Barlow, 1993 **Background Material on Economic Impact of Federal Procurement** United States. Congress. Joint Economic Committee. Subcommittee on Federal Procurement and Regulation, 1960 **Machine-tool Programs, Hearings Before a Subcommittee of ... , 84-2 on Machine Tools: Mobilization Planning, Reserve and Replacement Programs, February 7 & 8, 1956** United States. Congress. Senate. Select Committee on Small Business, 1956 **Britain and the Economic Problem of the Cold War** Till Geiger, 2017-07-05 Many accounts of British development since 1945 have attempted to discover why Britain experienced slower rates of economic growth than other Western European countries In many cases the explanation for this phenomenon has been attributed to the high level of defence spending that successive British post war governments adhered to Yet is it fair to assume that Britain's relative economic decline could have been prevented if policy makers had not spent so much on defence Examining aspects of the political economy and economic impact of British defence expenditure in the period of the first cold war 1945 1955 this book challenges these widespread assumptions looking in detail at the link between defence spending and economic decline In contrast to earlier studies Till Geiger not only analyses the British effort within the framework of Anglo American relations but also places it within the wider context of European integration By reconsidering the previously accepted explanation of the economic impact of the British defence effort during the immediate post war period this book convincingly suggests that

British foreign policy makers retained a large defence budget to offset a sense of increased national vulnerability brought about by a reduction in Britain's economic strength due to her war effort. Furthermore, it is shown that although this level of military spending may have slightly hampered post-war recovery, it was not in itself responsible for the decline of the British economy.

**Economic Effect of Vietnam Spending** United States. Congress. Joint Economic Committee, 1967 Examines effect of past and future Vietnam spending on U.S. economy and economic planning and post-war economics. Includes report by Murray L. **Effects of Economic Policy on Small Business** United States. Congress. House. Committee on Small Business. Subcommittee on SBA and SBIC Authority, Minority Enterprise, and General Small Business Problems, 1984 State Competence and Economic Growth in Japan Yoshiro Miwa, 2004-03-11 Yoshiro Miwa asks whether a state can correct market failures and in particular critically analyses the performance of the Japanese economy as a result of state intervention within it. In order to examine the capacity of the state to promote growth, Miwa examines the Japanese machine tool industry, the government's role in promoting this sector, and government efforts to achieve growth in small and medium-sized enterprises in Japan.

*China's Great Economic Transformation* Loren Brandt, Thomas G. Rawski, 2008-04-14 This landmark study provides an integrated analysis of China's unexpected economic boom of the past three decades. The authors combine deep China expertise with broad disciplinary knowledge to explain China's remarkable combination of high-speed growth and deeply flawed institutions. Their work exposes the mechanisms underpinning the origin and expansion of China's great boom. Penetrating studies track the rise of Chinese capabilities in manufacturing and in research and development. The editors probe both achievements and weaknesses across many sectors, including China's fiscal, legal, and financial institutions. The book shows how an intricate minuet combining China's political system with sectorial development, globalization, resource transfers across geographic and economic space, and partial system reform delivered an astonishing and unprecedented growth spurt.
