**Leaving Ukraine And Other 20th Century Tales** Darlene Weingarten,2022-10-17 The twentieth century was both wonderful and horrible There were two catastrophic world wars and

many ghastly smaller wars But there were medical advances and discoveries that extended the lives of people and animals There were many inventions that made life easier for ordinary people inventions we take for granted Some people were blessed with productive and peaceful lives while others suffered from events beyond their control Each decade of the twentieth century was unique The author has written about some she witnessed some events told to her and some she has made up entirely from her imagination Even as a child she was always ready to listen to someone s story She wondered about her twenty cousins and many aunts and uncles some of whom she never met As an educator and member of several organizations she found friends who had a unique story to tell

**Explaining the Holocaust** Mordecai Schreiber,2015-04-16 Seventy years after it took place the Holocaust committed against the Jews of Europe during World War II continues to cast a giant shadow over humankind Man s inhumanity to man is not a thing of the past Genocidal action is still commonplace around the globe Has humankind learned the lessons of the past Is the human race doomed to live in a perpetual state of war and self destruction Explaining the Holocaust shows how given the right circumstances human beings can lose their humanity Does that mean that the ethical teachings of the major religions are wishful thinking This book tackles two questions that continue to be asked by people everywhere Why did a highly civilized nation like Germany in the middle of the twentieth century commit the most heinous crime in all of human history And if indeed there is a loving God who made a covenant with the people of Israel

why were millions of innocent peaceful Jews dehumanized starved tortured and systematically murdered Explaining the Holocaust spares no one in discussing the enormity of the evil But it also shows how the divine spark in human beings did not die during those years of darkness and why we still have a glimmer of hope **Israel Yearbook on Human Rights, Volume 43 (2013)** Yoram Dinstein, 2021-10-11 The Israel Yearbook on Human Rights an annual published under the auspices of the Faculty of Law of Tel Aviv University since 1971 is devoted to publishing studies by distinguished scholars in Israel and other countries on human rights in peace and war with particular emphasis on problems relevant to the State of Israel and the Jewish people The Yearbook also incorporates documentary materials relating to Israel and the Administered Areas which are not otherwise available in English including summaries of judicial decisions compilations of legislative enactments and military proclamations **Reassessing the Presidency** David Gordon, Thomas J. evolved corrupt the man Or was it a combination of the two Was there too much latent power in the original creation of the office as the Anti Federalists claimed Or was the power externally created and added to the position by corrupt or misguided men There s never been a better guide to everything awful about American presidents No you won t get the civics text approach of see no evil Essay after essay details depredations that will shock you and wonder how American liberty could have ever survived in light of the rule of these people Contributors include George Bittlingmayer John V Denson Marshall L DeRosa Thomas J DiLorenzo Lowell Gallaway Richard M Gamble David Gordon Paul Gottfried Randall G Holcombe Hans Hermann Hoppe Jeffrey Rogers Hummel Michael Levin Yuri N Maltsev William Marina Ralph Raico Joseph Salerno Barry Simpson Joseph Stromberg H Arthur Scott Trask Richard Vedder and Clyde Wilson Handbook of Research on Deception, Fake News, and Misinformation Online Chilwa, Innocent E.,Samoilenko, Sergei A.,2019-06-28 The growing amount of false and misleading information on the internet has generated new concerns and quests for research regarding the study of deception and deception detection Innovative methods that involve catching these fraudulent scams are constantly being perfected but more material addressing these concerns is needed The Handbook of Research on Deception Fake News and Misinformation Online provides broad perspectives practices and case studies on online deception It also offers deception detection methods on how to address the challenges of the various aspects of deceptive online communication and cyber fraud While highlighting topics such as behavior analysis cyber terrorism and network security this publication explores various aspects of deceptive behavior and deceptive communication on social media as well as new methods examining the concepts of fake news and misinformation character assassination and political deception This book is ideally designed for academicians students researchers media specialists and professionals involved in media and communications cyber security psychology forensic linguistics and information technology **Grade Teacher** ,1929 **1914-1918** John Bach McMaster,1918 **Cyberwar** Jens David Ohlin,Kevin Govern,Claire Oakes Finkelstein,2015 Cyber warfare has become more pervasive and more complex in recent years It is difficult to regulate as it holds an ambiguous position within the laws of war This book investigates the legal and ethical ramifications of cyber war considering which sets of laws apply to it and how it fits into traditional ideas of armed conflict *Congressional Record* United States.
