Islam and Nazi Germany's War David Motadel,2014-11-30 Winner of the Ernst Fraenkel Prize Wiener Holocaust Library An Open Letters Monthly Best History Book of the Year A New York Post Must Read In the most crucial phase of the Second World War German troops confronted the Allies across lands largely populated by Muslims Nazi officials saw Islam as a powerful force with the same enemies as Germany the British Empire the Soviet Union and the Jews Islam and Nazi Germany's War is the first comprehensive account of Berlin's remarkably ambitious attempts to build an alliance with the Islamic world Motadel describes the Mufti's Nazi dealings vividly Impeccably researched and clearly written his book will transform our understanding of the Nazi policies that were Motadel writes some of the most vigorous attempts to politicize and instrumentalize Islam in modern history Dominic Green Wall Street Journal Motadel's treatment of an unsavory segment of modern Muslim history is as revealing as it is nuanced Its strength lies not just in its erudite account of the Nazi perception of Islam but also in illustrating how the Allies used exactly the same tactics to rally Muslims against Hitler With the specter of Isis haunting the world it contains lessons from history we all need to learn Ziauddin Sardar The Independent

Britain and France in Two World Wars Emile Chabal,Robert Tombs,2013-09-12 This collection examines relations between France and Britain in particular their conflicting memories of key episodes in their recent past Israel's Moment Jeffrey Herf,2022-02-03 Israel's Moment is a major new account of how a Jewish state came to be forged in the shadow of World War Two and the Holocaust and the onset of the Cold War Drawing on new research in government public and private archives Jeffrey Herf exposes the political realities that underpinned support for and opposition to Zionist aspirations in Palestine In an unprecedented international account he explores the role of the United States the Arab States the Palestine Arabs the Zionists and key European governments from Britain and France to the Soviet Union Czechoslovakia and Poland His findings reveal a spectrum of support and opposition that stood in sharp contrast to the political coordinates that emerged during the Cold War shedding new light on how and why the state of Israel was established in 1948 and challenging conventional associations of left and right imperialism and anti imperialism and racism and anti racism **The Politics of**

Proverbs Wolfgang Mieder,1997 Demonstrates how proverbs and to a lesser extent proverbial expressions have played a significant role in political life during the 20th century Takes as major examples the speeches and writings of Adolf Hitler Winston Churchill and Harry Truman to show how proverbs can be brought into the service of most any ideology Also traces the use of proverbs and their cartoon analogues during the five decades of Cold War propaganda and proverbial slurs against Native Americans and Asian Americans Paper edition unseen 19 95 Annotation copyrighted by Book News Inc Portland OR

Europe in the Long Twentieth Century Christoph Cornelissen,2024-10-08 Thanks to their economic and military strength the European empires had achieved global supremacy by 1900 with large parts of the world under their dominance in the wake of colonial expansion This situation fuelled ideas of Europe's permanent almost natural global superiority

especially among the middle classes However as early as the First World War such claims came under increasing pressure This volume explains the role played by modern nationalism and anti imperial movements the competition between different political orders changes in the economy and society and the great ideas and utopias Their interplay gave rise to enormously destructive forces in Europe From the Boer and Balkan wars before 1914 to the Yugoslav wars of the 1990s and the Ukraine war since 2022 they have produced a continuum of violence At the same time the great promise of political participation and social security is one of the constants of Europe s history in the long twentieth century Against this backdrop modern societies emerged whose values had moved far away from the older models Perceptions of the role of the sexes families and generations changed fundamentally In addition the major internal European migrations together with the global immigration that became increasingly significant after 1945 ensured that the ethnic profile of European societies changed considerably Europe in the Long Twentieth Century shows how on the one hand these different factors led to a Europeanisation of living and working conditions and at the same time how the political and economic integration of the countries of Europe progressed On the other hand it demonstrates how Europe s role in the global context changed fundamentally As much as the geopolitical provincialisation of Europe continued unabated Europeans were constantly searching for new ways to assert themselves throughout the long twentieth century The search continues
