

FAMILY VALUES

When someone says they have "family values", they typically mean that they put their family above all else.

WHAT IT MEANS

Key ideas that family values might entail include:

- Valuing behaviors and morals that are conducive to the raising of children
- Valuing the behaviors and morals that were given to you by your parents
- Valuing and loving your family above all else

EXAMPLES

- **Loyalty** plays a crucial role in building strong and healthy families. It refers to the commitment that members have towards each other.
- **Quality time** is an essential family value because it's only through spending time together do parents pass-on morals and ethics to their children.
