of the famous industrial structure policy and comparing Japanese economics with American and Korean models Presenting a wealth of original empirical data and a new perspective on international economic theory this book will be of interest to historians theoreticians and policy makers alike

Economic Growth and Employment in Vietnam

David Lim,2014-03-21 Vietnam has enjoyed significant economic success since the implementation of its doi moi reforms including rapid growth in GDP exports and foreign and domestic investment and a

shedding of poorly performing state owned enterprises Despite this however the economic situation for many ordinary people in Vietnam is fragile with income only just above the poverty line and high unemployment especially among the young In addition inflation is high and the state owned sector is still large much of it still performing badly This book provides a comprehensive overview of the current economic situation in Vietnam It outlines the state of the economy paying special attention to employment discusses government policies including on trade and integration with the global economy and concludes by assessing the key challenges facing Vietnam s economy going forward

Asian Financial Integration Yiping Huang,Shiro Armstrong,2014-03-05 In the wake of the global financial crisis Asia is leading the global recovery with strong economic growth However this book argues that in the coming years the region will need to play a much more active role in shaping the future global financial system and in turn suggests policy strategies for doing so Asian Financial Integration explores the lessons we can learn from Asia s experience during the global financial crisis in terms of the future direction of the region s economic policy and the challenges posed by the opening and deepening of its financial markets The contributors deal with a number of crucial questions including what Asia should learn from the crisis especially with regards to financial innovation and regulation whether global imbalances are a result of policy distortions or a natural outcome of global division of labour what are the lessons and implications from the financial market reform and liberalization experiences of some of the region s major economies and what should Asia do to promote regional financial integration particularly with regards to currency integration This book will be welcomed by students and scholars interested in Asian economics and international economics as well as by policy makers working in the field

Intellectual Property Valuation and Innovation Ruth Taplin,2013-10-15 With the recent global economic crisis attitudes and practices in relation to intellectual property valuation are changing as exemplified by the dichotomy explained in this book which makes it unique While there has been a move towards global harmonisation in terms of valuation of both tangible and intangible assets that are based on innovation there is also a tendency against global harmonisation because of cultural attitudes and practices of different countries This can be seen most acutely in relation to intellectual property valuation in Asia especially East Asia which often differs from the West s perception of valuation The book is written by experts in intellectual property valuation and innovation who are mainly practitioners covering innovators marketers accountants social innovators and business and management academics The breadth and practitioner background of most of the contributors make the material relevant to those involved in valuation economics business management accounting and finance law and maritime insurance This book takes an interdisciplinary approach that cross cuts all the above mentioned disciplines and takes the understanding of intellectual property valuation to a new level

Pakistan - the Political Economy of Growth, Stagnation and the State, 1951-2009 Matthew McCartney,2011-06-07 This book provides a comprehensive reassessment of the development of the economy of Pakistan from independence to the present It argues that the factors which bring about economic

development in countries with high levels of deprivation are best understood by considering changing overall approaches where shifts in approaches do not always coincide with changes in political regimes

Accelerating Japan's Economic Growth F. Gerard Adams, Lawrence R. Klein, Kumasaka Yuzo, Shinozaki Akihiko, 2007-09-12 The Japanese economy is beginning to show signs of recovery after years of stagnation deflation but many Japanese policymakers warn that this economic growth may be sluggish slower than in the United States and certainly slower than in other East Asian countries Japan faces significant economic problems including an aging population a large fiscal deficit and the need to adjust to the IT economy and to competition with the rest of East Asia A slow growth scenario would greatly reduce opportunities for new productive investment and would make it increasingly difficult to provide for Japan's growing social needs The authors of this book argue that Japan can and should grow more rapidly and examine the reasons for the sluggish performance of the Japanese economy For example some Japanese economic sectors particularly in distribution and finance have failed to take advantage of new information and communications technology to accelerate the growth of productivity as has happened in other countries such as the US Production function studies and econometric model simulations suggest that with appropriate policies the Japanese economy can grow more rapidly and deal with its future problems The book posits a number of policy proposals which would help to accelerate Japan's economic growth This book will be of interest to students of the Japanese economy macroeconomics and international economies and also to policymakers and professionals interested in Japan's economy

Macroeconomic and Monetary Policy Issues in Indonesia Akhand Akhtar Hossain, 2013-08-15 Following the acquisition of its sovereignty from the Netherlands in 1949 Indonesia experienced serious economic and political problems during the 1950s and 1960s before entering a three decade long period of rapid economic growth Hard hit by the financial crisis of the late 1990s Indonesia undertook a wide range of economic and financial reforms These reforms served to prepare it well for the 2007-08 global financial crisis through which Indonesia passed relatively unscathed Drawing on empirical research this book presents a comprehensive empirical study on the key macroeconomic relations and monetary policy issues in Indonesia The book analyses monetary fiscal and exchange rate policies looking at their interactions and impacts on the economy It demonstrates how important macroeconomic management for monetary and financial stability is to sustained national economic growth and development Data from the 1970s is compared and contrasted with 1950s data to analyse macroeconomic policies and issues in an historical context Statistical and econometric techniques are juxtaposed with general empirical results to supplement informative discussion of macroeconomic and monetary developments This book is a useful contribution to studies on macroeconomics and international development as well as Southeast Asian studies

Studies in the Economic History of the Pacific Rim Dennis O. Flynn, A.J.H. Latham, Sally M. Miller, 2002-09-11 Trade across the Pacific will be one of the dominant forces in the economy of the next century This collection reflects the birth of Pacific Rim history until recently largely neglected It addresses the development of the Pacific Rim over four centuries

combining broad historical syntheses with a range of essays on specific topics from trade with Hong Kong to British overseas banking It will form a major contribution to this rapidly expanding new field *An Economic History of Indonesia* Jan Luiten van Zanden, Daan Marks, 2013-05-02 Based on new datasets this book presents an economic history of Indonesia It analyses the causes of stagnation of growth during the colonial and independence period making use of new theoretical insights from institutional economics and new growth theory The book looks at the major themes of Indonesian history colonial exploitation and the successes and limitations of the post 1900 welfare policies the price of instability after 1945 and the economic miracle after 1967 The book not only discusses economic change and development or the lack thereof but also the institutional and socio political structures that were behind these changes It also presents a lot of new data on the changing welfare of the Indonesian population on income distribution and on the functioning of markets for rice credit and labour Concluding with a discussion on whether the poor profited from the economic changes this book is a useful contribution to Southeast Asian Studies and International Economics *The Migration of Indian Human Capital* Faizal bin Yahya, Arunajeet Kaur, 2010-12-03 This book examines the trends and motivations of human capital flows from India into this region Focusing in particular on Malaysia Singapore Indonesia and Thailand the book provides an analysis of Indian labour in a variety of sectors including information technology IT sector academia banking oil and gas Based on empirical data the book provides an analysis of current trends in the flow of human capital from India to Southeast Asia *The Singapore Economy* Tilak Abeysinghe, Keen Meng Choy, 2007-03-12 Singapore's phenomenal transformation from Third World to First World status has been of great interest to economists around the world yet there has been little quantitative research done on its economy and institutions This innovative new research monograph fills the lacunae by presenting the Singapore economy through a macroeconomic model and laying the foundations for further research Using formal econometric analysis and novel modelling techniques Abeysinghe and Choy offer rare insights into how the Singapore economy works Each of the major chapters discusses the implications of the empirical findings for current policy and an entire chapter has been devoted to macroeconomic policy simulations This book is a unique introduction to the Singapore economy and would be of interest to econometric modellers and policy makers in Singapore as well as advanced undergraduates and graduate researchers interested in modelling small open economies *Capital and Knowledge in Asia* Heidi Dahles, Otto van den Muijzenberg, 2003-09-02 Global economic integration widening communication networks and government policies supportive of private enterprise are changing opportunities for accumulating wealth status and power In varying degrees throughout Asia this process is accompanied by the development of service enterprises such as banking insurance legal firms and IT firms which provide access to the resources required for a profitable connection to the wider world This book focuses on the key role played by producer services in shaping new business areas and new patterns for social mobility and their interdependence with the State as either a facilitator of or an obstacle to the emergence and flourishing of the new

professions *Asian Informal Workers* Santosh K.
