**Transcendental Leadership** Robert D. Waterman EdD,2021-05-11 As we strive for good through our fear and sense of lack we inadvertently give power to a coalition that infuses cultures in a philosophy of eternal conflict and domination as a means of preserving civic order that is controlled by promises of greater good while guiding policies and actions protect and produces a world of haves and have nots The deeper impulse of the Soul to thrive and transform itself into loving is an eternal force and is unstoppable in the long run Though ominous these times embody a great opportunity for humanity to change the narrative To do so we need to rise above the inversion layer of shadows into transcendent realms and resources Prophecy portends a new day and new dawn We are that promise We live in a time that invites a vision for humanity and leadership based on integrity and spiritual awakening Remember As we incarnate into the human condition the most essential and most forgotten element of life for each of us is that we are the ones that bring love In our first breath we encounter an overwhelming challenge to identify with the world in which we find ourselves and forget the world of love from whence we came I invite you to engage in an exploration of Self that is continuous and reveals the truth of life without fear inspired by Soul and guided by love Consider perhaps that the promise of a new day and new dawn refers simply to a change of heart Transcendental Leadership occurs when we connect to our visionary nature awaken to an integral perspective and apply our greater virtue and spiritual depth in response to the challenges and callings of life      The Doctrine of the Deluge
