Economic Social History Of Britain:

Wealth and Welfare Martin Dauntun,2007-04-26 Martin Dauntun provides a clear and balanced view of the continuities and changes that occurred in the economic history of Britain from the Great Exhibition of 1851 to the Festival of Britain in 1951 In 1851 Britain was the dominant economic power in an increasingly global economy The First World War marked a turning point as globalisation went into reverse and Britain shifted to insular capitalism Rather than emphasizing the decline of the British economy this book stresses modernity and the growth of new patterns of consumption in areas such as the service sector and the leisure industry Progress and Poverty Martin J. Dauntun,1995 Revisionist analysis **British**
