of the return on their annual subscription      **This Great Calamity: The Great Irish Famine** Christime Kinealy,2006-05-02 The Great Famine of 1845-46 was the most decisive event in the history of modern Ireland In a country of eight million people the Famine caused the death of approximately one million while a similar number were forced to emigrate The Irish population fell to just over four million by the beginning of the twentieth century Christine Kinealy's survey is long established as the most complete scholarly survey of the Great Famine yet produced First published in 1994 This Great Calamity remains an exhaustive and indefatigable look into the event that defined Ireland as we know it today      **The Marquess of Londonderry** N.C. Fleming,2024-02-22 Charles Stewart Henry Vane Tempest Stewart the seventh Marquess of Londonderry has long been a divisive figure in British and Irish history Was he an anti-Semitic Nazi sympathizer as some have argued or did he seek to preserve peace in Europe Should he be blamed for the breakdown of the World Disarmament Conference as the Labour party maintained or did he help to preserve the Royal Air Force that ultimately secured victory in the Battle of Britain Was he the founding father of integrated education in Northern Ireland or the friendly face of a sectarian government In the paperback edition of The Marquess of Londonderry N.C. Fleming answers these questions and more This updated and expanded biography draws extensively from private family papers and state papers as well as new scholarship to provide an illuminating and rounded study of an infamous and often misunderstood aristocrat It contains new details about his household and wealth his travels across the British Empire and his ownership of collieries in County Durham Londonderry's political beliefs are fully examined including his attitudes to democracy capitalism women's rights religion trade unions and anti-Semitism It charts his diplomatic efforts at the League of Nations and his promotion of Anglo-German understanding in response to the aggressive policies of Adolf Hitler Fleming places Londonderry's political career in the context of aristocratic decline and growing calls for social equality He demonstrates how Londonderry defied contemporary expectations by holding on to high office and how he continued to have the attention of powerful figures even after his removal from the government

*Familia* 1999 Trevor Parkhill,1999-12 *Familia* which was first published in 1985 aims to provide informed writing on sources and case studies relating to that area where Irish history and genealogy overlap with mutual benefit Members of the Foundation's Guild receive *Familia* and the Directory of Irish Family History Research as part of the return on their annual subscription      **Tracing Your Belfast Ancestors** Chris Paton,2023-05-04 An indispensable genealogy guide to the Northern Irish capital's rich history and ancestral records The city of Belfast has seen its fair share of history across the centuries From its humble beginnings as a medieval settlement on the River Lagan it grew into a corporation town in the seventeenth century and expanded dramatically when it became a city in 1888 Along the way it has experienced the darkest of times including the Belfast Blitz and the recent Troubles as well as some of the most enlightened developments across Ireland and the UK In *Tracing Your Belfast Ancestors* genealogist and author Chris Paton returns to the city of his own birth delving into its history and genealogical resources Paton covers the city's most extensive archives libraries and museums and

offers a detailed overview of the records generated by those who came before He expertly steers the reader towards centuries of ancestral exploration both through online resources and within the city of Belfast itself and with a wee bit of craic along the way

**A Death-Dealing Famine** Christine Kinealy,1997-03-20 Examines the historiography of the Irish Famine and its relevance now in the context of the longer term relationship between England and Ireland *Emigration and the Labouring Poor* Robin F. Haines,1997-09-12 Robin Haines has analysed the origins occupations literacy and mobilization of emigrants recruited in the UK on behalf of colonial legislatures Her exploration of strict selection procedures shows that the symbiosis between the clergy empire minded philanthropic societies and parishes which combined to fund the emigrants considerable pre departure expenses increased the opportunities for underemployed rural and domestic workers during an era of farm rationalization and industrial restructuring Although poor hybrid state and private funding enabled them to relocate to Australia where their skills were in demand

**Tracing Your Northern Irish Ancestors** Ian Maxwell,2016-02-29 The second edition of Tracing Your Northern Irish Ancestors is an expert introduction for the family historian to the wealth of material available to researchers in archives throughout Northern Ireland Many records like the early twentieth century census returns and school registers will be familiar to researchers but others are often overlooked by all but the most experienced of genealogists An easy to use informative guide to the comprehensive collections available at the Public Record Office of Northern Ireland is a key feature of Ian Maxwells handbook He also takes the reader through the records held in many libraries museums and heritage centres across the province and he provides detailed coverage of records that are available online Unlike the rest of the British Isles which has very extensive civil and census records Irish ancestral research is hampered by the destruction of many of the major collections Yet Ian Maxwell shows how family historians can make good use of church records school registers and land and valuation records to trace their roots to the beginning of the nineteenth century and beyond
