Economic Perspectives An Annual Survey Of Economics:

Economic Perspectives: an Annual Survey of Economics ,1979 **Economic Perspectives (Vol 2)** Maurice B. Ballabon,1981-03 First Published in 1981 Routledge is an imprint of Taylor Francis an informa company *Statistical Reference Index* ,1980 **The Publishers' Trade List Annual** ,1985 **The New Palgrave Dictionary of Economics** ,2016-05-18 The award winning The New Palgrave Dictionary of Economics 2nd edition is now available as a dynamic online resource Consisting of over 1 900 articles written by leading figures in the field including Nobel prize winners this is the definitive scholarly reference work for a new generation of economists Regularly updated This product is a subscription based product **The Lure of Authoritarianism** Stephen J. King,Abdeslam M. Maghraoui,2021-12-22 The works collected in The Lure of Authoritarianism consider the normative appeal of authoritarianism in light of the 2011 popular uprisings in the Middle East Despite what seemed to be a popular revolution in favor of more democratic politics there has instead been a slide back toward authoritarian regimes that merely gesture toward notions of democracy In the chaos that followed the Arab Spring societies were lured by the prospect of strong leaders with firm guiding hands The shift toward normalizing these regimes seems sudden but the works collected in this volume document a gradual shift toward support for authoritarianism over democracy that stretches back decades in North Africa Contributors consider the ideological socioeconomic and security based justifications of authoritarianism as well as the surprising and vigorous reestablishment of authoritarianism in these regions With careful attention to local variations and differences in political strategies the volume provides a nuanced and sweeping consideration of the changes in the Middle East in the past and what they mean for the future **Annual Energy Outlook 2004: With Projections to 2025** ,2004 **NBER Macroeconomics Annual, 2022** Martin Eichenbaum,Erik Hurst,Valerie Ramey,2023-05-15 Authoritative takes on the most current and pressing issues in macroeconomics today The NBER Macroeconomics Annual provides a forum for leading economists to participate in important debates in macroeconomics and to report on major developments in macroeconomic analysis and policy The NBER Macroeconomics Annual brings together leading scholars to discuss five research papers on central issues in contemporary macroeconomics First Andrea Eisfeldt Antonio Falato and Mindy Xiaolan document the rise of a new class of worker that receives part of its labor income as equity based compensation its role in the recent decline in the labor share of income and implications for the returns to skilled labor and the implied capital skill complementarity Next Michael Bauer and Eric Swanson focus on monetary policy shocks and argue the correlation between estimated monetary surprises and previously available information can be explained by uncertainty about the parameters of the monetary policy rule Using new data and methods they find effects of monetary policy on macroeconomic variables that are much larger than previously estimated Job Boerma and Loukas Karabarbounis provide a framework for quantitatively exploring the gap in wealth between White and Black Americans over the past 150 years and examine the effectiveness of reparations as a tool for closing this gap Guido

Menzio considers workers who do not have rational expectations and whose stubborn beliefs change the response of wages to technology shocks resulting in sticky wages He finds that the larger the fraction of workers with stubborn beliefs the more volatile unemployment is Finally Rishabh Aggarwal Adrien Auclert Matthew Rognlie and Ludwig Straub investigate the growth particularly in the United States of private savings current account deficits and fiscal deficits after 2020 They argue that fiscal deficits lead to large and persistent increases in private savings and current account deficits [Index to Foreign](#)
