**False Presence of the Kingdom** Jacques Ellul, 1972 This essay is obviously related to my other writings It is based upon them to the extent that hurried assertions or topics merely mentioned in passing are developed extensively elsewhere I take the liberty of referring the reader to the following works The Theological Foundation of Law The Presence of the Kingdom L Homme et l Argent propaganda The Formation of Men s Attitudes Nation et Nationalisme Revue de l Evangelisation 1960 Mythes modernes Diogene 1958 Signification actuelle de la Reforme Foi et Vie 1959 Desacralisation dans le Monde Moderne Semeur 1963 Furthermore many political evaluations relate to a larger work wit the title The Political Illusion In particular one will find there discussion of the term political politics and values the current situation the influence of news reports autonomy versus politics the centers of potential decision etc

**Jesus and Marx** Jacques Ellul, 2012-03-01 At what point does a theology become an ideology How can a Christian distinguish the two Jacques Ellul has always taken pains to differentiate them but in this book he provides both a theoretical framework and important examples Some popular theologies particularly those that attempt to intertwine biblical theology with Marxist thought fall into the trap of reaching theological conclusions by other means Ellul believes so that we cannot consider them as true theologies From both a biblical theological and sociopolitical perspective Ellul examines the attempt to relate Christianity to Marxist thought By reviewing in detail several key Marxist Christian books Ellul exposes the weaknesses of so called Marxist Christianity which he says is neither Marxist nor Christian and argues that the biblical perspective takes exception to all political power leaving Christian anarchism as the realistic revolutionary option The preface by translator Joyce Main Hanks provides an excellent introduction to the book showing how it fits into Ellul s thought and how it relates to Ellul s previous work *Theology of Mission* John Howard Yoder, 2013-12-05 John Howard Yoder author of The Politics of Jesus was best known for his writing on Christian pacifism This volume based on lectures recorded in 1973 shows he was a profound missiologist as well Yoder weaves together biblical theological practical and interreligious reflections to think about mission beyond Christendom

*Jacques Ellul and the Bible* Jacob Marques Rollison, 2020-10-13 This striking collection of scholarly essays highlights the hermeneutic contribution of the French theologian and sociologist Jacques Ellul revealing him to be one of the twentieth century s most creative and insightful readers of the Bible With a breadth of contributors ranging from established biblical scholars and theologians to pastoral practitioners from top Ellul scholars to emerging voices and including six first time English translations of Ellul s own articles this volume not only provides a detailed overview of Ellul s biblical approach but also constitutes a crucial moment in Ellul s theological reception This book counts as a clear demonstration that the full

potential of Ellul's theological interpretation of Scripture to rejuvenate and reconfigure contemporary biblical hermeneutics has yet to be seen. With contributions from Jerome Ellul, Brian Brock, Patrick Troude, Chastenet Amy, Erickson, Chris Friesen, David Gill, Andrew Goddard, John Goldingay, Jean Sebastien Ingrand, Declan Kelly, Ted Lewis, Michael Morelli, Anthony J. Petrotta, Elisabetta Ribet, Frederic Rognon, Christian Roy. *Jacques Ellul and the Technological Society in the 21st Century* Helena M. Jerónimo, José Luís García, Carl Mitcham, 2013-07-08. This volume rethinks the work of Jacques Ellul (1912-1994) on the centenary of his birth by presenting an overview of the current debates based on Ellul's insights. As one of the most significant twentieth-century thinkers about technology, Ellul was among the first thinkers to realize the importance of topics such as globalization, terrorism, communication technologies, and ecology and study them from a technological perspective. The book is divided into three sections. The first discusses Ellul's diagnosis of modern society and addresses the reception of his work on the technological society, the notion of efficiency, the process of symbolization, de-symbolization, and ecology. The second analyzes communicational and cultural problems as well as threats and trends in early twenty-first-century societies. Many of the issues Ellul saw as crucial, such as energy, propaganda, applied life sciences, and communication, continue to be so. In fact, they have grown exponentially on a global scale, producing new forms of risk. Essays in the final section examine the duality of reason and revelation. They pursue an understanding of Ellul in terms of the depth of experience and the traditions of human knowledge, which is to say, on the one hand, the experience of the human being as contained in the rationalist, sociological, and philosophical traditions. On the other hand, there are the transcendent roots of human existence as well as revealed knowledge in the mystical and religious traditions. The meeting of these two traditions enables us to look at Ellul's work as a whole, but above all, it opens up a space for examining religious life in the technological society. *Theology, Ethics, and Technology in the Work of Jacques Ellul and Paul Virilio* Michael Morelli, 2021-06-17. *Theology, Ethics, and Technology in the Work of Jacques Ellul and Paul Virilio* examines biographical and textual connections between sociologist, theologian Jacques Ellul and philosopher, phenomenologist Paul Virilio. Through an examination of their embeddedness in the socio-historical context of postwar France, Michael Morelli identifies a relationship between these critics of technology that bears the marks of a nascent theological tradition. He shows from various vantage points how Ellul and Virilio's nascent tradition exposes technology as modernity's primary idol and how these thinkers use multiple disciplines, including history, sociology, philosophy, phenomenology, theology, and ethics, to resist the perilous consequences of the modern world's worship of power and the kinds of technologies this misdirected worship produces. Jacques Ellul's death in 1994 and Paul Virilio's death in 2018 may have prevented the maturation of this nascent theological tradition, but this book will aid in this tradition's ripening through the presentation of an illuminating way to read these two unique prophetic intellectuals. **The Technological System** Jacques Ellul, 2018-06-11. Some 20 years after writing *The Technological Society*, Jacques Ellul realized how the totalistic dimensions of our modern technological milieu required an additional treatment of the topic.

Writing amidst the rise of books in the 1970s on pollution over population and environmental degradation Ellul found it necessary once again to write about the global presence of technology and its far reaching effects The Technological System represents a new stage in Ellul s research Previously he studied technological society as such in this book he approaches the topic from a systems perspective wherein he identifies the characteristics of technological phenomena and technological progress in light of system theory This leads to an entirely new approach to what constitutes the most important event of our society which has decisive bearing on the future of our world Ellul s analysis touches on all aspects of modern life not just those of a scientific or technological order In the end readers are compelled to formulate their own opinions and make their own decisions regarding the way a technique based value system affects every level of human life

An Emerging Dictionary for the Gospel and Culture Leonard E. Hjalmarson,2010-07-06 What Another dictionary

Or really an anthology organized alphabetically by virtue of a particular conversation The idea for this project emerged from a free for all conversation around breakfast one morning We had invoked any number of authors living and dead and had spanned spirituality leadership education philosophy ecclesiology and even cosmology We heard from Augustine and Barth Jim Wallis and Dallas Willard referencing chaos and culture Someone had even shared an ancient koan Why that s it Why not a roving eclectic dictionary that is both ridiculously current and particular and at the same time broadly inclusive reaching back to Augustine and St Benedict Why not write the ABCs of the emerging and missional conversation this is Wishful Thinking Buechner meets A for Abductive McLaren and Sweet meets Soul Survivor Yancey And maybe there is just a touch of Brian McLaren in A Generous Orthodoxy The rules are simple no more than five words per letter names and personalities can occur on either side attached to a definition or as referencing a word or concept and while the overall interest is theological the focus is life and mission not theory Leave your luggage behind climb aboard and join a journey of exploration that will enrich challenge and bring a smile to your face

### **The Word of God in the Ethics of Jacques Ellul** David W.

Gill,2022-06-30 The Word of God in the Ethics of Jacques Ellul originated 1979 as one of the first PhD dissertations on the thought of French sociologist and theologian Jacques Ellul 1912 94 author of some sixty volumes on the nature and impact of modern technology and on Christian ethics Ethicist David Gill studied with Ellul and devoted his own career to an exploration of how Jesus and Scripture can bring the Word of God to our contemporary world especially to our work and technology More recently Jacques Ellul and the Bible Toward a Hermeneutic of Freedom edited by Jacob Marques Rollison Wipf Stock 2020 including an essay by David Gill adds fresh insight to this critical topic

*Hope in the Thought of Jacques Ellul* Lawrence J. Terlizese,2005-10-30 Hope expresses more than an area of concentration in Ellul s thought it is the central idea that binds his disparate elements together Ellul believed that at this moment of history the world since 1945 hope must preoccupy our thinking and lives To understand hope we must first comprehend its absence This entails discerning what causes the absence of hope namely the world s embrace of technique and the abandonment of God Ellul also rejected these as a positive affirmation He wanted to make a firm distinction between reality and truth He affirmed modern abandonment as a realistic fact as an accurate analysis of the present condition not as an affirmation of the truth Hope is truth in Jesus Christ but truth must be asserted against these harsh facts He used facts to incite hope in believers to shake their complacency and to realize their actual condition in the world The idea of hope in the thought of Jacques Ellul can only be properly understood in light of dialectic struggle between negatives which amount to factual representations of the modern world and positives through which hope exerts itself in the face of these facts From this tension will issue personal resolve Technique has brought the world to great collective heights and achievements but this has come at the expense of personal ends and meaning Ellul attempted to bridge this gap by asserting individual meaning against the aggregated progress of technique without destroying the gains made by collective advance This represents the central dilemma in Ellul s thought how does one

maintain meaning and personal aims in a world founded on corporate necessity from the Introduction **Political Illusion and Reality** David W. Gill, David Lovekin, 2018-09-27 Are all governments east and west Muslim and secular authoritarian and constitutional Republican and Democratic fundamentally the same all of them under the extraordinary growing power of technique and bureaucracy Is all politics then just an illusory affair of lies deception propaganda partisan passions and chaos on the surface of government and party In his vast and penetrating writings Bordeaux sociologist Jacques Ellul 1912 1994 points in those directions Political Illusion and Reality is a collection of twenty three essays on Ellul's political thought Veteran as well as younger Ellul scholars political leaders activists and pastors discuss aspects of Ellul's thought as they relate to their own fields of study and political experience Beginning with his 1936 essay Fascism Son of Liberalism translated and published here in English for the first time Ellul and these authors will provoke readers to think some new thoughts about politics and government and think more deeply about the main issues we face in our politically divided and troubled times The Past, Present, and Future of Evangelical Mission Narry F. Santos, Xenia Ling-Yee Chan, 2022-07-15 Crisis is an invitation to both prophetic evaluation and new imagination In this volume Canadian missiologists and practitioners consider the past and how the past might enable the church to move forward in Christian mission in the academy agency assembly and the agora How can the Canadian church welcome different voices from the periphery What must be done to empower the next generation How can we respond in light of the injustices done to our Indigenous brothers and sisters Where does reconciliation fit into the picture How might we navigate between secularization and fundamentalisms How ought we move together in mission and in unity across denominational difference How can we equip laypeople to live their callings faithfully in the agora How can work in the marketplace be ministry And lastly how is the Spirit at work in our contexts in this day and age These questions among others onboard us into the ongoing conversation about the state of evangelical mission in Canada and each of these essays adeptly lead us into the beginnings of answers to these questions These essays address how the past informs our future and how we might answer the prophetic call with both hope and renewed vigor to participate in the mission of God **The Humiliation of the Word** Jacques Ellul, 2021-10-14 Western people no longer hear everything is grasped by sight They no longer speak they show Jacques Ellul Well known for his many books on sociology and theology Jacques Ellul creatively braids these two strands together in this provocative examination of how reality which is visual has superseded truth which is verbal in modern times Ellul explores biblical texts for distinguishing visual cultural forms from the communicative divine and human Word then examines how this distinction plays out with the rise of audiovisual media in the 20th century West Even in human speech visual forms dominate contemporary life and devalue the word this insight informs discussion of the image word clash in religion politics and art After a scathing critique of present day idolatry Ellul places his hope for nonviolent community in the fragile spoken word Ultimately Ellul sees the Bible as presenting a hopeful vision of reconciliation between visual reality and spoken truth A new

afterword by Jacob Marques Rollison contextualizes Ellul's stance within French postmodern thought illuminating Humiliation of the Word as an outspokenly Protestant communication ethic in contemporary philosophical and theological discussions of language      **Shutting the Door to the Kingdom of God** Eric Michael Wilson, 2022-08-20 This book uses the New World Translation of the Holy Scriptures to prove that all the teachings of Jehovah's Witnesses concerning the Last Days and the good news of salvation are unscriptural The author an elder of Jehovah's Witnesses for 40 years shares the results of the last ten years of his research into such Watch Tower teachings as the 1914 invisible presence of Christ the overlapping generation doctrine the failed prophecies of 1925 and 1975 the fact that the Governing Body had evidence long ago showing that 607 BCE was not the date of the Babylonian exile and most important of all the abundant evidence that the salvation hope offered to the JW Other Sheep is a Rutherford invention wholly without support in Scripture He also shares his experience on how Witnesses who continue to believe in Jehovah and Jesus can move beyond JW.org without sacrificing their faith This is a must read for any Jehovah's Witness who is a seeker of truth and unafraid to put his or her beliefs to the test
