Families And Economic Distress Coping Strategies And Social Policy:

Families and Economic Distress Patricia Voydanoff, Linda C. Majka, 1997 Families & Economic Distress Patricia Voydanoff, Linda C. Majka, 1988-10-01 Families and Economic Distress depicts the economic psychological and familial consequences of unemployment reviews political responses to economic hardships and provides policy recommendations Interdisciplinary scholars offer divergent approaches and perspectives providing a multifaceted yet well integrated discussion of what unemployment means for families and how policies could alleviate the hardships these families experience Individual sections consider the effect of economic dislocation coping with economic distress understanding unemployment political responses to economic distress the sources and impact of federal policy Reliance on sophisticated methodologies Families and Social Policy Linda Haas, 2006 Explores the latest research on the impact of government incorporation of r policy or lack of policy on family life in various developed and developing nations around the world **Family Practice** Nancy R. Vosler,1996-09-27 New Approaches to Family Practice takes current research driven by the family systems theoretical framework and applies it to direct practice with families in three specific areas paid work and family work unemployment and poverty To illustrate the links from research to practice the book presents chapters on the theory and research in each of the three target areas each followed by a chapter on application and tools for direct practice Social Work Intervention in an Economic Crisis Martha Baum, Pamela Twiss, 2014-03-18 With the in that area collapse of the steel industry in the 1980s economic devastation hit the Pittsburgh Pennsylvania region Social Work Intervention in an Economic Crisis strives to deepen understanding of the impact of the economic tragedy in the Pittsburgh region and to present social workers efforts to enhance recovery This case study serves as a model for social workers human service educators and agency personnel public health professionals community organizers policymakers economic strategists and researchers in social work public health sociology anthropology and political science to design and implement human service interventions for similar communities using techniques of action research community organization and demonstration projects Social Work Intervention in an Economic Crisis shows readers relatively simple and highly effective ways of assessing the social economic situation in their given geographical area This allows professionals to be in touch with their surrounding communities and estimate the clientele to be served their particular needs and their abilities to access services Chapters in Social Work Intervention in an Economic Crisis describe the responses of local institutions the roles of informal and formal support networks and the economic devastation inflicted upon individuals households and whole communities To this end Hide Yamatani Lambert Maguire Robin K Rogers and Mary Lou O Kennedy take the socioeconomic pulse of six communities launching a longitudinal monitoring effort that can be replicated elsewhere for long range planning and intervention Martha Baum Barbara K Shore and Kathy Fleissner address the special problems women face Mary Page and Myrna Silverman focus upon the elderly and their families Phyllis D Coontz Judith A Martin and Edward W Sites look at

fathers facing altered childrearing and Lambert Maguire and Hide Yamatani discuss youth facing altered economic opportunities With this knowledge in hand readers acquire skills for using action research to assess how economic tragedy affects people s lives mobilizing appropriate actors to engage in intervention learning from community groups and leaders about their concerns to work with them rather than for them recognizing the properties of community cohesion versus fragmentation as they affect efforts of renewal identifying individuals and families suffering most under economic devastation realizing the limits of micro level intervention generating macro policies at the state and federal levels disseminating findings from action research and intervention demonstration efforts Finally Social Work Intervention in an Economic Crisis offers proposals for new societal mechanisms that might reduce the impact of future recessions. The findings and policy proposals set forth in this book help households and institutions deal with the effects of economic change which continue to afflict many families and small communities in the 1990s The Economics of Structural Racism Patrick L. Mason, 2023-04-13 This extensive and comprehensive book tracks persistent racial disparities in the US across multiple regimes of structural racism It begins with an examination of the economics of racial identity mechanisms of stratification and regimes of structural racism It analyzes trends in racial inequality in education and changes in family structure since the demise of Jim Crow The book also examines generational trends in income wealth and employment for families and individuals by race gender and national region It explores economic differences among African Americans by region ethnicity nativity gender and racial identity Finally the book provides a theoretical analysis of structural racism productivity and wages with a special focus on the role of managers and instrumental discrimination inside the firm The book concludes with an investigation of instrumental discrimination hate crimes the criminal legal system and the impact of mass incarceration on family structure and economic inequality American Families and the Future Roma S Hanks, Marvin B Sussman, Barbara H Settles, 2015-12-22 As the world heads into the twenty first century individuals and their families are being confronted with a more diverse array of possible life experiences than has ever existed before Changes in longevity marriage fertility employment and many other areas have created new opportunities for individual and family choice and variability in life course experiences American Families and the Future discusses a variety of issues that face and will continue to families in coming years and describes various strategies families can use in their decisionmaking processes This enlightening book is divided into five main sections Demographic Issues Social and Economic Issues Technological Issues Family Process in Shaping the Future and Family Vision in Creating the Future Individual chapters view family problem solving from a variety of perspectives and disciplines American Families and the Future describes recent demographic trends and considers their implications for how individuals and their families plan and prepare for their later adult life reviews health care issues and concerns for the elderly and addresses strategies for self health promotion and illness prevention provides examples illustrating the uses and abuses of data to promote partisan views and agendas outlines a conceptual framework that can be

uses to understand problem solving and decisionmaking by individuals and family groups presents a model that explores family decisionmaking focusing on the conditions under which decisions are made presents findings from a study of early adolescents perceptions of their role in family decisionmaking The book closes with an upbeat discussion of possible solutions to current pathologies affecting human societies and cultures Professionals who work with families will find this book an enlightening and encouraging guide for helping families cope with the myriad issues and choices they face in planning for Kinship and Cohort in an Aging Society Merril Silverstein, Roseann Giarrusso, 2013-09-01 According to family sociologist Vern Bengtson generations within families are important sources of influence change and development Kinship and Cohort in an Aging Society brings together scholars whose common link is their intellectual intersection with the work of Vern Bengtson an esteemed family sociologist whose accomplishments include foundational theoretical contributions to the study of families and intergenerational relations as well as the development of the widely used Longitudinal Study of Generations data set The study began in 1971 and is the basis for Bengtson's highly influential concept and measurement model the intergenerational solidarity conflict paradigm This book serves as an excellent compendium of original research that examines how Bengtson's solidarity model a theory that informs nearly all intergenerational and gerontology sociology work performed today continues to be relevant to scholars and practitioners Written by internationally recognized scholars the book s fifteen chapters are mapped to five major thematic areas to which Bengtson s research contributed family connections grandparents in a changing demographic landscape generations and cohorts micro macro dialectics religion and families in the context of continuity change and conflict and global cross national and cross ethnic concerns Key strengths of the book include the diversity of foci and data sources and the strong attention given to global and international issues Kinship and Cohort in an Aging Society will appeal to scholars working in sociology psychology gerontology family studies and social work **Single Parent Families** Marvin B Sussman, Shirley Hanson, 2014-05-12 Here is a comprehensive source of vital information on single parent families in contemporary society This book analyzes literature and empirical research concerning single parent families and explores issues and challenges they face Contributing authors from many fields and perspectives examine a broad range of subjects relating to families in which one person is primarily responsible for parenting The only state of the art compendium on the topic of single parent families available today the book synthesizes empirical theoretical and contemporary literature about the diversity myths and realities of single parent families in western countries Each chapter contains a demographic overview definitions a literature review and implications for practice research education and social policy Theoretical and conceptual perspectives related to parenting and wider families are included An analysis synthesis and commentary on single parent families concludes the volume Themes highlighted throughout the book include socioeconomic and demographic characteristics of single parent families cultural and ethnic features and legal and ethical components Some chapter topics include single parenthood following divorce single parenthood following death of a

spouse never married teen mothers and fathers female headed homeless families adoptions by single parents noncustodial mothers and fathers grandparents as primary parents single parents of children with disabilities Single Parent Families contains additional resources useful for family professionals an annotated bibliography a video filmography and a national community resource list The book is intended for a multidisciplinary audience including sociologists psychologists health care professionals social workers therapists and other researchers clinicians policymakers and educators An ideal primary or reference text for undergraduate and graduate level programs the book can also serve as a tool for staff development and continuing education in service agencies Families in Troubled Times Rand Conger, 2020-11-25 This book documents the experiences of rural Iowa families who lived through the farm crisis years of the 1980s in a fashion that might help families of the future cope more successfully with economic reversals. The documentation could be used to fashion more effective social policies Families & Change Kevin R. Bush, Christine A. Price, 2020-07-29 Families Change Coping With Stressful Events and Transitions presents current literature detailing families responses to varied transitions and stressful life events over the life span Integrating research theory and application this bestselling text implements interdisciplinary content to address a multitude of both predictable and unpredictable problems and stressors as they relate to family sciences Editors Kevin R Bush and Christine A Price bring together cutting edge research and scholarship to examine issues across the life span and how these factors can be applied across diverse family situations Included with this title The password protected Instructor Resource Site formally known as SAGE Edge offers access to all text specific resources including a test bank and editable chapter specific PowerPoint slides **Health and Poverty** Michael J Holosko, Marvin D Feit, 2021-12-12 Unequal social and health care policies in the United States continue to keep the poor disempowered in situations that not only limit their access to health care services but also the quality of care they receive An overview of health policies in the U S Health and Poverty examines where gaps in social and health care policies exist at the federal state and municipal levels the impact of economic recessions on health care and how our health policies are inextricably linked with political agendas economic priorities and social and cultural values In an attempt to bridge issues of health such as health care and administration costs with issues of social and health policy related to poverty in America this important book explores the need to make fundamental change to the structure of the medical and health care system It contends that the incremental modifications our government has taken have not changed regional and economic disparity granted equal access to services or equal quality of care or eliminated discrimination Providing the political and economic context for understanding health care policy issues and concerns related to the poor Health and Poverty discusses services and programs that achieve more humane outcomes why our cultural values present the greatest challenge toward developing competent accessible and affordable health care for all U S residents barriers to health care for the homeless population with HIV patient dumping how many African American infants and children lack access to primary care physicians or services how the U S focuses on who

receives medical care rather than on how medical care is delivered and received trends in states Medicaid programs the impact of poor working conditions on the physical and emotional health of low income minority populations As Health and Poverty demonstrates universal health care can only become a reality in the U S when reform proposals that divide the public into the deserving and the undeserving are rejected Health care is not a privilege reserved for the middle class and the wealthy It is a basic human right Social workers policymakers health care educators and providers and public administrators need to read this book to find out how that right can be guaranteed to all Americans and why current legislation and health care reform proposals are inadequate for meeting the health care needs of countless men women and children

Resilience Across Contexts Ronald D. Taylor, Margaret C Wang, 2012-12-06 A number of societal risks pose serious challenges to families well being many of which cut across divisions of class and race These challenges include changes in the labor market and economy the increasing participation of mothers in the labor force the changing nature of family structure and the composition of households and the increase in the number of immigrant families Key institutions in the lives of families including places of employment and schools can play a significant role in fostering families capacity to adapt to the potential challenges they face Resilience Across Contexts Family Work Culture and Community presents papers written by leading scholars in varied disciplines including economics developmental and educational psychology education and sociology discussing factors that influence resilience development The authors research focuses on emerging issues that have significant implications for policy and practice in such areas as employment and new technologies maternal employment and family development family structure and family life immigration migration acculturation and education of children and youth and social and human services delivery The book s overall goal is to take stock of what is known from research and practice on some of the challenges facing children and families for policy development and improvement of practices Economic Restructuring and Family Well-Being in Rural America Kristin E. Smith, Ann R. Tickamyer, 2011-01-01 Rural areas have been hit hard by economic restructuring Traditionally male jobs with good pay and benefits such as in manufacturing have declined dramatically only to be replaced with low paying service oriented jobs jobs that do not offer benefits or wages sufficient to raise a family Concurrently rural areas have experienced changes in family life namely an increase in women's labor force participation a decline in married couple families and a rise in cohabitation and single parent families How have rural families coped with these social and economic changes Economic Restructuring and Family Well Being in Rural America documents the intertwined changes in employment and family and explores the outcomes for family well being in rural America Here a multidisciplinary group of scholars examines the impacts of economic restructuring on rural Americans and provides policy recommendations for addressing the challenges they face In addition to the editors the contributors are Cynthia D Anderson Guangging Chi Alisha Coleman Jensen Katherine Jewsbury Conger Nicole D Forry Deborah Roempke Graefe Steven Michael Grice Andrew Hahn Debra Henderson Eric B Jensen Leif Jensen

Marlene Lee Daniel T Lichter Elaine McCrate Diane K McLaughlin Margaret K Nelson Domenico Parisi Liliokanaio Peaslee Jed Pressgrove Jennifer Sherman Anastasia Snyder Susan K Walker and Chih Yuan Weng **Life-Span Development and** Behavior David L. Featherman, Richard M. Lerner, Marion Perlmutter, 2014-01-14 This volume continues the tradition of the Life Span Development Series presenting overviews of research programs on a variety of developmental topics Research and theory in life span development have given increased attention to the issues of constancy and change in human development and to the opportunities for and constraints on plasticity in structure and function across life Acknowledging the need for and existence of interconnection between age and developmental periods it focuses on conditions for possibly discontinuous development that emerge at later periods Contributors to this series are sensitive to the restrictive consequences of studying only specific age periods such as old age infancy or adolescence Each scholar attempts to relate the facts about one age group to similar facts about other age groups and to move toward the study of transformation of characteristics and processes over the life span Negotiating Adolescence in Times of Social Change Lisa J. Crockett, Rainer K. Silbereisen, 2000 The decline of the socialist governments in Eastern and Central Europe and the resulting political and economic reorganizations of the 1990s provided a dramatic illustration of the far reaching effects of social change For those interested in the health and well being of youth such instances of social upheaval raise the guestion of how young people are affected socially and psychologically by societal changes and whether their development is compromised or enhanced This important volume considers the processes through which societal changes exert an impact on the course of adolescent development and identify individual and contextual factors that can modify the impact of social change and enhance the likelihood of a successful transition to adulthood Personal Perspectives on Counseling and Psychotherapy with **African Americans** Jay Thomas Willis M.Ed. MSW,2025-04-02 Personal Perspectives on Counseling and Psychotherapy with African Americans is a book of eleven papers that deal with a variety of topics related to counseling and psychotherapy with African Americans The author wrote these papers several years ago and recently decided to convert them into a book The papers do not for the most part emphasize any particular therapies but speaks to therapy in general **Striving to Save** Margaret Sherrard Sherraden, Amanda Moore McBride, 2010-05-25 Striving to Save will inform and inspire social policy with its breakthrough approach in understanding how low income families make ends meet while striving to make a better life for themselves and their families Scholarly work in savings debt household finance and behavior economics will benefit from this pioneering study that provides real life context for some of the most important issues of our day Tom Shapiro Brandeis University The central contribution of the book is to use original qualitative research to provide readers with a nuanced understanding of the financial difficulties facing low income households their financial decision making processes and their paths to saving and building assets over time The book provides an essential corrective to the unidimensional view of poor households as unable and unwilling to save Michael Barr University of Michigan In Striving to Save Margaret Sherrard

Sherraden and Amanda Moore McBride examine savings in eighty four working families with low incomes including fifty nine families who participated in a groundbreaking program of matched savings and financial education In depth interviews with these families along with savings and survey data shed light on saving in low income households. The book concludes with recommended public policy approaches for increasing savings in households that are striving to save Margaret Sherrard Sherraden is Professor of Social Work at the University of Missouri St Louis Amanda Moore McBride is Assistant Professor of Chronic Neglect Symposium Proceedings, June 27-28, 1993, Social Work at Washington University St Louis Chicago, Illinois ,1993 Handbook of Marriage and the Family Marvin B. Sussman, Suzanne K. Steinmetz, Gary W. Peterson, 2013-06-29 To know where we are going as scholars educators and practitioners in the field of marriage and family life we first need to know where we have been A perusal of early texts on marriage and family life provides some thought provoking insights into the accuracy of the saying what goes around comes around It is interesting to note who has been considered to be in a position to provide information on marriage and family life Included in the eclectic collection of texts we reviewed were ministers whose focus was on spirituality doctors who emphasized medical aspects of child and adult health and public health profes sionals and home economists concerned with fighting disease who emphasized cleanliness order fighting germs and eliminating rodents and insects There are also philosophers who drew from ancient texts when discussing family life and a count who assembled a group of German intellectual elites to address various topics An insightful essay of this type is by Marta Karlweis 1926 in which she notes There is no other fetish that society holds to so firmly as the conception woman with all its usual associations of infantilism and dependence The child requires protection is a minor and consequently a serf but above all it possesses no spiritual existence Neither doctorates or other distinctions nor the right to vote have as yet been able to dispel this sweet idea of the childishness of woman which man cherishes p
