Families, Intimacy and Globalization Raelene Wilding,2018-03-13 Growing numbers of partners parents children grandchildren and siblings are living far away from each other yet their opportunities to stay in touch have never been greater Smartphones tablets and personal computers are used by parents in London to care for their children in the Philippines Refugees use phones and international transfers to send money and support to parents overseas Funerals weddings and anniversaries prompt return visits by plane and are streamed online to kin around the world The mechanisms

and processes of globalization are transforming the ways in which people do and think about their families Families Intimacy and Globalization examines their experiences charting the tensions between the freedoms and choices of late modern individuals on the one hand and the constraints of relational ties of love and obligation on the other which produce the floating ties of global families and intimate relationships Using detailed examples from all corners of the globe and across the life course from internet dating to parenting to aged care this thought provoking book examines the transformation of relationships by the processes of migration and the cultural and economic flows that are central to globalization **Foreign Service Career-candidate Guidebook** United States.
