

# Mystery of the Maya Collapse

- For over a decade, archaeologists have been trying to unlock the mystery surrounding the collapse of the Ancient Maya civilization.
- Did human-induced sociopolitical or ecological change cause the collapse of this highly advanced Mesoamerican civilization, or could natural climate variability of the Yucatan Peninsula have contributed to the collapse?
- Paleoclimatologists are studying the climatic history of this region to provide archaeologists with the climate context in which the Maya civilization evolved, flourished and ultimately collapsed.

*Understanding Collapse* Guy D. Middleton,2017-06-26 In this lively survey Guy D Middleton critically examines our ideas about collapse how we explain it and how we have constructed potentially misleading myths around collapses showing how and why collapse of societies was a much more complex phenomenon than is often admitted

*Fall of Civilizations* Paul Cooper,2024-07-23 A treasure trove of myths and terror Atmospheric as hell Immersive The Times Based on the podcast with over one hundred million downloads Fall of Civilizations brilliantly explores how a range of ancient societies rose to power and sophistication and how they tipped over into collapse Across the centuries we journey from the great empires of Mesopotamia to those of Khmer and Vijayanagara in Asia and Songhai in West Africa from Byzantium to the Maya Inca and Aztecs of Central America from Roman Britain to Rapa Nui With meticulous research breathtaking insight and dazzling empathic storytelling historian and novelist Paul Cooper evokes the majesty and jeopardy of these ancient civilizations and asks what it might have felt like for a person alive at the time to witness the end of their world

Environmental Anthropology Patricia K. Townsend,2008-06-25 Environmental anthropologists organize the realities of interdependent lands plants animals and human beings advocate for the neediest among them and provide understandings that preserve what is needed for the survival of a diverse world Can the things that anthropologists have learned in their studies of small scale systems have any relevance for developing policies to address global problems Townsend explores this dilemma in her captivating concise exploration of environmental anthropology and its place among the disciplines subfields Maintaining the structure and clarity of the previous edition the second edition has been revised throughout to include new research expanded discussions of climate change and a chapter devoted to spiritual ecology In the historical overview of the field Townsend shows how ideas and approaches developed earlier are relevant to understanding how todays local populations adapt to their physical and biological environments She next presents a closer look at global environmental issuesrapid expansion of the world economic system disease and poverty the loss of biodiversity and its implications for human healthto demonstrate the effects of interactions between local and global communities As a capstone she gives thoughtful consideration to how as professionals and as individuals we can move toward personal

engagement with environmental problems

Second Witness: Analytical and Contextual Commentary on the Book of Mormon Brant A. Gardner, 2007-09-01 Stop looking for the Book of Mormon in Mesoamerica and start looking for Mesoamerica in the Book of Mormon Second Witness a new six volume series from Greg Kofford Books takes a detailed verse by verse look at the Book of Mormon It marshals the best of modern scholarship and new insights into a consistent picture of the Book of Mormon as a historical document Taking a faithful but scholarly approach to the text and reading it through the insights of linguistics anthropology and ethnohistory the commentary approaches the text from a variety of perspectives how it was created how it relates to history and culture and what religious insights it provides The commentary accepts the best modern scholarship which focuses on a particular region of Mesoamerica as the most plausible location for the Book of Mormon s setting For the first time that location its peoples cultures and historical trends are used as the backdrop for reading the text The historical background is not presented as proof but rather as an explanatory context The commentary does not forget Mormon s purpose in writing It discusses the doctrinal and theological aspects of the text and highlights the way in which Mormon created it to meet his goal of convincing the Jew and Gentile that Jesus is the Christ the Eternal God

Rizvi, 2008-08-07 In recent years postcolonial theories have emerged as one of the significant paradigms of contemporary academia affecting disciplines throughout the humanities and social sciences These theories address the complex processes of colonialism on culture and society with respect to both the colonizers and the colonized to help us understand the colonial experience in its entirety The contributors to Archaeology and the Postcolonial Critique present critical syntheses of archaeological and postcolonial studies by examining both Old and New World case studies and they ask what the ultimate

effect of postcolonial theorizing will be on the practice of archaeology in the twenty first century      **Crisis of Islamic Civilization** Ali A. Allawi, 2009-04-28 Islam as a religion is central to the lives of over a billion people but its outer expression as a distinctive civilization has been undergoing a monumental crisis Buffeted by powerful adverse currents Islamic civilization today is a shadow of its former self The most disturbing and possibly fatal of these currents the imperial expansion of the West into Muslim lands and the blast of modernity that accompanied it are now compounded by a third giant wave globalization These forces have increasingly tested Islam and Islamic civilization for validity adaptability and the ability to hold on to the loyalty of Muslims says Ali A Allawi in his provocative new book While the faith has proved resilient in the face of these challenges other aspects of Islamic civilization have atrophied or died Allawi contends and Islamic civilization is now undergoing its last crisis The book explores how Islamic civilization began to unravel under colonial rule as its institutions laws and economies were often replaced by inadequate modern equivalents Allawi also examines the backlash expressed through the increasing religiosity of Muslim societies and the spectacular rise of political Islam and its terrorist offshoots Assessing the status of each of the building blocks of Islamic civilization the author concludes that Islamic civilization cannot survive without the vital spirituality that underpinned it in the past He identifies a key set of principles for moving forward principles that will surprise some and anger others yet clearly must be considered      *The Aztec and Mayan Worlds* Fiona Macdonald, 2009-01-15 Presents a general history of the cultural and social aspects of the ancient Maya and Aztec empires up to the arrival of Spanish conquerors in a book that also provides readers with instructions for creating such related craft projects as a feather fan a mosaic mask a codex and a miniature pyramid temple      *The Historical Evolution of World-Systems* C. Chase-Dunn, E. Anderson, 2005-02-18 The rise and decline of great powers remains a fascinating topic of vigorous debate This book brings together leading scholars to explore the historical evolution of world systems through examining the ebb and flow of great powers over time with particular emphasis on early time periods The book advances understanding of the regularities in the dynamics of empire and the expansion of political social and economic interaction networks from the Bronze Age forward The authors analyze the expansion and contraction of cross cultural trade networks and systems of competing and allying political groupings In premodern times theses ranged from small local trading networks even the very small ones of hunting gathering peoples to the vast Mongol world system Within such systems there is usually one or a very few hegemonic powers How they achieve dominance and how transitions lead to systems change are important topics particularly at a time when the United States position is in flux The chapters in this book review several recent approaches and present a wealth of new findings      A Theocratic Yehud? Jeremiah W. Cataldo, 2009-03-01 Offers a fresh reevaluation of Yehud in the Persian period addressing in particular the dynamics of its relationship to the Persian imperial government      *Gordon R. Willey and American Archaeology* Jeremy A. Sabloff, William Leonard Fash, 2007 Gauging the impact of one scholar s contributions to modern archaeology
