Economics Of Israel

Ira Sharkansky

Economics Of Israel:

The Political Economy of Israel Yakir Plessner, 1994-01-01 This book constitutes the first attempt at a comprehensive description history and analysis of Israel's economy Plessner examines events of the past two decades and advances the hypothesis that problems within the Israeli economy can be explained by the extent of its departure from the institutions and rules that govern predominantly market economies He argues that Israel is unusual in that it affords an opportunity to analyze a socialized economy embedded in a democratic society Individual chapters describe Israel's economic growth and stagnation the government's domination of capital and credit markets and the absence of a truly independent private sector The concluding chapter evaluates the stabilization program of the 1980s and its aftermath and provides a prognosis for the future Told within the framework of the story of Zionism and the creation of the Jewish state this book answers the question of why the Israeli economy finds itself today in the same state in which it has languished since 1973

The Economy of Israel Alex Rubner, 2024-02-29 First published in 1960 The Economy of Israel presents a critical account of the first ten years of Israeli economy The book starts with a short description of the physical nature of the country and an examination of the Zionist ideas which played a decisive role in the formation of Israel Part I of the book surveys the economy of Israel and traces the significant features of its development between 1948 and 1958 Part II is not a photograph of Israel's exchange regulations at one particular date but an eclectic account of the variable features of a flexible system that had but one constant factor namely the absence at any time of an effective unitary exchange rate Part III of the book contains some general observations that are largely speculative The book concludes with an examination of the prospects of Israel's economy with special reference to the charitable aid which has provided it with its life blood during the first decade This is an important historical account for scholars and researchers of economics Middle East economics and history of Israel

The Israeli Economy Joseph Zeira, 2021-11-23 Based on over twenty years of research The Israeli Economy offers a broad survey and analysis of an economy that has grown at an extraordinary rate has been subject to large external shocks and that has been a part of extensive conflict throughout its history The book focuses on four main themes understanding the secret of the rapid growth of the Israeli economy evaluating the cost of the Israeli Arab conflict studying Israel as a country subject to large external shocks whose effects can be tested and examining the effects of neoliberal policy on economic performance and inequality Originally published in Hebrew in February 2018 the book has been restructured and framed for an English speaking audience omitting many details meant for Israeli readers and focusing more on the lessons that people from other countries can draw from Israel as a case study The book draws on data from the Israeli Central Bureau of Statistics and the Statistical Appendices of the annual Bank of Israel reports as well as from the Israeli Parliament the research center of the Knesset and publications from US Congress In The Israeli Economy Joseph Zeira provides a comprehensive economic history of a country with an important role in the Middle East arguing that it's impossible to understand the region without

understanding Israel and its phenomenal success *The Israeli Economy* Yoram Ben-Porath, 1986 Research papers on economic conditions in Israel considers population growth and its role in economic growth covers structural changes in economic structure and industrial structure capital investment relationships between educational level and wage differentials public expenditure on defence and public services income redistribution taxation etc examines balance of payments and energy problems the system of cost of living allowance and dynamics of inflation includes economic policy suggestions Graphs references statistical tables **The Enigma of Economic Growth** David Horowitz, 1972 **The Economic Development of Israel** Nadav Halevi, Ruth Klinov, 1968 General study of Israel with particular reference to economic development during the period from 1949 to 1965 covers economic policy government structures demographic aspects labour force and the occupational structure educational level the gross national product income distribution productivity trade fiscal policy the effects of inflation on the economy etc Bibliography pp 303 to 312 and statistical tables Israel's Rising Economy and Its Drawbacks - Causes, Consequences and Remedies Gregory Ler, 2008-10 Bachelor Thesis from the year 2008 in the subject Business economics Economic Policy grade 1.7 University of Applied Sciences Osnabrück Osnabrück University of Applied Sciences 26 entries in the bibliography language English abstract Israel is a relatively young country and economy In its short life of 60 years its economy has matured through continuing crises and has become strong and well diversified Almost all years of the country's existence it has enjoyed healthy economic growth Apart from these achievements the country and the economy are facing serious problems The conflict with the Palestinians which has been dragging on for decades in the new millennium has intensified and became more and more violent Besides the obvious humanitarian and political consequences this conflict also has many economic implications all but positive both for Israel and the Palestinians Both parties are paying a high economic price for the continuation of this conflict with falling GDP's loss of jobs sanctions on one another and most importantly the huge unfulfilled potential that lies in economic cooperation between the two Israel is also facing an internal economic and social problem the Ultra orthodox Jews population group Due to their unique lifestyle of abiding vigorously to religion they almost do not participate in the Israeli labour market rely heavily on government help and also do not join the army like all other Israeli Jews This group contributes to the poverty rate in an unproportional manner being much poorer than other Israelis Due to very high fertility rate the Ultra orthodox who used to be just a small minority are on the way to become almost a quarter of the population in two decades This situation demands some urgent changes **The Political Economy of Israel** Ira Sharkansky, 2017-09-29 The resurgence of political economy as an important topic reflects the deep interpenetration of politics and economics There are few economic issues of consequence that are not shaped by government decisions and there are few governments whose agendas are not dominated by economic issues No country reflects the interpenetration of politics and economics as much as Israel In this analysis Ira Sharkansky examines the extensive involvement of the Israeli government in the country's economy reflected in

governmental expenditures that exceed the gross national product intimate links between governmental activity and Israeli's standard of living high inflation and other economic problems and policymaking behaviors that include entrepreneurialism and indirection He explores the strategic points of Israel's political economy pursuing a qualitative analysis of Israeli problems and strategies for dealing with them Those interested in policy analysis political economy comparative politics comparative public administration and Israeli politics will find this book invaluable Contents The Political Economy of Israel What is the Israeli State How Large is the Government Budget Israel's Standard of Living Israeli Municipalities Local Initiative amidst Central Controls Who Gets What amidst High Inflation Winners and Losers in the Israeli Budget 1978-1984 Conundrums of Israel's Political Economy Problems without Solutions Public Sector Entrepreneurialism Policymaking by Indirection Perspective on Israel's Political Economy **The Economy of Modern Israel** Assaf Razin, Efraim

Sadka, 1993-11-15 In this up to date study of the Israeli economy Assaf Razin and Efraim Sadka cover the entire economic history of the state focusing on links between Israel's economic growth its integration into world markets its tax and welfare systems and the political conflicts in the Middle East The authors present the first detailed economic analysis of the Palestinian uprising showing how the unrest has led to a fall in Arab employment in Israel and serious economic loss to the occupied territories with some loss to Israel They also examine how the uprising has affected Israel's financial standing internationally and the inflow of foreign aid Razin and Sadka see promise for Israel's economy in the waves of immigration from the former Soviet Union despite the current difficulties in absorbing the immigrants in the coexistence of a flourishing and highly competitive private sector with a relatively large public sector which is undergoing privatization and in a tax structure that encourages long term saving and business growth By examining the interplay between the exchange rate interest rates and monetary and anti inflation policies the authors investigate the possibilities for renewed growth and conclude that the future of Israel's economy crucially depends on serious efforts to secure peace in the Middle East **The**

Israeli Economy Paul Rivlin, 1992-06-25 This study examines the sources of growth and stagnation in the Israeli economy focusing on the development of the industrial and agricultural sectors changes in the supply of labour the nature of capital markets and the expansion of the defence budget The Political Economy of Israel Yakir Plessner, 1994-01-01 On Israel's economic policy The Israeli Economy, 1995-2017 Avi Ben-Bassat, Reuben Gronau, Asaf Zussman, 2021-02-18 Provides a comprehensive authoritative and up to date perspective on the development of Israel's economy over the last twenty years

Economic and Social Policy in Israel Moshe Sanbar, 1990 Israel and the World Economy Assaf Razin, 2018-01-19 A rigorous analysis of the role played by globalization in key episodes in the development of the Israeli economy from hyperinflation crisis to high tech surge Anti globalization sentiments are rising especially in Europe and the United States with the increasingly integrated global economy blamed for domestic economic distress In this book Assaf Razin argues that Israel offers a counterexample to this view showing decisively positive economic effects of globalized finance trade and

immigration He offers a rigorous analysis of the role played by globalization in key episodes in the remarkable development of the Israeli economy His findings may hold lessons for productivity challenged advanced economies as well as for other countries such as China currently making the transition to fully developed economies Razin examines the wave of immigration after the collapse of the Soviet Union as highly skilled Soviet Jews migrated to Israel and the effect on income inequality the Great Moderation of inflation and employment in advanced economies as Israel's inflation converged in parallel with low world inflation rates Israel's robustness in the face of the deflation shocks of the 2008 financial crisis and technology transmission through foreign direct investment reinforcing Israel's high tech sector surge He also considers such ongoing challenges as high fertility and low labor market participation and the economic costs of the Israeli Palestinian conflict

The Israeli Economy from the Foundation of the State through the 21st Century Paul Rivlin, 2010-11-15 This book analyzes the development of the Israeli economy in its historical context It shows how the ideology of the dominant group in the Zionist movement led to the development of agriculture thus meeting the preconditions for successful industrialization Remarkable if uneven growth has taken place with increasing allocations for defense Regional isolation led to the emphasis on high quality exports for developed markets that has stimulated the technological base Israel has benefited from mass immigration and increased access to foreign capital factors that have transformed the economy The book includes chapters on the development of the Jewish community in Palestine during the British Mandate macroeconomic developments and economic policy globalization and high technology defense the economics of the Arab minority Israeli settlements and relations with the Palestinians and the role of religion It concludes with an examination of the socioeconomic divisions that have widened as the economy has grown

The Political Economy of Israel Ira Sharkansky, 2017-09-29 The resurgence of political economy as an important topic reflects the deep interpenetration of politics and economics There are few economic issues of consequence that are not shaped by government decisions and there are few governments whose agendas are not dominated by economic issues No country reflects the interpenetration of politics and economics as much as Israel In this analysis Ira Sharkansky examines the extensive involvement of the Israeli government in the country's economy reflected in governmental expenditures that exceed the gross national product intimate links between governmental activity and Israeli's standard of living high inflation and other economic problems and policymaking behaviors that include entrepreneurialism and indirection He explores the strategic points of Israel's political economy pursuing a qualitative analysis of Israeli problems and strategies for dealing with them Those interested in policy analysis political economy comparative politics comparative public administration and Israeli politics will find this book invaluable Contents The Political Economy of Israel What is the Israeli State How Large is the Government Budget Israel's Standard of Living Israeli Municipalities Local Initiative amidst Central Controls Who Gets What amidst High Inflation Winners and Losers in the Israeli Budget 1978 1984 Conundrums of Israel's Political Economy Problems without Solutions Public Sector Entrepreneurialism Policymaking by

Indirection Perspective on Israel's Political Economy *The Israeli Economy (Routledge Revivals)* Yair Aharoni, 2014-05-01
 First published in 1991 during a significant stagnation in the Israeli economy this title discusses the causes of the economic downturn and assesses the country's prospects Throughout Aharoni measures the economic problems Israel has endured against the social and economic successes it has been able to achieve He highlights the incongruities of the aspirations of Israel's founders and supporters and the reality as well as the interplay of economic and political forces that have shaped this With a detailed introduction to the ideology and development of the state of Israel and a history of the Israeli economy and its institutional structure this title will be of significant value to any student studying the economic history of Israel and the Middle East **The Global Political Economy of Israel** Jonathan Nitzan, Shimshon Bichler, 2002-08-20 The debate about globalisation and its discontents **The Sacred Economy of Ancient Israel** Roland Boer, 2015-04-20 The Sacred Economy of Ancient Israel offers a new reconstruction of the economic context of the Bible and of ancient Israel It argues that the key to ancient economies is with those who worked on the land rather than in intermittent and relatively weak kingdoms and empires Drawing on sophisticated economic theory especially the Regulation School and textual and archaeological resources Roland Boer makes it clear that economic crisis was the norm and that economics is always socially determined He examines three economic layers the building blocks five institutional forms periods of relative stability three regimes and the overarching mode of production Ultimately the most resilient of all the regimes was subsistence survival for which the regular collapse of kingdoms and empires was a blessing rather than a curse Students will come away with a clear understanding of the dynamics of the economy of ancient Israel Boer's volume should become a new benchmark for future studies OECD Economic Surveys: Israel 2020 OECD, 2020-09-23 The Israeli economy was performing well before the COVID 19 shock but the pandemic is threatening to reverse some of Israel's recent economic achievements raise poverty and exacerbate wide productivity disparities between its vibrant high tech sector and lagging sheltered sectors Lockdown measures and high uncertainty have led to a sharp contraction in output and reduced employment
