**Jerry White**

## **Families And Their Relatives Kinship In A Middle Class Sector Of London:**

Families and Their Relatives Raymond Firth, Jane Hubert, Anthony Forge, 1970

## **Historical Anthropology of the**

**Family** Martine Segalen, 1986-11-28 Over the past decade or so the social scientific sociological analysis of the family has been obliged to reconsider its traditional view that industrialisation triggered a shift within society from the large family which fulfilled all social functions from socialising the children to caring for the sick and the old to the modern nuclear family which was regarded solely as being the locus for emotional relationships. Historians have shown that in the past there was a variety of family structures within a range of varying demographic economic and cultural frameworks distinctive for each society. At the same time the interaction between sociology and social anthropology has led to a clearer conceptual analysis of that vague polysemic term family and notions of dwelling place descent marriage the relative roles of husband and wife and parent child relations as well as the more general relations between generations have in a variety of past and present social contexts been taken apart and analysed. In this book the author synthesises European and North American historical and social anthropological material on the family that shows the reversal of the frequently held view of the family as an institution in decline showing it instead to be both dynamic and resistant.

Families and their Relatives Hubert Firth, Forge

Firth, 2006-05-10 As increased access to employment and educational opportunities brought dramatic changes to women's lives sociologists began to look at the effect of women's changing roles on their children and families. Based on empirical investigations and personal experience the studies included in the volumes of *The Sociology of Gender and the Family* set out to establish patterns and regularities in social behaviour and to understand the social roles of kinship groups mothers wives children and the elderly.

*The Psychosocial Interior of the Family* Gerald Handel, Gail G. Whitchurch, 1994 This long awaited fourth edition has the same goal as the preceding editions to understand families in terms of the kinds of interaction through which family life is constructed. The changes in the family as an institution have influenced these processes just as they have influenced the ways we understand and write about them. But even in these postmodern circumstances an underlying premise of the volume is that two partners establish a family because they have selected each other as distinctively meaningful to one another. They will affirm modify elaborate or retreat from various aspects of the relationship through interaction over time and in changing circumstances. This volume contains the best available interdisciplinary work on the social psychology of the family. More than half of the selections are new to this edition which incorporates a variety of theoretical and research perspectives that provide the reader with a range of authoritative and up to date sources on the family and interpersonal relations. The newer forms of family organization that have emerged in the more recent literature specifically single parent families stepfamilies and families of gay and lesbian domestic partners are included. Authors have been drawn from a variety of disciplines including sociology communication family studies human development psychology anthropology and social work.

**Old Age in English History** Pat

Thane,2000-05-11 At the end of the twentieth century more people are living into their seventies eighties nineties and beyond a process expected to continue well into the next millennium The twentieth century has achieved what people in other centuries only dreamed of many can now expect to survive to old age in reasonably good health and can remain active and independent to the end in contrast to the high death rate ill health and destitution which affected all ages in the past Yet this change is generally greeted not with triumph but with alarm It is assumed that the longer people live the longer they are ill and dependent thus burdening a shrinking younger generation with the cost of pensions and health care It is also widely believed that the past saw few survivors into old age and these could be supported by their families without involving the taxpayer In this first survey of old age throughout English history these assumptions are challenged Vivid pictures are given of the ways in which very large numbers of older people lived often vigorous and independent lives over many centuries The book argues that old people have always been highly visible in English communities and concludes that as people live longer due to the benefits of the rise in living standards far from being burdens they can be valuable contributors to their family and friends

**Women and Ageing in British Society since 1500** Lynn Botelho,Pat Thane,2014-07-30 Women have always made up the majority of older people this examination of the lives of elderly women in Britain in the period 1500 to the present reveals attitudes towards the ageing process It sheds light on household structures as well as wider issues including the history of the family the process of industrialisation the poor law and welfare provision and questions many common beliefs about elderly women particularly that female old age was a time of poverty and want An important book for students of history and sociology alike

**Regimes of Comparatism** ,2018-11-05 Historically all societies have used comparison to analyze cultural difference through the interaction of religion power and translation When comparison is a self reflective practice it can be seen as a form of comparatism Many scholars are concerned in one way or another with the practice and methods of comparison and the need for a cognitively robust relativism is an integral part of a mature historical self placement This volume looks at how different theories and practices of writing and interpretation have developed at different times in different cultures and reconsiders the specificities of modern comparative approaches within a variety of comparative moments The idea is to reconsider the specificities the obstacles and the possibilities of modern comparative approaches in history and anthropology through a variety of earlier and parallel comparative horizons Particular attention is given to the exceptional role of Athens and Jerusalem in shaping the Western understanding of cultural difference Contributors are Matei Candea Philippe Descola Renaud Gagn Simon Goldhill Anthony Grafton Caroline Humphrey Dmitri Levitin Geoffrey Lloyd Joan Pau Rubi s Jonathan Sheehan Marilyn Strathern Guy Stroumsa and Phiroze Vasunia

Anthropological and historical sciences. Aesthetics and the sciences of art Jacques Havet,2019-06-04 No detailed description available for Anthropological and historical sciences Aesthetics and the sciences of art

**Social Change and Politics** Morris Janowitz,2017-07-05 This classic study deals with social control in advanced industrial society especially the

United States and particularly the half century after World War I The United States is representative of Western advanced industrial nations that have been faced with marked strain in their political institutions These nation states have been experiencing a decline in popular confidence and distrust of the political process an absence of decisive legislative majorities and an increased inability to govern effectively that is to balance and to contain competing interest group demands and resolve political conflicts Janowitz uses the sociological idea of social control to explore the sources of these political dilemmas Social control does not imply coercion or the repression of the individual by societal institutions Social control is rather the face of coercive control It refers to the capacity of a social group including a whole society to regulate itself Self regulation implies a set of higher moral principles beyond those of self interest Since the end of World War II the expanded scope of empirical research has profoundly transformed the sociological discipline The repeated efforts to achieve a theoretical reformulation have left a positive residue but there have been no new conceptual breakthroughs that are compelling This book is a concerted and detailed effort organize and to make sense out of the vastly increased body of empirical research

**Christmas and the British: A Modern History** Martin Johnes, 2016-10-06 The modern Christmas was made by the Victorians and rooted in their belief in commerce family and religion Their rituals and traditions persist to the present day but the festival has also been changed by growing affluence shifting family structures greater expectations of happiness and material comfort technological developments and falling religious belief Christmas became a battleground for arguments over consumerism holiday entitlements social obligations communal behaviour and the influence of church state and media Even in private it encouraged reflection on social change and the march of time Amongst those unhappy at the state of the world or their own lives Christmas could induce much cynicism and even loathing but for a quieter majority it was a happy time a moment of a joy in a sometimes difficult world that made the festival more than just an integral feature of the calendar Christmas was one of British culture s emotional high points Moreover it was also a testimony to the enduring importance of family shared values and a common culture in the UK Martin Johnes shows how Christmas and its traditions have been lived adapted and thought about in Britain since 1914 Christmas and the British is about the festival s social cultural and economic functions and its often forgotten status as both the most unusual and important day of the year

**Will You Still Need Me, Will You Still Feed Me, When I'm 84?** Doris Francis, 1984-04-22 Many ethnographic monographs are praise worthy on conceptual and methodological grounds some combine solid contributions to knowledge with trenchant social policy recommendations a few are eminently readable This work is excellent on all three counts For academic libraries at all levels and public libraries Choice A compelling and touching portrait of the problems of growing old This pioneering study compares the ways two groups have adapted to and coped with being aged in contemporary urban society

**The Essential Edmund Leach: Anthropology and society** Edmund Ronald Leach, Senior Research Fellow James Laidlaw, 2000-01-01 This volume contains a selection of Edmund Leach s writings on society taken largely though not

exclusively from the early part of his career It includes such essays as Rethinking Anthropology and extracts from Political Systems of Highland Burma

**Anthropology in the City** Italo Pardo, Giuliana B. Prato, 2016-05-23 With half of humanity already living in towns and cities and that proportion expected to increase in the coming decades society both Western and non Western is fast becoming urban and even mega urban As such research in urban settings is evidently timely and of great importance Anthropology in the City brings together a leading team of anthropologists to address the complex methodological and theoretical challenges posed by field research in urban settings clearly identifying the significance of the anthropological paradigm in urban research and its centrality both to mainstream academic debates and to society more broadly With essays from experts on wide ranging ethnographic research from fields as diverse as China Europe India Latin and North America and South East Asia this book demonstrates the contribution that empirically based anthropological analysis can make to our understanding of our increasingly urban world

**Towards a Chinese Conception of Social Support** Angelina W.K. Yuen-Tsang, 2018-12-07 First published in 1997 this volume is an attempt to study the patterns of social support among Chinese working mothers in a Beijing neighbourhood with the aim of developing a beginning understanding of the Chinese conception of social support The data indicates great variations in the support relationships experienced by the 27 Chinese working mothers interviewed on their social support and support relationships Angelina W K Yuen Tsang aims to understand the existing patterns of social support to develop an initial understanding of the Chinese conception of social support through the grounded theory method and to explore the implications of the Chinese conception of social support on social work practice and social work intervention in the PRC She argues that the introduction of formal social work interventions to supplement the informal networks is therefore envisaged to be a necessary and inevitable trend of development in the People's Republic of China

**Love, Loyalty and Deceit** Hugh Firth, Loulou Brown, 2023-09-15 How much do we really know about our parents lives What secrets lie in plain sight This is the true story of hidden love within a small circle of some of the most acclaimed anthropologists of the 20th century Told by Rosemary and Raymond Firth's son and the daughter of Celia and Edmund Leach the man Rosemary loved all her life this part love story part biography part social history is the tale of a highly influential circle of social anthropologists in Britain from the 1930s through the Second World War to the end of the century The book explores their early influences their insecurities their flaws struggles and achievements It is a story of passion and commitment but also of deceit and betrayal including the inexplicable disappearance death and alleged murder of a very close friend It also narrates Rosemary's struggles for emotional and intellectual independence in the face of societal expectations of women and her own guilt loss and self doubt From the Prologue Rosemary loved many people in many different ways but she loved two men in particular throughout most of her life One was her husband Raymond Firth regarded by some as among the founding fathers of social anthropology Yet she also retained a passionate devotion to her first love Edmund Leach who would subsequently become the public intellectual face of

social anthropology in the later 1960s Both separately and together they were part of the process of defining the nature of this still growing discipline in the first part of the mid twentieth century      **National Library of Medicine Current**

**Catalog** National Library of Medicine (U.S.),1971 First multi year cumulation covers six years 1965 70      **The Means Of Naming** Stephen Wilson,2003-09-02 First published in 2004 Routledge is an imprint of Taylor Francis an informa company

**The Gender-technology Relation** Keith Grint,Rosalind Gill,1995 Begins a series that will examine from a sociological perspective both men and women within the same frame of reference focusing on their different experiences and the interactions between them Eight papers explore such gender dimensions of technology as the uses of the telephone the configuration of domestic practices in the design of household appliances new reproductive technologies defining women in the British Cervical Screening Program a Norwegian computer hacker culture and negotiating a software career Annotation copyright by Book News Inc Portland OR      London in the Twentieth Century Jerry White,2009-11-10 Jerry White s London in the Twentieth Century Winner of the Wolfson Prize is a masterful account of the city s most tumultuous century by its leading expert In 1901 no other city matched London in size wealth and grandeur Yet it was also a city where poverty and disease were rife For its inhabitants such contradictions and diversity were the defining experience of the next century of dazzling change In the worlds of work and popular culture politics and crime through war immigration and sexual revolution Jerry White s richly detailed and captivating history shows how the city shaped their lives and how it in turn was shaped by them      **Women Attached** Jacqueline Tivers,2024-11-20 Originally published in 1985 Women Attached was one of the first empirical studies in geography to deal with the special problems of women with young children Even within sociology and psychology there were very few studies in this area at the time Within geography the study of this population sub group was certainly a new departure However it was impossible to make meaningful sense of the structure of daily lives and activities of women without taking in to account the nature and impact of constraints on such activities Young children being the most clearly visible constraint in women s lives Therefore one aim of the research project was to relate empirical findings to the existing social science literature dealing with constraints on activities This book was an attempt to redress the balance slightly in favour of women s activities and specifically focuses on a group of women who had only rarely been the subject of research interest at the time Today it can read in its historical context

### **Families And Their Relatives Kinship In A Middle Class Sector Of London Introduction**

In the digital age, access to information has become easier than ever before. The ability to download Families And Their Relatives Kinship In A Middle Class Sector Of London has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Families And Their Relatives Kinship In A Middle Class Sector Of London has opened up a world of possibilities. Downloading Families And Their Relatives Kinship In A Middle Class Sector Of London provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Families And Their Relatives Kinship In A Middle Class Sector Of London has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Families And Their Relatives Kinship In A Middle Class Sector Of London. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Families And Their Relatives Kinship In A Middle Class Sector Of London. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Families And Their Relatives Kinship In A Middle Class Sector Of London, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Families And Their Relatives Kinship In A Middle Class Sector Of London has transformed the way we

access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

### **FAQs About Families And Their Relatives Kinship In A Middle Class Sector Of London Books**
