Economics And Politics In The USSR Hans-Hermann Hohmann, 2019-03-05 Soviet scholars have apparently stayed clear of meaningful analysis of such touchy subjects as interdependence and conflict in the relationship between economics and politics. Very little has been published on this issue, no surprise in a system that controls centrally both politics and the economy with an emphasis on rapid economic development. The absence of meaningful Soviet research led the Federal Institute for East European and International Studies in Cologne to sponsor an international interdisciplinary conference on the subject. Contributions to the resulting book cover three main areas. The first includes the impact of traditional Russian political culture on contemporary Soviet economic thinking and behavior, the rank of economic aims in the priority system of Soviet politics and the function of economic institutions in the implementation of political aims. The second concerns the role of political lobbies in the economy and repercussions of economic change for Soviet politics. Foreign economic relations and the USSR's foreign policy make up the third area. The concluding discussion reviews the state of international research and identifies areas for future study.

Soviet Politics Richard Sakwa, 2012-11-12 Soviet Politics in Perspective is a new edition of Richard Sakwa's successful textbook Soviet Politics: an introduction. Thoroughly revised and updated, it builds on the previous editions' comprehensive and accessible exploration of the Soviet system from its rise in 1919 to its collapse in 1991. The book is divided into five parts which focus on key aspects of Soviet politics. They are: historical perspectives beginning with the Tsarist regime on the eve of Revolution; the rise and development of Stalinism through to the decline of the regime under Brezhnev and his successors; and Gorbachev's attempts to revive the system's institutions of Government, such as the Communist Party, security apparatus, the military, the justice system, local government, and participation. Theoretical approaches to Soviet politics, including class and gender politics, the role of ideology, and the shift from dissent to pluralism. Key policy areas: the command economy and reform, nationality politics, and foreign and defence policy. An evaluation of Soviet rule and reasons for its collapse. Providing key texts and bibliographies, this book offers the complete history and politics of the Soviet period in a single volume. It will be indispensable to students of Soviet and post-Soviet politics, as well as the interested general reader.

The Struggle to Save the Soviet Economy Chris Miller, 2016-10-13 For half a century the Soviet economy was inefficient but stable. In the late 1980s, to the surprise of nearly everyone, it suddenly collapsed. Why did this happen? And what role did Soviet leader Mikhail Gorbachev's economic reforms play in the country's dissolution? In this groundbreaking study, Chris Miller shows that Gorbachev and his allies tried to learn from the great success story of transitions from socialism to capitalism: Deng Xiaoping's China. Why then were efforts to revitalize Soviet socialism so much less successful than in China? Making use of never before studied documents from the Soviet Politburo and other archives, Miller argues that the difference between the Soviet Union and China, and the ultimate cause of the Soviet collapse, was not economics but politics. The Soviet government was divided by bitter conflict, and Gorbachev, the ostensible Soviet autocrat,

was unable to outmaneuver the interest groups that were threatened by his economic reforms Miller's analysis settles long standing debates about the politics and economics of perestroika transforming our understanding of the causes of the Soviet Union's rapid demise      The Disintegration of the Soviet Economic System Michael Ellman, Vladimir Kontorovich, 2023-06-14

The Disintegration of the Soviet Economic System 1992 examines in detail the collapse of the Soviet economic system and is set in its political context both international and domestic The collapse is looked at from a macroeconomic point of view both real and financial as well as from a mesoeconomic viewpoint with chapters on such important sectors such as agriculture and the railways Because the USSR is such a large country it is also looked at in a regional perspective with chapters on Central Asia and the allocation of investment between republics and attention is also paid to the welfare of the population their health and the development of their consumption and the environment and technical progress      Economic Reforms in the Socialist World Stanislaw, etc, Gomulka, 2016-07-22 First Published in 1990 Socialist countries now account for about a quarter of the world economy about a third of the world population and about half the world military power What happens in those countries is therefore par excellence of importance to all of us This book is an outcome of a Conference on Economic Systems and Reforms in a Changing World held in Seoul in September 1987 The Conference was significant in several respects Foremost was the fact that this was probably the first such meeting of scholars from both socialist and non socialist countries held to discuss socialist economic reforms worldwide      **The Soviet Economy on the Brink of Reform** Peter Wiles, 2023-06-14 The Soviet Economy on the Brink of Reform 1988 is a collection of essays in honour of Alec Nove and covers such topics as Leon Trotsky Navrozov Soviet Investment criteria Soviet Agricultural and economic politics under Andropov and Chernenko      Soviet Constitutional Crisis Robert S. Sharlet, 1992 Moving from the adoption of the post Stalin Constitution of 1977 through its subsequent implementation under Brezhnev Andropov and Chernenko to the radical legal restructuring of the Gorbachev years Robert Sharlet traces the gradual evolution of a nascent constitutionalism in the erstwhile USSR Sharlet a noted authority on Soviet law and constitutional development demonstrates the gradual transformation of law from an instrument of Communist Party rule into the new rules of the game for nonauthoritarian political development In effect he argues one of Gorbachev's most durable achievements may be his redefinition of Soviet politics into a legal idiom along with his relocation of policymaking from behind the closed doors of Party conclaves into the more open emergent arena of constitutional government In analyzing the politics of law from the Brezhnev era to the rise of Yeltsin the author takes account of the war of laws the symbolic uses of the Soviet constitution and even the fact that the leaders of the failed coup attempted to justify their seizure of power on constitutional grounds Constitutionalism has sufficiently suffused Soviet public life the book concludes that most of the sovereign republics as successors to the former USSR have begun designing their futures to varying degrees in constitutional forms      **Economic Reforms in the Socialist World** Stanislaw Gomulka, Yong-Chool Ha, Se-wŏn Kim, First Published in 1990 Routledge is an imprint of Taylor

Francis an Informa company      **Comecon** J. J. Brine,1992 Comecon or the Council for Mutual Economic Assistance was founded by Joseph Stalin in 1949 to counteract the Marshall Plan and reinforce the bonds between the Soviet Union and the people s democracies of Eastern Europe Other Soviet Bloc nations later joined Comecon and for forty years it dominated the trade policies of the Soviet Bloc and profoundly influenced their domestic economic development and relations with the West Comecon collapsed in 1991 after the countries of Eastern Europe rejected communism It was often compared with the West European Common Market but differed vastly in its aims structure powers and activities Its influence is a critical factor in assessing both the economic failures of the Soviet Bloc and the problems facing former member states as they make the transition to free market economies This detailed annotated bibliography is an essential guide to the extensive English language literature about Comecon from its founding until its demise Chapters cover Comecon s history structure and law socialist economic integration the organization s arrangements for international trade and finance environment natural resources and energy labor industry and agriculture science and technology Comecon like the rest of the Soviet Bloc collapsed suddenly but its legacy will color international relations and worldwide economic issues for years to come An understanding of its institutions mechanisms and policies remains vital hi appreciating the economic organization of the former Soviet empire This bibliography will therefore be indispensable to policymakers economists historians and political scientists      *Limits of Soviet Power* Edward A. Kolodziej,Roger E. Kanet,2015-12-25 An evaluation of Soviet efforts to penetrate the major regions in the southern hemisphere concluding that success has been modest and continues to be costly It is suggested that a world society could emerge based on socio economic and political competition rather than conflict and arms races      **Gorbachev's Economic Plans** ,1987      **The End of the Cold War and the Causes of Soviet Collapse** N. Bisley,2004-04-30 Soviet efforts to end the Cold War were intended to help revitalize the USSR Instead Nick Bisley argues they contributed crucially to its collapse Using historical sociological theory *The End of the Cold War and the Causes of Soviet Collapse* shows that international confrontation had been an important element of Soviet rule and that the retreat from this confrontational posture weakened institutional functional aspects of the state This played a vital role in making the USSR vulnerable to the forces of economic crisis elite fragmentation and nationalism which ultimately caused its collapse      *The End of the Cold War* David Armstrong,Erik Goldstein,2013-11-05 Giving an overview of the origins and history of the Cold War this work considers whether the Cold War is truly over and what the effects have been on Europe and the former Soviet Union as well as US foreign policy      *Moscow And The Polish Crisis* Sidney I. Ploss,2019-03-06 During the Polish crisis of 1980 1981 the Western world was uncertain of the Soviet response to turmoil in Poland and speculation about an invasion was rife The timing of the Polish declaration of martial law came without forewarning to the United States according to then Secretary of State Alexander M Haig Jr In retrospect Dr Ploss point      **Klaus von Beyme** Klaus Beyme,2013-11-01 Klaus von Beyme a highly distinguished German political scientist has been recognised as a Pioneer in the Study of Political

The Top Books of the Year Economics And Politics In The Ussr Problems Of Interdependence The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous captivating novels captivating the hearts of readers worldwide. Lets delve into the realm of top-selling books, exploring the engaging narratives that have charmed audiences this year.

Economics And Politics In The Ussr Problems Of Interdependence : Colleen Hoover's "It Ends with Us" This heartfelt tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover expertly weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail.

Uncover the Best : Taylor Jenkins Reid's "The Seven Husbands of Evelyn Hugo" This spellbinding historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reid's absorbing storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery.

Discover the Magic : Delia Owens' "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens crafts a tale of resilience, survival, and the transformative power of nature, entrancing readers with its evocative prose and mesmerizing setting.

These bestselling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered.

The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts.

The Secret History is a exceptional and gripping novel that will keep you guessing until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
