Performing Privacy and Gender in Early Modern Literature M. Trull, 2013-05-07 This book argues that the early modern public private boundary was surprisingly dynamic and flexible in early modern literature drawing upon authors including Shakespeare Anne Lock Mary Wroth and Aphra Behn and genres including lyric poetry drama prose fiction and household orders An epilogue discusses postmodern privacy in digital media

The Case for Women in Medieval Culture Alcuin Blamires, 1998-08-27 Misogyny is of course not the whole story of medieval discourse on women medieval culture also envisaged a case for women But hitherto studies of profeminine attitudes in that periods culture have tended to concentrate on courtly literature or on female visionary writings or on attempts to transcend misogyny by major authors such as Christine de Pizan and Chaucer This book sets out to demonstrate something different that there existed from early in the Middle Ages a corpus of substantial traditions in defence of women on which the more familiar authors drew and that this corpus itself consolidated strands of profeminine thought that had been present as far back as the patristic literature of the fourth century The Case for Women surveys extant writings formally defending women in the Middle Ages breaks new ground by identifying a source for profeminine argument in biblical apocrypha offers a series of explorations of the background and circulation of central arguments on behalf of women and seeks to situate relevant texts by Christine de Pizan Chaucer Abelard and Hrotsvitha in relation to these arguments Topics covered range from the privileges of women and pro Eve polemic to the social and moral strengths attributed to women and to the powerful models frequently disruptive of patriarchal complacency presented by Old and New Testament women The contribution made by these emphases which are not to be confused with feminism in a modern sense to medieval constructions of gender is throughout critically assessed and the book concludes by asking how far defenders were controlled by or able to query assumptions about what was natural and therefore imagined inflexible in gender theory

Classical Myths and Legends in the Middle Ages and Renaissance H. David Brumble, 1998-02 While numerous classical dictionaries identify the figures and tales of Greek and Roman mythology this reference book explains the allegorical significance attached to the myths by Medieval and Renaissance authors Included are several hundred alphabetically arranged entries for the gods goddesses heroes heroines and places of classical myth and legend Each entry includes a brief account of the myth with reference to the Greek and Latin sources The entry then discusses how Medieval and Renaissance commentators interpreted the myth and how poets dramatists and artists employed the allegory in their art Each entry includes a bibliography and the volume concludes with appendices and

an extensive bibliography of primary and secondary sources **Magister Amoris: The Roman de la Rose and Vernacular Hermeneutics** Alastair J. Minnis, 2001-04-26 The Roman de la Rose was a major bestseller largely due to its robust treatment of natural sexuality This study concentrates on the ways in which Jean de Meun in imitation of Ovid assumed the mock magisterium or mastership of love From Latin texts and literary theory Jean derived many hermeneutic rationales and generic categorizations without allowing any one to dominate Alastair J Minnis considers allegorical versus literalistic expression in the poem its competing discourses of allegorical covering and satiric stripping Jean's provocative use of plain and sometimes obscene language in a widely accessible French work the challenge of its homosocial and perhaps even homoerotic constructions the subversive effects of coital comedy within a text characterized by intermittent aspirations to moral and scientific truth and placing the Rose's reception within the European history of vernacular hermeneutics the problematic translation of literary authority from Latin into the vulgar tongue Middle English Poetry Alastair J. Minnis, 2001 Material on the production and transmission of medieval literature and the early formation of the canon of English poetry A wide range of poets is covered Chaucer Gower Hoccleve the Gawain poet Langland and Lydgate along with the translator of Claudian's De Consulatu Stilichonis The Turnament of Totenham is read in terms of theory of the carnivalesque and popular culture and major contributions are made to current linguistic editorial and codicological controversies Going beyond the Middle Ages the book also considers the sixteenth century reception of Chaucer's Legend of Good Women and Post Reformation reading of Lydgate It is essential reading for anyone interested in the production and transmission of medieval literature and in the early formation of the canon of English poetry Contributors JULIA BOFFEY J A BURROW CHRISTOPHER CANNON MARTHA DRIVER SIAN ECHARD A S G EDWARDS KATE D HARRIS S S HUSSEY KATHRYN KERBY FULTON CAROL M MEALE LINNE R MOONEY CHARLOTTE C MORSE V I J SCATTERGOOD ELIZABETH SOLOPOVA ESTELLE STUBBS JOHN THOMPSON *Virgil in Medieval England* Christopher Baswell, 2006-06-22 Examines the impact of an ancient and prestigious text on medieval culture **Confessio Amantis, Volume 3** John Gower, 2005-04-01 The complete text of John Gower's Confessio Amantis is a 3 volume edition including all Latin components with translations of this bilingual poem and extensive glosses bibliography and explanatory notes Volume 3 contains Books 5 6 and 7 which follow another kind of development as Gower shifts from romance banter and formulaic confession to philosophical inquiry **George Gascoigne** Gillian Austen, 2008 First modern full length study of the Elizabethan poet George Gascoigne *Selected Papers on Ancient Literature and its Reception* Philip Russell Hardie, 2023-08-21 This volume gathers together about two thirds of the articles and essays published between 1983 and 2021 by Philip Hardie whose work on ancient literature has been of seminal importance in the field The centre of gravity lies in late Republican and Augustan poetry in particular Lucretius Virgil and Ovid with important contributions on wider Augustan culture on Neronian and Flavian epic on the Latin poetry of late antiquity and on the reception of Latin poetry *The Long Fifteenth Century* Helen

Cooper, Sally Mapstone, 1997 *The Long Fifteenth Century* is intended as a companion volume to Douglas Gray's ground-breaking *Oxford Book of Late Medieval Verse and Prose* and incorporates a bibliography of his published writings. Gray's anthology revolutionized critical appreciation of English and Scottish literature of the long fifteenth century from the death of Chaucer to the Reformation but the literature of the period as a whole remains much under read, undervalued and under studied. The contributors to this volume, all leading scholars in the field, bring to the fore the power of underrated writers, restore to the period writings often attributed to other centuries, open up new possibilities in neglected genres, offer radical rereadings of some more familiar works and demonstrate how closely the literature of the period is bound up with political and social conditions. Written in honour of Douglas Gray to mark his long and distinguished tenure of the J. R. R. Tolkien Professorship of English Literature and Language at Oxford University, the 15 essays in this volume portray the long fifteenth century as a major period of literature in its own right. They provide a comprehensive survey of fifteenth-century literature in print, from the morality play to the ballad, verse forms to prose romances, including Chaucer, Lydgate, Skelton and Hoccleve, along with essays on the Middle French Poets and Scottish writings of the period. [Sacred and Profane in Chaucer and Late Medieval Literature](#)

Will Robins, 2010-01-01. Literary depictions of the sacred and the secular from the Middle Ages are representative of the era's widely held cultural understandings related to religion and the nature of lived experience. Using late Medieval English literature, including some of Chaucer's writings, these essays do not try to define a secular realm distinct and separate from the divine or religious but instead analyze intersections of the sacred and the profane, suggesting that these two categories are mutually constitutive rather than antithetical. With essays by former students of John V. Fleming, the collection pays tribute to the Princeton University professor emeritus through wide-ranging scholarship and literary criticism. Including reflections on depictions of Bathsheba, Troilus and Criseyde, the Legend of Good Women, Chaucer's Pardoner and Margery Kempe, these essays focus on literature while ranging into history, philosophy and the visual arts. Taken together, the work suggests that the domain of the sacred as perceived in the Middle Ages can variously be seen as having a hierarchical or a complementary relationship to the things of this world. **The Cumulative Book Index**, 1996. Throughout the tales in the *Confessio Amantis*, John Gower proposes that reciprocal love is the remedy to what ails man and society. This book explores how Gower uses the aspects of love in the *Confessio*: the notions of kinde or passionate love and reason in the sphere of love, honeste love in the *Marriage Tales of the Four Wives*, passionate and excessive love in the *Forsaken Women's* tales and Amans's lovesickness. In her thorough examination of Gower's work, Ellen S. Bakalian shows how Gower emphasizes and illustrates a belief that reason must rule man in all things, including his natural instincts to love. Thomas Churchyard Matthew Woodcock, 2016-10-27 Soldier courtier author entertainer and amateur spy Thomas Churchyard c 1529 1604 saw action in most of the principal Tudor theatres of war was a servant to five monarchs and had a literary career spanning over half a century during which time he produced over fifty different works in a variety of forms and genres Churchyard's struggles to subsist as an author and soldier provides an unrivalled opportunity to examine the self promotional strategies employed by an individual who attempts to make a living from both writing and fighting and who experiments throughout his life with ways in which the arts of the pen and sword may be reconciled and aligned Drawing on extensive archival and literary sources Matthew Woodcock reconstructs the

extraordinary life of a figure well known yet long neglected in early modern literary studies In the first ever book length biography of Churchyard Woodcock reveals the author to be a resourceful and innovative writer whose long literary career plays an important part in the history of professional authorship in sixteenth century England This book also situates Churchyard alongside contemporary soldier authors such as Henry Howard Earl of Surrey George Gascoigne and Sir Philip Sidney and it makes a significant contribution to our understanding of the relationship between literature and the military in the early modern period Churchyard s writings drew heavily upon his own experiences at court and in the wars and the author never tired of drawing attention to the struggles he endured throughout his life Consequently this study addresses the wider methodological question of how we should construct the biography of an individual who was consistently preoccupied with telling his own story

Rape and Ravishment in the Literature of Medieval England Corinne J.
