**English Journal** ,2003 **Gothic Travel through Haunted Landscapes** Lucie Armitt, Scott Brewster, 2022-12-06 This book argues that the process and experience of travel in Gothic literature provides a unique and transformative perspective on the relationship between fear and recurring cultural preoccupations from the late eighteenth century to the present ranging from concerns about climate change or the presence of the unseen to the negotiation of cultural difference and the apprehension produced by various modes of modern transport and unknown unknowable terrain The book follows travellers who take many fictional forms tourists commuters walkers explorers as well as the armchair tourist or reader as they encounter fascinating strange and often disconcerting weathers climates landscapes and topographies Gothic travel epitomises the wonder excitement suspicion or incomprehension that arises from journeys through familiar and unfamiliar terrain While exposure to the wild elemental or primitive could produce the elevation of the

sublime in early Gothic increasingly the experience of travel raised unsettling questions about people places and environments that lay beyond established frames of knowledge Gothic travellers are haunted never alone and the experience of journeying through these landscapes provokes fears that may shadow them even after they have returned to home ground *Climates of Fear* reveals the persistent ways in which Gothic narratives of travel confront fears about the environment surveillance immigration and the foreign These abiding concerns speak loudly to the present time however when the encroachments on our immediate surroundings from climate change digital communication and geopolitical dislocation seem at once remote and intimate invisible yet urgent Thus the book also asks whether recent portrayals of Gothic journeys now pose different questions to the reader *Haunted Museum* Jonah Siegel, 2021-04-13 For centuries southern Europe and Italy in particular has offered writers far more than an evocative setting for important works of literature The voyage south has been an integral part of the imagination of inspiration *Haunted Museum* is a groundbreaking in depth look at fantasies of Italy from the late eighteenth to the early twentieth centuries focusing on a literary tradition Jonah Siegel terms the art romance the fantastic voyage south understood as the register of an ambivalent desire for art and a heightened experience of reality Siegel argues that Italy's allure derives not only from its celebrated promise of unique natural beauty and prized antiquities but from the opportunity it offers writers to place themselves in relation to a web of prior accounts of travel to the native land of genius Beginning with Goethe as the founding figure of the tradition *Haunted Museum* moves from a rich reframing of literature from the first half of the nineteenth century including new readings of works by Byron de Sta l Barrett Browning and others to an ambitious examination of Henry James's well known engagement with Europe newly understood as a response to this important literary legacy Readings of works by Freud Forster Mann and Proust demonstrate the longevity of the tradition of looking to Italy for the representation of desires as impossible to satisfy as they are to deny

Magee, 2016-04-26 The Salem witch trials and the many narratives based on them both contemporaneous and subsequent discussions have had a powerful influence on the American national psyche informing the nation's political debates and propelling its fears Perhaps one of the major reasons for the importance of the trials is how they conceive of and present a narrative of danger The horror grows in and seems to threaten not just the body politic but perhaps more importantly the domestic sanctuary The home and hearth become a contested ground where good and evil fight for the souls of the inhabitants or an infection that threatens to spread to other homes and eventually the entire community The fear of witchcraft or demonic possession reveals not just a religious mania but also a level of misogyny Much has been made of the connections between witchcraft accusations and midwifery homeopathy and other usually female pursuits The link between midwifery and witchcraft is especially interesting here however as it suggests an anxiety linked to notions of creation and procreation This book proposes a link between the fears of usurped procreation elicited by the trials and fears of misdirected or usurped creativity In many Gothic stories the authors imagine their literary creations as children who have been transformed by malignant forces much as the Puritans of 1692 feared that the devil was transforming their actual children

The home in the Gothic story becomes a warped version of the sacred domestic space of sentimental literature and it transforms from refuge to place of terror The authors examined here include Nathaniel Hawthorne Louisa May Alcott Rose Terry Cooke Charlotte Perkins Gilman Shirley Jackson Stephen King and Ira Levin *The British and Irish Short Story Handbook* David Malcolm, 2012-01-12 The British and Irish Short Story Handbook guides readers through the development of the short story and the unique critical issues involved in discussions of short fiction It includes a wide ranging analysis of non canonical and non realist writers as well as the major authors and their works providing a comprehensive and much needed appraisal of this area Guides readers through the development of the short story and critical issues involved in discussions of short fiction Offers a detailed discussion of the range of genres in the British and Irish short story Includes extensive analysis of non canonical writers such as Hubert Crackanthorpe Ella D Arcy T F Powys A E Coppard Julian Maclaren Ross Mollie Panter Downes Denton Welch and Sylvia Townsend Warner Provide a wide ranging discussion of non realist and experimental short stories Includes a large section on the British short story in the Second World War **Haunted Tales** Adam Macqueen, 2024-10-24 A brilliantly eclectic mix of dark unsettling tales Joanne Burn author of *The Bone Hunters* Guaranteed to give you goosebumps Best Magazine Atmospheric collection of spooky stories Observer A lovely present The Spectator Inspired by all the great ghost story writers BBC Open Book Editor s Pick Tis the season to be haunting An unexpected and unwelcome voice on the world s first radio broadcast in 1908 A son who won t stop messaging his family on Facebook although he s been dead for quite some time now A frozen forest in a far north land where the sinister elf kin lurk in the snow A Scottish island where the locals make very sure their old folk don t go hungry through the long winter Over the past two decades Adam Macqueen has sent a Haunted Tale to his family in place of a Christmas card A collection in the grand tradition of ghost stories to be read by the fire in the depths of winter it proves that terror lurks in many places and the dead take on infinite guises **READER REVIEWS** Spine chilling Dark and twisty Pleasing terrors indeed An awesome collection I loved how each story had its unique twist An amazingly spooky collection Excellent What a wonderfully weird and unsettling collection of short stories this is Fabulous I can t recommend this book enough
