Economics Of Feasible Socialism

David Kirk

Economics Of Feasible Socialism:

The Economics of Feasible Socialism Revisited Alec Nove, 2003-09-02 Characteristically readable controversial and full of insights Alec Nove's new book is essential reading for anyone concerned with evaluating the relevance of Marxism to contemporary social and economic problems

The Economics of Feasible Socialism Alec Nove, 2013-11-05 The first part of *The Economics of Feasible Socialism* demonstrates why Marx's theories provide no guide to the issues that must face economists under any realistically conceivable Socialism The experience of communist ruled countries especially the former Soviet Union is often negative economic inefficiency bureaucracy despotism The causes of these defects and possible remedies and reforms are discussed The problems of transition in the context of Western industrialized countries and of developing countries is also examined with particular attention centred on the errors of economic policy in Chile and China amongst other countries

The Economics of Transition Marie Lavigne, 1999-02-15 Substantially revised and updated the second edition of this highly acclaimed text is both a vital guide and a valuable critical analysis The book provides a contemporary comparative approach to the process of transformation of the economies of Eastern Europe and Russia Supplying a large amount of factual and statistical information it also includes consideration of recent progress in the areas of macro economic stabilisation micro economic restructuring and integration into the world economy

A History of Marxian Economics, Volume II Michael Charles Howard, John Edward King, 2014-07-14 This second volume completes a critical history of the social political and theoretical forces behind Marxian economics the only work in English to offer such comprehensive treatment Beginning with Marxian analyses of the Great Depression and Stalinism it explores the theories developed to explain the long boom in Western capitalism after the Second World War Later chapters deal with post Leninist theories of imperialism and continuing controversies in value theory and the theory of exploitation After outlining recent work on the second slump the integration of rational choice theory into Marxism and the political economy of socialism the book concludes with a review and evaluation of Marxian theory over the whole period since Marx's death Praise for the first volume Howard and King have done an excellent job One comes away with the impression of Marxian economics being a vibrant subject relevant to the problems of these times and useful in practical matters Meghnad Desai *The Times Higher Education Supplement* Originally published in 1992 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

Collected Works of Domenico Mario Nuti, Volume I Saul Estrin, Milica Uvalic, 2023-05-20 This book the first of two volumes brings together the work of Domenico Mario Nuti to highlight his significant and varied contribution to economics Bringing together works from across

Nuti's career his distinctive intellectual framework is exemplified in relation to discussions on the drivers of economic growth and development the most efficient economic system the organisation of firms and how economies should be managed This volume gives particular attention to socialist economic systems and the transition of former socialist countries to market economies This book through the inclusion of an introduction aims to contextualise his ideas and illustrate their continued relevance It will be of wide interest to students and researchers Strategies of Economic Development Kurt

Martin,1991-06-18 In the aftermath of the debt crisis disappointment with the results of structural adjustment policies is leading to a reappraisal of theories of economic development and industrialization strategies This book comprises a collection of essays on economic development *Economic Reform and Political Change in Eastern Europe* Judy Batt,1988-06-21

Economic reform the introduction of elements of the market into a planned economy has been the central political problem for socialist states for at least three decades This book seeks to elucidate the nature of the problem through a reconsideration of the general theoretical issues and through a comparative analysis of the practice of economic reform in two countries Czechoslovakia and Hungary Russia's Path from Gorbachev to Putin David Kotz,Fred Weir,2007-05-07 In their 1996 book for Routledge *Revolution from Above* David Kotz and Fred Weir shed light on the oligarchs emergence and pointed out that many of their number had ironically been influential under the Soviet regime In this new book the authors bring the story up to date and also examine the liberalization program that the IMF imposed on this once powerful country

Economic Justice and Democracy Robin Hahnel,2013-05-13 In *Economic Justice and Democracy* Robin Hahnel puts aside most economic theories from the left and the right from central planning to unbridled corporate enterprise as undemocratic and instead outlines a plan for restructuring the relationship between markets and governments according to effects rather than contributions This idea is simple provocative and turns most arguments on their heads those most affected by a decision get to make it It's uncomplicated unquestionably American in its freedom reinforcement and essentially what anti globalization protestors are asking for Companies would be more accountable to their consumers polluters to nearby homeowners would be factory closers to factory town inhabitants Sometimes what's good for General Motors is bad for America which is why we have regulations in the first place Though participatory economics as Robert Heilbroner termed has been discussed more outside America than in it Hahnel has followed discussions elsewhere and also presents many of the arguments for and against this system and ways to put it in place Private Business and Economic Reform in China Susan Young,2015-05-11 Based on Party and state documents Chinese newspaper reports and surveys the Chinese and Western scholarly literature and the author's own fieldwork this important study examines the private sector as a case study of the mechanics of reform in China emphasizing the relationships among local officials private businesses and central policy The book traces the growth of private business in China since 1978 and focuses on the interaction between private sector policy and other reforms and examines how this has affected China's political economy **Getting Past**

Capitalism Cynthia Kaufman, 2012-08-24 *Getting Past Capitalism* begins with a critique of the impacts of capitalism on human society and the environment. It looks in new ways at what capitalism is and at how it is reproduced. That investigation opens the door to fresh ways of looking at how to challenge it. Cynthia Kaufman looks at some fundamental questions about how capitalism comes to look like a system that is unbeatable and how people come to have desires that work to reinforce capitalism. Kaufman uses this analysis to develop ideas about how to challenge capitalism. She argues that rather than looking for the fulcrum point in a system that will make it able to be overthrown, we should try to understand what kinds of practices open more spaces for stopping the reproduction of capitalist processes and what kinds of structures need to be developed to make capitalism a less important part of our world. *Getting Past Capitalism* includes a critique of capitalism and presentation of alternatives to capitalism, many of which already exist. It explores strategies for developing and strengthening those alternatives.

Theories Of Comparative Political Economy Ronald H Chilcote, 2018-02-05 Professor Chilcote has written an extraordinary comprehensive comparison of mainstream liberal views and alternative radical views of history, development, class, government, and democracy. This book will be extremely valuable to both students and scholars. Howard Sherman, University of California Riverside. *Theories of Comparative Political Economy* builds on the proposition that the study of politics and economics has evolved into political economy in a number of significant ways and that the new issues and ideas that became prominent in the 1980s and 1990s will carry on into the new millennium. This book is a sequel to Chilcote's *Theories of Comparative Politics* (Westview, 1981), which was substantially revised and published in a second edition in 1994.

The Contradictions of "Real Socialism": The Conductor and the Conducted Michael A. Lebowitz, 2012 In this concise volume, noted scholar and economist Michael A. Lebowitz considers the legacy of twentieth-century socialist societies or what some have termed real socialism. While these societies were able to claim major achievements in areas from health care to education to popular culture, they nonetheless met limited success in eroding what Marx called the opposition of the worker as direct producer and the proprietor of the means of production. That this opposition between workers and managers continued to exist in one form or another under real socialism means that, according to L.

Associative Democracy Paul Hirst, 2013-04-23 In this book, Paul Hirst makes a major contribution to democratic thinking, advocating associative democracy, the belief that human welfare and liberty are best served when as many of the affairs of society as possible are managed by voluntary and democratically self-governing associations.

The Socialist Calculation Debate After the Upheavals in Eastern Europe Pascal Bridel, 1993 *The Dialectics of Ecology* John Bellamy Foster, 2024-04-01 Explores ecological socialism's potential against capitalist environmental degradation. Today, the fate of the earth as a home for humanity is in question, and yet contends John Bellamy Foster, the reunification of humanity and the earth remains possible if we are prepared to make revolutionary changes. As with his prior books, *The Dialectics of Ecology* is grounded in the contention that we are now faced with a concrete choice between ecological socialism and capitalist exterminism, and rooted

in insights drawn from the classical historical materialist tradition In this latest work Foster explores the complex theoretical debates that have arisen historically with respect to the dialectics of nature and society He then goes on to examine the current contradictions associated with the confrontation between capitalist extractivism and the financialization of nature on the one hand and the radical challenges to these represented by emergent visions of ecological civilization and planned degrowth on the other The product of contemporary ecosocialist debates The Dialectics of Ecology builds on earlier works by Foster including Marx's Ecology and The Return of Nature aimed at the development of a dialectical naturalism and the formation of a path to sustainable human development *Markets within Planning* Edmund V. K. Fitzgerald, Marc

Wuyts, 2012-11-12 Published in 1988 *Markets within Planning* is a valuable contribution to the field of Economics

Economic Transition and Political Legitimacy in Post-Mao China Feng Chen, 1995-09-14 Tracing the role of ideas in Chinese economic reform from 1978 to the present this book explores the conversion of China's policymakers to capitalist economic thinking Chen argues that the reform process has created a gap between the legitimacy of the leadership which remains rooted in Marxist Leninist ideology and the practice of reform which has abandoned such ideological constraints Through a systematic survey of party documents and resolutions official publications leaders speeches academic journals and newspapers Chen shows how Chinese policymakers reconceptualized the ownership system and adjusted related policies Focusing on a number of economic policy issue areas such as state economy rural reform privatization and income distribution he analyzes in depth the implications of this gap for the current Chinese leadership and the future of China's political development **Why Economists Disagree** David L. Prychitko, 1998-01-01 Provides a convenient introduction to

heterodox alternatives to neoclassical economics *Eastern Europe . . . Central Europe . . . Europe* Stephen R Graubard, 2019-04-05 At a time of tremendous flux throughout Europe this book provides solid analyses of the events and trends that are rapidly reshaping the region Originally published as an edition of Dcedalus this updated volume brings together leading scholars to examine such issues as the major paradigmatic shifts occurring in Eastern Europe the long te

Economics Of Feasible Socialism: Bestsellers in 2023 The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous compelling novels captivating the hearts of readers worldwide. Lets delve into the realm of popular books, exploring the fascinating narratives that have captivated audiences this year. Economics Of Feasible Socialism : Colleen Hoover's "It Ends with Us" This poignant tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover expertly weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can triumph. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This intriguing historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids captivating storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens spins a tale of resilience, survival, and the transformative power of nature, entrancing readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of engaging stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a exceptional and gripping novel that will keep you guessing until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
